

City of Glasgow College Wi-Fi Connecting on Windows 8.1 Phones

Wireless Network: eduroam

The wireless network **eduroam** is available at our Riverside and City Campus sites and Halls of Residence. Eduroam is a secure wireless service which has been developed for the education community. College students and staff as well as visitors, from participating organisations, can use the eduroam wireless network which allows filtered Internet access.

This network is filtered as per the College's Acceptable Use Policy. When you connect to the College network, you are agreeing to the terms of the Acceptable Use Policy and the Janet eduroam UK policy (copies are available on request).

How to access eduroam:

- Your device must support WPA2 Enterprise in order to be able to connect to eduroam.
- Go to the **Apps** list and tap **Settings** → **WiFi**.
- Verify Wi-Fi is turned on. From the **Available WiFi Networks** section tap on **eduroam** to connect.
- Enter the same username and password that you use for connecting to the College network followed by **@cogc.ac.uk** at the end of your username and click **done**.

Identity:

Students: MyCity username e.g. 123456@cogc.ac.uk

Staff: College network username e.g. asmith@cogc.ac.uk

Password: Your My City/ College network password

Server Certificate Validation: Always ask me

EAP Method: PEAP MSCHAP v2

- If you are prompted with a **QuoVadis** security certificate for **RIV-0M-ISE-01.cogc.ac.uk**, you must **accept** this certificate to proceed.
- Once you are successfully authenticated, you will automatically connect to **eduroam** within the College and at other **eduroam** institutions, without having to re-enter your username and password.
- If you have any questions, or need any help, please contact the Operations Helpdesk on 0141 271 6600.
