WELCOME

City of Glasgow College is Scotland's largest technical and professional skills college with a choice of over 1,200 flexible-study courses. Our twin site super-campus in the heart of Glasgow offers outstanding resources and the opportunity to gain essential skills in your chosen area. With the Coronavirus pandemic ongoing, the safety and wellbeing of students and staff continues to be our top priority. A flexible model of online and on-campus (restriction rules permitting) learning and teaching will be delivered throughout academic year 2021/22.

Marking 10 years since our creation, City of Glasgow College offers a unique mix of courses that will prepare you for work in areas such as the arts, media, business and finance, engineering and nautical studies, construction, beauty, hospitality, education and much more.

Your learning is our goal, and we're proud to say that over 90% of successful students progress directly to further learning, apprenticeships or employment. And, in the past ten years, we have supported over 100,000 graduates in acquiring recognised qualifications.

Whatever your ambitions or abilities, our courses will help you take the first steps towards achieving your goals. We carefully structure our courses to offer a ladder of opportunity so you can start with a short course and, should you wish, move on to more advanced courses.

Our students come from a wide range of backgrounds, cultures, ages and abilities; our diversity helps everyone to feel at home. There's a lot to take in when you start college – meeting new people, managing your workload, finding your way around, financing your studies – but we are here to support you and help you to settle in.

We look forward to welcoming you to City of Glasgow College and wish you every success with your studies.

INSPIRATION | EXCELLENCE | INNOVATION

TOP TEN REASONS FOR CHOOSING OUR COLLEGE

AWARD-WINNING CAMPUSES

State-of-the-art learning facilities include industry standard TV, radio and photography studios, professional kitchens, fully operational ship's engine room and ship simulator, and hair & beauty salons.

COURSE CHOICE

Over 1,200 courses across 4 faculties reflect our specialisms in certain fields along with different ways to attend college including full-time, part-time day, evening and Saturday mornings.

CITY CENTRE LOCATION

Our two campuses are just 15 minutes' walk apart, easy to reach from all main transport hubs and close to great entertainment, restaurants and shops.

EXCELLENT REPUTATION

We are in the top two in the UK for WorldSkills. Our students and staff regularly win many national and international awards.

EXCELLENT STAFF

Courses come to life thanks to exceptional teaching staff with industry experience as well as a range of guest lecturers.

SUPPORT FOR LEARNING

Access our helpful services for all students, including finance and personal support.

UNIVERSITY PROGRESSION

Guaranteed progression places with four Scottish universities.

BUSINESS LINKS

We know what employers want and work closely with industry partners and employers to enable you to graduate with relevant industry skills.

EMPLOYABLE GRADUATES

Enter the job market with an internationally recognised qualification and work-ready skills.

DIVERSITY

Our students come from all walks of life and a wide range of age groups. We welcome students from 130 different countries and we are one of the largest colleges in the UK for International activity.

OUR CAMPUSES

Our state-of-the-art campus buildings have been meticulously designed to offer superb facilities for our students and to meet and adapt to the changing needs of future generations.

CITY CAMPUS

190 Cathedral St
Glasgow G4 0RF
0141 375 5555

City Campus is in the heart of Glasgow's Learning Quarter within easy reach of all the main transport links and walking distance of the City Centre.

RIVERSIDE CAMPUS

21 Thistle St
Glasgow G5 9XB
0141 375 5555

Situated on the banks of the River Clyde our Riverside Campus is a world-respected Maritime and STEM Centre of Excellence. Linked to the campus is our student accommodation offering students a safe, secure, clean and welcoming environment.

HOW TO APPLY

Applying to City of Glasgow College is easy. For courses starting in August/September, online applications will open in January of that year and for courses starting in January, online applications will open in October of the previous year. Our course information pages tell you what the minimum entry requirements are for each course.

Our admissions procedures aim to treat everyone who applies fairly so, if you meet the entry qualifications for the course, and we have places available, we'll offer you an interview. Our professional and supportive teaching staff will guide you through the interview process and selection will be based on your performance at interview and any other selection criteria where appropriate.

Can I apply for more than one course?

Choose up to two courses and list your choices in order of preference — we'll start with your first choice when considering your application. If this is unsuccessful, or the course is full, we'll move on to your second choice. This gives everyone a better chance of securing their first choice course.

What do I need to apply?

You'll be asked to complete a simple registration process to create your account. You'll need a current email and we'll use this to contact you throughout the admissions process. Once you've set this up, you can:

- Complete the application form.
- Book an interview date and time (Interviews will begin from February for August start courses).
- View your course choices.
- Accept or decline any offers.
- Pre-Enrol.

You'll be asked a number of questions when completing your application, such as:

- If you are a UK National and have lived in Scotland all your life - This helps us determine what your eligibility might be for course fees and funding.
- Qualifications you have or are working towards - If you don't have the minimum entry requirements we'll refer your application to the Curriculum Team to decide whether

to progress with your application. Therefore, please ensure you include relevant work experience and a personal statement.

- Applicants whose first language is not English should have minimum ESOL Intermediate level 2 or equivalent.
- Personal statement - this is so that you can, in your own words, tell us a bit about yourself, why your chosen course(s) interests you and why you're suitable for the course(s). We recommend that you prepare your personal statement in advance, then simply paste it into the application form.
- We'll ask you to disclose any disability, for example a mental health condition, learning difficulty or physical impairment. Your answers are treated confidentially and will be shared with our Learning Support team who'll contact you to discuss support needs (if you have been made an offer).
- You'll also be asked about whether you are care-experienced, or have responsibilities as a young carer. Your answers are treated confidentially and will be shared with our Student Advisors who will provide a named advisor for you to contact for help.

For further information on the support we provide please visit our Student Support page on our website.

What if I can't apply online?

We can help you complete a paper application. Call Student Services on 0141 375 5191.

I've booked my interview; what happens now?

You'll receive an email confirming the date, time and location, plus what you'll you need to bring, e.g. a copy of your qualifications. For design courses, you might also be asked to show a portfolio or examples of your work. If you cannot attend your interview, please contact Student Services.

What else should I know about the interview?

We've only a limited number of places on each course and we only offer interview times if there are still places available. This means that you may need to wait for an interview date if we're still processing the outcomes of previous interviews. Also, because we make offers as we go along, the course might be full by the time you attend. If this happens we will make every effort to let you know before you attend an interview.

However, more interview dates sometimes become available if people don't turn up or do not accept their offer. Please bear this in mind — we'll progress your application in date order and as quickly as we can.

What happens next?

If you get a place on your first choice course, we will automatically cancel your second choice when you accept your offer to give others a chance. If your first choice course is full, we'll let you know and put you on the waiting list. We'll then progress to your second choice and let you know the decision on each choice. If both your choices are full, we may offer you an alternative course.

Sometimes if a course is full and you've had a successful interview we may offer you a reserve place. This means that you're top of the list if someone else drops out.

What should I do after receiving my offer?

Once you receive an offer, you must accept or decline within two weeks. If we don't hear from you, we'll cancel the offer.

When you accept your Definite Offer you can then Pre-Enrol. Induction information will be sent to you 4-6 weeks before the course starts.

What if I change my mind?

If you no longer want your place, or wish to change to another course area, please contact us immediately.

How will I know if I'm not successful?

If you don't meet the entry requirements for a course, we'll let you know. We may offer you an alternative course, or invite you for an interview to discuss your options. If you meet the entry requirements but don't receive any offers, we'll also put you in touch with our Careers Advisors, who'll advise you what to do next.

What if all my course choices are full?

If one of your course choices is full, we'll put you on the waiting list and progress your second choice. If all your course choices are full and you want to be considered for something else or need advice, please contact us.

You can track the progress of your application by logging in to your MyApplications account.

If you have any questions, please contact Student Services on 0141 375 5191 or applications@cityofglasgowcollege.ac.uk

MONEY MATTERS

Most college students get financial support towards the cost of studying. For example, most students do not have to pay course fees and many students receive support towards their living expenses. The financial support you get depends on the level of course you study. For more detailed information, please visit our website www.cityofglasgowcollege.ac.uk

FE FUNDING

Further Education (FE) Courses Level 6 or below on the Scottish Credit & Qualifications Framework.

Educational Maintenance Allowance (EMA) – 16-17 year olds can get £30 per week depending on household income.

Further Education Bursary – main source of help with living expenses, travel and study costs for those over 18 years of age. How much you receive is based on your age and house income.

Care Experienced Bursary – this is available for students who have been in local authority care.

Travel – Travel funding is available to all eligible students who live 2 or more miles from their campus.

Help for Students with a Disability – If you need help because of a disability you may be eligible for additional support from the bursary fund e.g. help with the cost of private transport (taxi).

For further information please contact the Student Funding Team on 0141 375 5190 or studentfunding@cityofglasgowcollege.ac.uk

HE FUNDING

Higher Education (HE) Courses Level 7 or above on the Scottish Credit & Qualifications Framework.

Students apply to the Student Awards Agency Scotland (SAAS). For more detailed information, please visit their website: www.saas.gov.uk. You can apply for:

Fees – SAAS will pay fees for most Scottish-domiciled students but you must apply.

Independent Students Bursary – This is a grant of £1,000 for independent students where household income is below £17,000.

Young Student Bursary – A grant of up to £2,000 for students under 25 where household income is below £34,000. It's based on your parent/guardian's income and doesn't need to be paid back.

Student Loan – You don't have to take out a Student Loan but it's the main source of living expenses for most students. You'll only repay the loan after you've left college or university and are earning more than £18,390.

Care Experienced Bursary – This is a grant of £8,100 for students who have been in care at some point in their lives. There is no Student Loan for these students.

Lone Parent Grant / Dependant's Grant – These are additional grants and don't need to be paid back. If you're a lone parent or live with a dependant adult, SAAS can award an extra grant to help you.

Disabled Students Allowance (DSA) – If you are disabled or have an additional learning need and meet the eligibility criteria, our Learning Support Team can assess your needs and submit an application on your behalf. You must be studying at HNC/HND level or above and be willing to provide supporting evidence to confirm your disability or learning difficulty.

OTHER FUNDS

AVAILABLE AT COLLEGE

Childcare Fund – help for students with dependent children in formal/registered childcare. The priority groups for childcare support are lone parents and low-income families.

Hardship Funds – help for students who might experience financial hardship while at college.

Support For Learning – in addition to the Disabled Students Allowance offered by SAAS the college can offer practical support with equipment etc.

For further information please contact the Student Advisors on 0141 375 5192 or studentadvisors@cityofglasgowcollege.ac.uk

LEARNING SUPPORT

Do you have a disability, health condition or an additional support need that could impact on your time at college?

We are here to help. The first step is letting us know.

You can discuss your particular needs with a member of the team who will create your Personal Learning Support Plan (PLSP), which is tailored to your needs.

HOW DOES THE COLLEGE SUPPORT INDIVIDUAL STUDENTS?

The support we offer students can include:

- Sign language interpreters.
- Electronic note-takers.
- Education Support Workers (for example, to read, scribe and note-take for you).
- Equipment loan (including laptops and digital voice recorders).
- Recommended adaptation of teaching, learning or assessment materials.
- Workshops or one-to-one support in Study Skills (including strategies and techniques to support success).
- Alternative Assessment Arrangements (AAA).
- Assessing fundable need in support of a Disabled Students Allowance application (HNC/D).

HOW TO ACCESS THE LEARNING SUPPORT TEAM

- Drop in to one of our College Learning Support locations: Level 2 of City Campus and Ground floor of Riverside Campus.
- Call us on 0141 375 5510.
- Email: learningsupport@cityofglasgowcollege.ac.uk

There's more information on our website: www.cityofglasgowcollege.ac.uk/learning-support

INTERNATIONAL STUDENTS

We offer a huge range of world-class courses and study options and are delighted to offer international students a warm welcome to studying with us in Scotland.

DID YOU KNOW?

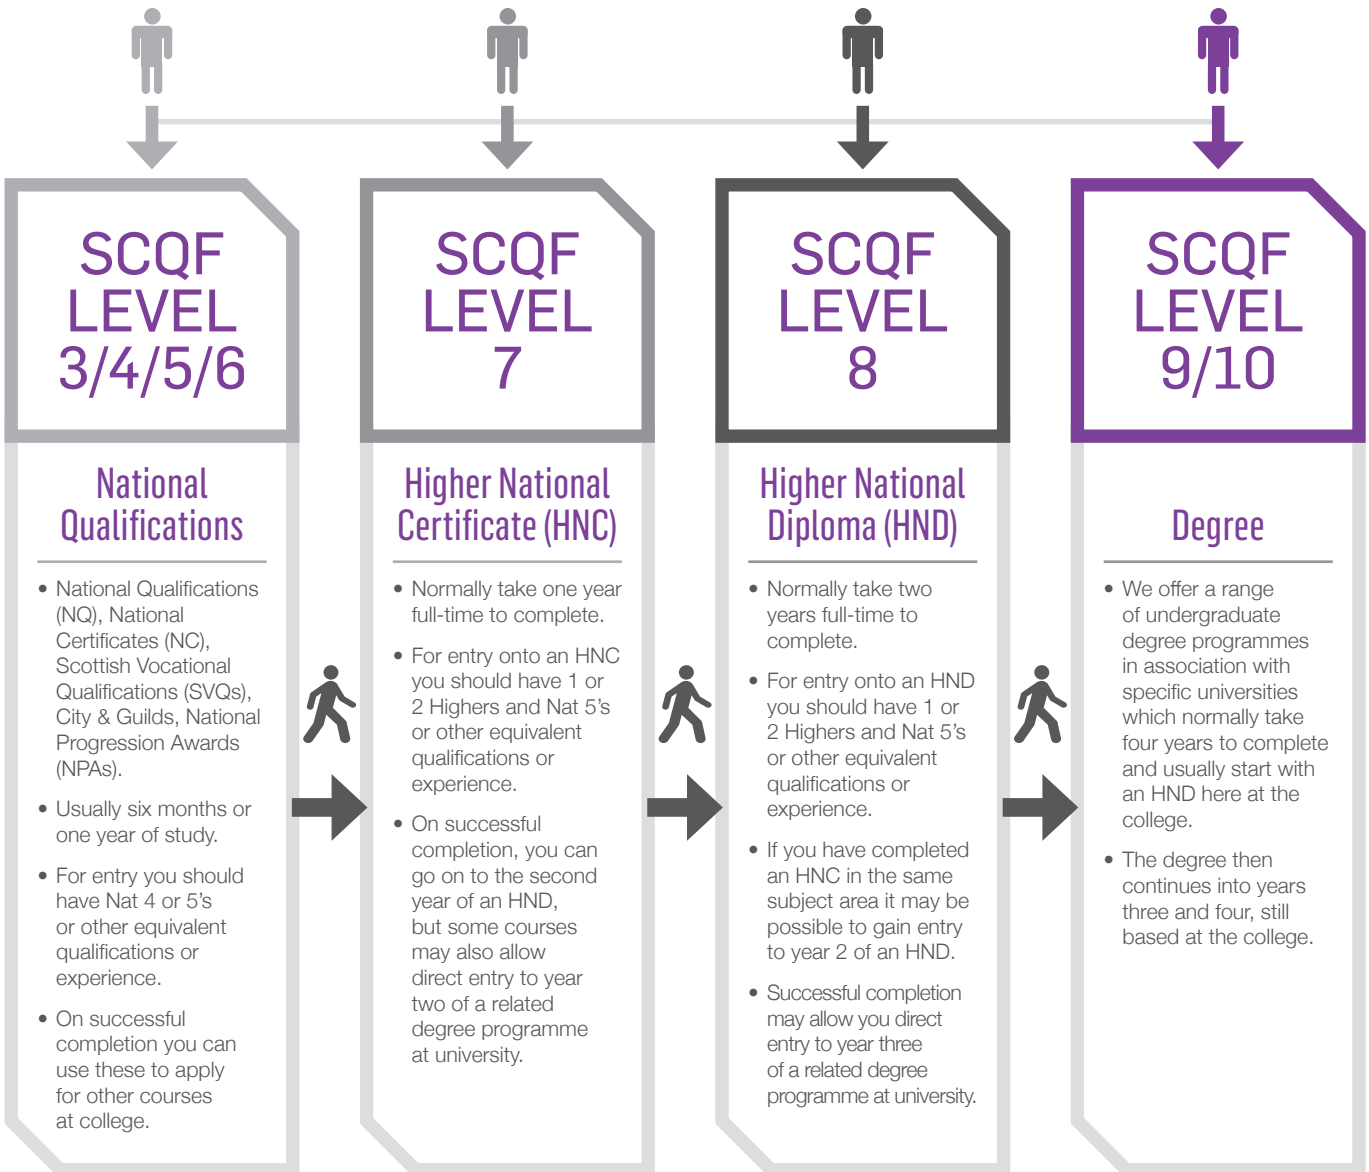
- **WINNER** UKCISA INTERNATIONAL STUDENT SUPPORT 2016
- **CITY CENTRE LOCATED CAMPUS**
- **TIER 4 SPONSOR**
- **ACCOMMODATION ON CAMPUS**

For further assistance contact the International team:
Tel: +44(0) 141 375 5282 or Email: international@cityofglasgowcollege.ac.uk

STUDENT JOURNEY

When you look at our courses you'll see that many have a qualification in the course title followed by a level from The Scottish Credit and Qualifications Framework (SCQF).

We have shown below where our courses fit into the SCQF Framework and, depending on what level of qualifications you have, we have shown what level of course you can apply for at the college (although there may be some exceptions).



You can view an interactive version of the SCQF Framework at **www.scqf.org.uk**.

Full details on all entry requirements for our courses can be found on our website **www.cityofglasgowcollege.ac.uk**.

MODERN APPRENTICESHIPS

At City of Glasgow College we offer a range of Modern Apprenticeship programmes. These include:

- Hairdressing
- Procurement
- Customer Service
- Business and Administration
- Management
- Maritime Operations
- ICT
- Barbering
- Engineering

MAs are funded through Skills Development Scotland and are aimed at anyone over the age of 16, in employment, who wishes to earn a wage while they learn. From day one you will have a real job, with real pay, gaining skills and hands-on experience, whilst working towards an industry-recognised qualification.

Call us on **0141 375 5160/5166** to chat to one of our dedicated Workforce Development Team who will be happy to help, or you can email us at **apprenticeships@cityofglasgowcollege.ac.uk**.

QUICK REMINDER

The information below applies to the majority of our courses:

- If you don't have the required qualifications, we'll consider you for a place based on your experience. Please contact us for more information.
- This prospectus details the minimum entry requirements for courses. However, there are some courses which have additional selection requirements, e.g. practical assessments, portfolio, audition.
- If you meet the minimum entry requirements, and there are still places available, you'll be invited for a group and/or individual interview. At interview, you will have the opportunity to find out more about the course and tell us why you are interested in this subject area.
- If you are thinking about going to university after college, please check individual university entry requirements. They may look for additional Highers and/or qualifications as well as an HNC/HND from college.
- Once you've finished your course, you have the option to move onto a higher-level course or you can go into related employment. Full details on progression and career opportunities are available on our website.
- On some of our two-year HND courses you can choose to leave after one year of study with an HNC.
- Some HND courses accept students directly into the 2nd year of the HND.
- Information in this prospectus is correct at time of going to print; however during the year it may become necessary to make changes. Our website has all the latest information about the college and our courses.

CREATIVE INDUSTRIES

ART 15
BUILT ENVIRONMENT 18
DESIGN 26
MEDIA 36
VISUAL COMMUNICATIONS 42

We have an outstanding range of courses in the creative industries, taught and supported by experts from across many fields. Our creative subjects include photography, construction, surveying, art and design, computer games and media.

As well as our high-quality teaching, we have industry-standard TV, radio and photographic studios and our own radio station, offering real-life experience and training. Start your exciting creative journey here and progress to a career in this growing sector.

Our classes are delivered online, on campus and/or at external locations, depending on the requirements of the course.

ART

ART & DESIGN: CREATIVE PRINTMAKING **NQ**

(SCQF Level 6)

Course overview

You'll develop creative and technical skills in printmaking, drawing, photography and digital design. This is a practical, project-based course that will allow you to explore a range of media through demonstrations, tutorials and workshops.

Minimum entry requirements

- Two National 4 qualifications in English and Art or Graphic Communication; OR
- Other equivalent qualifications or experience.

Contact

john.carberry@cityofglasgowcollege.ac.uk

CREATIVE PRINTMAKING **HND**

(SCQF Level 8)

Course overview

This two-year HND course offers you the opportunity to develop your creative skills through the use of traditional and contemporary printmaking, diverse drawing processes and digital media. You will explore key printmaking techniques and media supplemented by technical and creative skills in digital media, drawing and mixed media as well as contextual studies.

Minimum entry requirements

Year one:

- Higher Art and Design at Grade C or above AND National 5 English at Grade C or above; OR
- NC/NQ qualification in Print, Art and Design, Graphic Design or Illustration; OR
- Other equivalent qualifications or experience.

Year two:

- HNC Creative Printmaking; OR
- First-year HND Creative Printmaking.

Contact

john.carberry@cityofglasgowcollege.ac.uk

ART & DESIGN: FINE ART PORTFOLIO **NQ**
(SCQF Level 6)

Course overview
This is a robust and exciting introduction to the study of fine art and gives you the opportunity to build up a rich and varied portfolio of work. The course will help you develop key practical artistic skills and will help enhance your understanding of contemporary art in general. You will be encouraged to develop your creativity and your awareness of specialist skills and techniques, taking ownership of your own unique creative voice.

Minimum entry requirements
- National 5 Art and Design and National 5 English at Grade C or above; OR
- Other equivalent qualifications or experience.

Contact
evelyn.dewar@cityofglasgowcollege.ac.uk

FINE ART **HNC**
(SCQF Level 7)

Course overview
This course includes both traditional and innovative art practices. It gives you a broad visual education in contemporary art practice. You'll develop your skills in a range of specialist disciplines and increase your awareness and knowledge of conceptual thinking. It also gives you the opportunity to develop and strengthen a portfolio of artwork.

Minimum entry requirements
- Higher Art and Higher English at Grade C or above AND two National 4 qualifications; OR
- NQ Art and Design; OR
- Other equivalent qualifications or experience.

Contact
evelyn.dewar@cityofglasgowcollege.ac.uk

FINE ART **HND**
Year 2 Direct Entry (SCQF Level 8)

Course overview
This stimulating and creative course includes both traditional and innovative practices. It will give you a broad visual education in contemporary art practice. You'll develop your skills in a range of specialist disciplines and increase your awareness and knowledge of conceptual thinking. It also offers an opportunity to develop individual practice in relation to your own interests.

Minimum entry requirements
- HNC Fine Art or equivalent.

Contact
evelyn.dewar@cityofglasgowcollege.ac.uk

CONTEMPORARY ART PRACTICE **BA (HONS)**
(SCQF Level 9)

Course overview
This is a practice-based degree, where you'll have opportunities to explore two and three-dimensional art as well as lens-based and digital disciplines. You'll have opportunities through your studies for professional placements in the arts and for curation and self-promotion. Critical thinking and writing are also central to the course. This course is delivered by the City of Glasgow College and validated by the University of the West of Scotland.

Minimum entry requirements
- HND in Contemporary Art Practice (or equivalent) with a good pass in the graded unit; OR
- Relevant professional experience.
- You must also meet the general admission requirements of the University and apply via UCAS.

Contact
evelyn.dewar@cityofglasgowcollege.ac.uk

PHOTOGRAPHY **NQ**
(SCQF Level 6)

Course overview
If you're interested in learning about photography, then the NQ Photography course is the perfect starting point. It allows you to develop a wide variety of skills in a range of very hands-on projects, using studio equipment, working on location and, where possible, working in our traditional black-and-white darkroom.

You'll be trained in working in a photographic studio set-up and be able to develop your creative ideas using a wide variety of digital and film cameras, lighting equipment and specialist kit.

Minimum entry requirements
- Two National 5 qualifications at Grade C or above including English and a design/creative subject; OR
- Other equivalent qualifications or experience.

Contact
suzanne.galloway@cityofglasgowcollege.ac.uk

PHOTOGRAPHY **HND**
(SCQF Level 8)

Course overview
This practical course will allow you to expand upon your existing photographic skills and takes you beyond the basics during your first year of study, introducing a range of specialist techniques and genres which you will probably not have experienced before. During the second year, you will add to your experience, building skills and knowledge while focussing on the areas of the creative industries you might wish to work in after your studies.

Minimum entry requirements
Year one:
- NC/NQ in Photography; OR
- Higher Photography at Grade C or above AND National 5 English at Grade C or above; OR
- Other equivalent qualifications or experience AND
- A portfolio of your photographic work, both digital and printed.

Year two:
- HNC in Photography; OR
- First-year of HND Photography.

Contact
suzanne.galloway@cityofglasgowcollege.ac.uk

PHOTOGRAPHY **BA (HONS)**
(SCQF Level 9/10)

Course overview
In this course you'll develop the practical and critical skills needed for a practising photographer. Guest lectures and workshop sessions are an important element, with opportunities for business, entrepreneurship and enterprise activities. A self-directed approach to your studies will allow you to tailor your portfolio towards your own photographic interests. During the fourth year of this course you'll focus on and develop your skills and knowledge towards your own photographic goals. This photography degree is delivered by the City of Glasgow College and validated by the University of the West of Scotland.

Minimum entry requirements
- HND in Photography.
- You will be interviewed and assessed on your portfolio.
- You must also meet the general admission requirements of the University and apply via UCAS.

Contact
john.carberry@cityofglasgowcollege.ac.uk

BUILT ENVIRONMENT

BUILT ENVIRONMENT **NQ**
(SCQF Level 6)

Course overview
Would you like to work in the construction industry in roles such as Quantity Surveyor or Architectural technician? This course offers a nationally recognised qualification that prepares you for an entry-level technician position in the construction industry, or paves the way for further study. Although theory-based, the course offers practical site visits to help you place your learning in context, with opportunities found within Glasgow wherever possible. This course is a great launchpad for a career in the construction industry.

Minimum entry requirements
- Three National 5 qualifications at Grade C or above including English, Mathematics and a Science subject; OR
- Other equivalent qualifications or experience.

Contact
mark.cameron@cityofglasgowcollege.ac.uk

BUILT ENVIRONMENT **HNC**
(SCQF Level 7)

Course overview
This course is a technician-level qualification that will provide you with the basics you'll need to enter a career as a Construction Manager within the built environment. During this course you will develop your technical knowledge and understanding, develop and apply critical reasoning and analysis skills to solve construction problems using industry standards, and develop your personal and business skills.

Minimum entry requirements
- One Higher at Grade C or above in an appropriate subject such as English, Mathematics or a Science subject; OR
- National Qualification at SCQF level 6 in Built Environment; OR
- Other equivalent qualifications or experience.

Contact
mark.cameron@cityofglasgowcollege.ac.uk

CONSTRUCTION MANAGEMENT **HND**

(SCQF Level 8)

Course overview

The HND Construction Management course is a technician-level qualification that combines a broad-based construction-industry-specific first-year curriculum with a more specialist second-year curriculum, teaching you the skills you need for employment in this highly demanding sector.

Minimum entry requirements

Year one:

- Two Highers at Grade C or above in appropriate subjects such as English, Mathematics or a Science subject; OR
- National Certificate at SCQF level 6 in Built Environment; OR
- Other equivalent qualifications or experience.

Year two:

- HNC Built Environment; OR
- It may also be possible to gain entry with an HNC in Construction Management. This will depend on the units that have been covered in the HNC. Students who gain entry with this qualification will require a bespoke infill programme, so each application will be considered on an individual basis.

Contact

mark.cameron@cityofglasgowcollege.ac.uk

BUILDING SURVEYING **HND**
(SCQF Level 8)

Course overview
This technician-level qualification combines a broad-based first-year curriculum with a more specialist second-year curriculum, which will provide you with the skills required for employment in this sector.

Minimum entry requirements
Year one:
- Two Highers at Grade C or above in appropriate subjects such as English, Mathematics or a Science subject; OR
- National Certificate in Built Environment at SCQF level 6; OR
- Other equivalent qualifications or experience.

Year two:
- HNC Built Environment; OR
- It may also be possible to gain entry with an HNC in Building Surveying. This will depend on the units that have been covered in the HNC. Students who gain entry with this qualification will require a bespoke infill programme, so each application will be considered on an individual basis.

Contact
mark.cameron@cityofglasgowcollege.ac.uk

ARCHITECTURAL TECHNOLOGY **HND**
(SCQF Level 8)

Course overview
This exciting course is offered over two years. In the first year, you will learn various aspects of the construction industry. You'll develop skillsets to encourage collaborative working and a team-based attitude to work. In the second year, the units are specialised to Architectural Technology, including project-based, design-led units such as Conversion and Adaptation of Buildings, CAD Architecture and 3D Modelling.

Minimum entry requirements
Year one:
- Two Highers at Grade C or above in appropriate subjects such as English, Mathematics or a Science subject; OR
- National Certificate in Built Environment at SCQF level 6; OR
- Other equivalent qualifications or experience.

Year two:
- HNC Built Environment; OR
- It may also be possible to gain entry with an HNC in Architectural Technology. This will depend on the units that have been covered in the HNC. Students who gain entry with this qualification will require a bespoke infill programme, so each application will be considered on an individual basis.

Contact
stuart.bradnam@cityofglasgowcollege.ac.uk

COMPUTER AIDED ARCHITECTURAL DESIGN AND TECHNOLOGY **HND**

(SCQF Level 8)

Course overview

This exciting architectural design-led course links you with contemporary architectural practice. You will learn through a mix of design studio, innovative construction technology, architectural history, model-making, sketching, 2D/3D CAD drawings and visualisation models, and professional practice units.

Minimum entry requirements

Year one:

- Two Highers at Grade C or above in appropriate subjects such as English, Graphics, Product Design or a Science subject; OR
- National Certificate at SCQF level 6 in a relevant subject area; OR
- Other equivalent qualifications or experience.

Year two:

- It may be possible to gain entry with an HNC in Computer Aided Architectural Design and Technology. This will depend on the units that have been covered in the HNC. Students who gain entry with this qualification will require a bespoke infill programme, so each application will be considered on an individual basis AND
- You should also have a sound knowledge and be a competent user of ICT.

Contact

stuart.bradnam@cityofglasgowcollege.ac.uk

QUANTITY SURVEYING **HND**

(SCQF Level 8)

Course overview

The HND in Quantity Surveying is a technical level qualification that combines a construction industry specific first-year curriculum with a more specialist second-year curriculum that equips you with the skills required for employment in this specialist industry sector. Quantity Surveyors (also known as Construction Cost Consultants or Commercial Managers) manage all costs relating to building and civil engineering projects, from the early design plans through to completion. Quantity Surveyors seek to minimise the costs of a project and enhance value, while still achieving the required standards and quality.

Minimum entry requirements

Year one:

- Two Highers at Grade C or above including Mathematics or a Science subject; OR
- National Certificate in Built Environment at SCQF level 6; OR
- Other equivalent qualifications or experience.

Year two:

- HNC Built Environment; OR
- It may also be possible to gain entry with an HNC in Quantity Surveying. This will depend on the units that have been covered in the HNC. Students who gain entry with this qualification will require a bespoke infill programme, so each application will be considered on an individual basis.

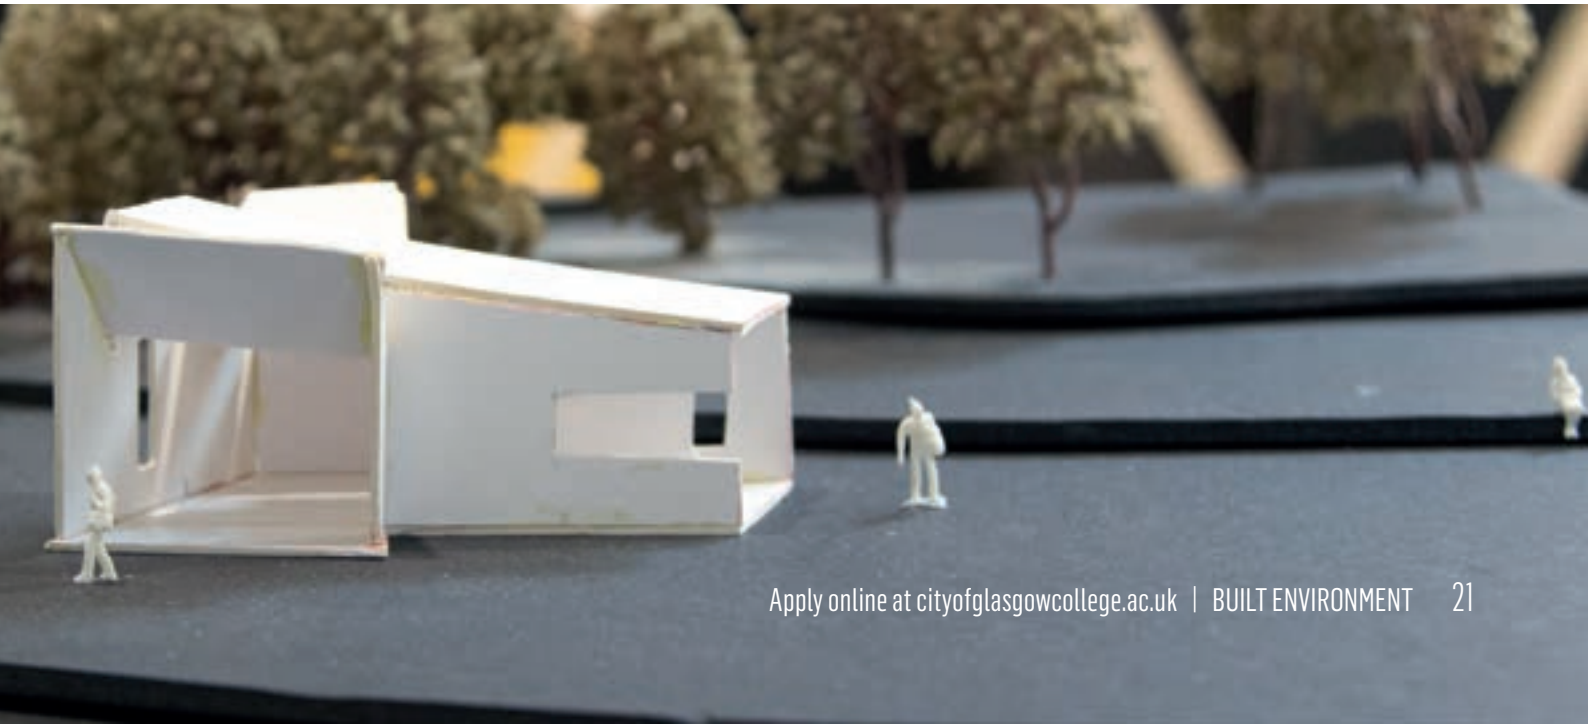
stuart.bradnam@cityofglasgowcollege.ac.uk



CIVIL ENGINEERING **HNC**
(SCQF Level 7)

Course overview
This course is designed to give you an overview of the industry and covers a broad range of subjects. You may then be eligible to progress into 2nd year of a Civil Engineering HND or related degree course after which you can choose what area within civil engineering you wish to specialise in, such as structures, environmental, and transportation.

Minimum entry requirements
- Two Highers at Grade C or above including Mathematics or a Science subject; OR
- National Certificate in Civil Engineering at SCQF level 6; OR
- Other equivalent qualifications or experience.

Contact
stuart.bradnam@cityofglasgowcollege.ac.uk

EXTENDED CERTIFICATE IN CONSTRUCTION SKILLS **CITY AND GUILDS**
(SCQF Level 3)

Course overview
This course provides you with an introduction to the construction industry. During this course you'll be taught by staff with significant construction industry experience where you'll gain experience and knowledge in a variety of construction trades, including bricklaying and plastering.

This 6-month course starts in August and January.

Minimum entry requirements
- There are no formal entry requirements.

scott.anderson@cityofglasgowcollege.ac.uk

CONSTRUCTION CRAFTS **NQ**
(SCQF Level 4)

Course overview
This is a course for those looking to further their knowledge of construction but who may not have decided on a specific trade. It will provide basic knowledge of many trades, allowing you to figure out what direction you want to take your construction career. This course offers you practical, transferable skills and theoretical knowledge of the construction industry to help you find a job.

Minimum entry requirements
- One National 3 (SCQF Level 6) qualification; OR
- Other equivalent construction-based qualifications or experience.

Contact
daniel.mcfadden@cityofglasgowcollege.ac.uk

BUILDING SERVICES ENGINEERING **NPA**
(SCQF Level 5)

Course overview
This is a vocational qualification giving you practical opportunities for developing real skills that are valid and relevant in the Building and Engineering Services sector. You will gain a wide range of skills, practices and knowledge across a range of subject areas including Plumbing and Electrical operations, Energy and the Environment, Science and Health and Safety. It will also better prepare you for a career in the Building Services Engineering sector and allow you to make an informed choice about the most appropriate career option.

This course starts in January or August.

Minimum entry requirements
- You must demonstrate an interest in Building Services Engineering
- Two National 4 qualifications preferably in English, Mathematics or Physics; OR
- Other equivalent qualifications or experience.

Contact
kenneth.martin@cityofglasgowcollege.ac.uk

HERITAGE SKILLS AND TECHNOLOGY **NQ**
(SCQF Level 6)

Course overview
This course is ideal if you're looking to pursue a career in the construction industry at a technical level. Offering specially designed, national validated SQA units, the course is taught by staff with real experience in the industry and a proven track record of bringing out the best in students. It offers a mix of craft and technical units, combined with theoretical and practical learning in both classrooms and workshops.

Minimum entry requirements
- Two National 4 qualifications including English and Mathematics or a Science subject; OR
- Other equivalent qualifications or experience.

Contact
david.currie@cityofglasgowcollege.ac.uk

DESIGN

FURNITURE **NQ**
(SCQF Level 5)

Course overview
In this project-based course, you'll cover all the main skills used in the furniture manufacturing industry, including craft timber and upholstery. Working in our fully equipped workshops, you'll also learn about wood finishing and how changes in culture and lifestyle affect furniture. In addition, you'll gain experience in both modern and traditional methods of furniture production.

Minimum entry requirements
- Two National 5 qualifications at Grade C or above; OR
- Other equivalent qualifications or experience.

Contact
scott.harvey@cityofglasgowcollege.ac.uk

FURNITURE CRAFTSMANSHIP WITH DESIGN **HND**
(SCQF Level 8)

Course overview
This course encourages you to develop practical skills through manufacture and to express yourself through design. You'll be encouraged to study in depth the construction of furniture, to develop and build designs and to hone your skills in cabinet-making, upholstery and wood-finishing.

Minimum entry requirements
Year one:
- NC/NQ Furniture Making; OR
- Higher Craft and Design/Design and Manufacture at Grade C or above AND National 5 English at Grade C or above; OR
- Other equivalent qualifications or experience.

Year two:
- HNC Furniture Craftsmanship with Design; OR
- First-year HND Furniture Craftsmanship with Design.

Contact
kevin.mcgrane@cityofglasgowcollege.ac.uk

FURNITURE RESTORATION **HND**
(SCQF Level 8)

Course overview
This course will allow you to develop your skills in furniture analysis and practical solutions through workshop activities. You'll study the history of furniture design and materials as well as the construction, upholstery and finishing of period furniture. You'll also restore items of furniture throughout this course.

Minimum entry requirements
Year one:
- NC Furniture Making; OR
- Higher Craft and Design at Grade C or above AND National 5 English at Grade C or above; OR
- Other equivalent qualifications or experience.

Year two:
- HNC Furniture Restoration; OR
- First-year HND Furniture.

Contact
mark.russell@cityofglasgowcollege.ac.uk

ACTING AND PERFORMANCE **HNC**

(SCQF Level 7)

Course overview

This course develops the skills you require for acting and performance. It will focus on the practical skills required by the actor while also supporting the practical experiences with knowledge of theatre and performance.

Minimum entry requirements

- Two Highers at Grade C or above including English; OR
- NQ Drama; OR
- Other equivalent qualifications or experience.

Contact

joanna.d'annunzio@cityofglasgowcollege.ac.uk

ACTING AND PERFORMANCE **HND**

Year 2 Direct Entry (SCQF Level 8)

Course overview

This course allows direct entry to year two of the HND Acting and Performance course and builds on the skills acquired in HNC Acting and Performance by developing knowledge and awareness of the craft of acting. It is designed for those who are interested in becoming actors, drama teachers or drama workers.

Minimum entry requirements

- Direct entry to year two may be possible on successful completion of the HNC Acting and Performance with 15 credits and positive recommendation from course tutors.

Contact

joanna.d'annunzio@cityofglasgowcollege.ac.uk

ART & DESIGN: INTERIOR DESIGN **NQ**
(SCQF Level 6)

Course overview
This course offers you an ideal first step into the interior design industry, providing you with the theoretical and practical knowledge and skills required to begin your career journey. You'll learn the knowledge and skills necessary to work on projects - from initial conceptual ideas to a fully functional interior design scheme you could present to a commercial client.

Minimum entry requirements
- National 5 Art and Design and National 5 English at Grade C or above; OR
- Other equivalent qualifications or experience.

Contact
barbara.aitkenhead@cityofglasgowcollege.ac.uk

3D DESIGN: INTERIOR DESIGN **HNC**
(SCQF Level 8)

Course overview
You will develop design skills from the basis of a sketchbook using CAD alongside manual techniques, while developing an understanding and planning of three-dimensional spaces for a specific user group.

You'll discuss, develop and create design proposals from challenging design briefs. You will be encouraged to critically evaluate your own and others' work, share ideas and ultimately design spaces that will create a positive experience for the user. Creativity is developed through the design process via a broad range of dynamic commercial design projects, live projects, collaborations and competitions.

Minimum entry requirements
- Higher Art and Design at Grade C or above AND Higher English at Grade C or above
- NQ Interior Design or related subject; OR
- Other equivalent qualifications or experience.

Contact
barbara.aitkenhead@cityofglasgowcollege.ac.uk

3D DESIGN: INTERIOR DESIGN **HND**
Year 2 Direct Entry (SCQF Level 8)

Course overview
This course builds on the skills and knowledge gained in HNC Interior Design and allows you to further develop the creative, analytical, technical and professional skills required for a career in interior design. This course can also lead to further study in HE, and allow access to degree programmes in interior design and related fields, at various levels.

Minimum entry requirements
- Successful completion of an HNC Interior Design course or HND1 Interior Design, together with a strong portfolio and excellent reference from a course lecturer.
- Places for direct entry to the second year of HND are limited and dependent on the number of our first year students who are progressing.

Contact
barbara.aitkenhead@cityofglasgowcollege.ac.uk

ART & DESIGN: PRODUCT DESIGN **NQ**
(SCQF Level 6)

Course overview
This course gives you an introduction to the basic principles of product design, including the creative, research, technical and analytical skills required of a professional product designer. This is a practical project-based course where you'll use your creativity and knowledge to work on a range of product design briefs using 2D and 3D Computer Assisted Drawing programmes.

Minimum entry requirements
- National 5 Art and Design and National 5 English at Grade C or above; OR
- Other equivalent qualifications or experience.

Contact
keith.moir@cityofglasgowcollege.ac.uk

3D DESIGN: PRODUCT DESIGN **HNC**
(SCQF Level 7)

Course overview
You'll take part in an exciting and comprehensive programme of product design. You'll learn about new materials, CAD and how to use manufacturing processes, as well as developing 3D prototypes. You'll work through all the stages of the design process through a number of projects, producing presentation boards for clients to review.

Minimum entry requirements
- Two Highers at Grade C or above including English and one from Design and Manufacture, Product Design, Graphic Communication or Art and Design; OR
- NQ Product Design or related discipline (eg Furniture Design) or equivalent qualifications or experience.

Contact
douglas.mcquilken@cityofglasgowcollege.ac.uk

3D DESIGN: PRODUCT DESIGN **HND**
Year 2 Direct Entry (SCQF Level 8)

Course overview
This is a challenging course where you take part in an exciting and comprehensive programme of product design. You'll learn about new materials, CAD and how to use manufacturing processes, as well as developing 3D prototypes. You'll work through all the stages of the design process through a number of projects, producing presentation boards for clients to review.

The course gives you the skills required for employment in this high-demand industry sector.

Minimum entry requirements
- HNC Product Design; OR
- First year HND Product Design.

Contact
douglas.mcquilken@cityofglasgowcollege.ac.uk

MODEL MAKING FOR TV AND FILM **NQ**

(SCQF Level 6)

Course overview

On this course you'll develop practical skills in the fields of model or prop-making for TV, film and theatre, architecture, product design, prototypes, museums, cosplay etc. You'll be introduced to the basic skills in the design and construction of a wide variety of types of model through project-based units.

Minimum entry requirements

- Two National 5 qualifications at Grade C or above including Art & Design, Design & Manufacture, Product Design or English; OR
- Other equivalent qualifications or experience.

Contact

joanna.d'annunzio@cityofglasgowcollege.ac.uk

3D DESIGN: MODEL MAKING FOR THE CREATIVE INDUSTRIES **HND**

(SCQF Level 8)

Course overview

This course is aimed at students who have some practical skills in crafts, art and design and who have an interest in working in the fields of model or prop-making for TV, film and theatre, architecture, product design, prototypes, museums, cosplay etc.

You'll develop skills in the design and construction of a wide variety of types of model through project-based units. Projects are varied to cater for a broad range of interests and to allow as much individual creative input as possible.

Minimum entry requirements

Year one:

- NQ Model Making or related subject; OR
- One Higher at Grade C or above including Art, Design & Manufacture, Product Design or Graphic Communication AND National 5 English at Grade C or above; OR
- Other equivalent qualifications or experience.

Year two:

- HNC 3D Design: Model Making for the creative industries; OR
- First year HND 3D Design: Model Making for the creative industries.

Contact

simon.atkinson@cityofglasgowcollege.ac.uk

ART & DESIGN: APPLIED ARTS **NQ**
(SCQF Level 6)

Course overview
You'll develop skills in various techniques of handling ceramic, jewellery and art glass materials. You'll learn design and drawing skills and understand the practical applications of various media, firing techniques and the use of workshop and studio equipment.

Minimum entry requirements
- National 5 Art and Design and National 5 English at Grade C or above; OR
- Other equivalent qualifications or experience.

Contact
peter.kiernan@cityofglasgowcollege.ac.uk

APPLIED ARTS **HND**
Year 2 Direct Entry (SCQF Level 8)

Course overview
This is a challenging course where you take part in an exciting and comprehensive programme of design and specialist craft studies. The course is project-based and you'll explore your own creativity. Projects concentrate on designing, exploring and making, drawing and personal expression. This course could provide you with a variety of work suitable for a portfolio, with an emphasis on applied art techniques in art glass, applied ceramics, jewellery, textiles and performance costume.

Minimum entry requirements
- HNC Applied Arts.

Contact
peter.kiernan@cityofglasgowcollege.ac.uk

APPLIED ARTS **HNC**
(SCQF Level 7)

Course overview
You'll take part in an exciting and comprehensive programme of design and specialist craft studies. The course is project-based, and you'll be concentrating on designing, exploring and making, drawing and personal expression. The course could provide you with a variety of work for your portfolio with an emphasis on techniques in art glass, applied ceramics, jewellery, textiles and performance costume.

Minimum entry requirements
- Two Highers at Grade C or above in Art and English AND two National 4 qualifications; OR
- NQ Art and Design; OR
- Other equivalent qualifications or experience.

Contact
fiona.ferguson@cityofglasgowcollege.ac.uk

ART GLASS **HNC**
(SCQF Level 7)

Course overview
You will take part in an exciting and comprehensive programme of design and specialist Art Glass studies. The course is project-based, and you'll be concentrating on designing, exploring and making, drawing and personal expression. The course could provide you with a variety of work suitable for a portfolio, with an emphasis on Art Glass. Although we teach making skills on the course, it's an advantage to have experience in working in 2D and 3D and also making skills in different media.

Minimum entry requirements
- Higher Art and Design at Grade C or above AND two National 5 qualifications at Grade C or above; OR
- NC/NQ in an Art and Design subject; OR
- Other equivalent qualifications or experience.

Contact
kimberley.armstrong@cityofglasgowcollege.ac.uk

JEWELLERY ARTS AND TECHNOLOGY **NQ**
(SCQF Level 6)

Course overview
This course will teach you a comprehensive range of skills in Jewellery Design and Manufacture, with a design-led focus. You will be encouraged to develop your own creative ideas and will be taught how to translate these ideas into finished, 3D pieces of jewellery. The course will cover basic areas such as metal forming, piercing, soldering, stone setting and design work. There is a strong ethos of ethical making and sustainability, which will be embedded into your learning.

Minimum entry requirements
- National 5 Art and Design and National 5 English at Grade C or above; OR
- Other equivalent qualifications or experience.

Contact
eilidh.wood@cityofglasgowcollege.ac.uk

JEWELLERY ARTS AND TECHNOLOGY **HND**
(SCQF Level 8)

Course overview
This course will teach you a comprehensive range of skills with a design-led focus. You'll use new technology with traditional techniques, pushing boundaries of material exploration, and developing skills in emerging technologies with access to Laser cutting and 3D Printing. To reflect the constant changes within the industry, we work closely with a range of industry partners and update course content to ensure you receive relevant skills and qualifications.

Minimum entry requirements
Year one:
- Higher Art and Design at Grade C or above AND National 5 English at Grade C or above; OR
- NC/NQ in an Art and Design subject; OR
- Other equivalent qualifications or experience.

Year two:
- HNC in Jewellery; OR
- First year of HND Jewellery.

Contact
colin.thomson@cityofglasgowcollege.ac.uk

DESIGN PRACTICE **BA (HONS)**
(SCQF Level 9)

Course overview
This course will be predominantly practice-based with a focus on understanding the multi-disciplinary skills required to work in the creative industries. The course will allow you to work both individually and with others from a variety of different design backgrounds. This approach will allow you to respond in a new way by developing a collaborative approach to your practice. The Design Practice course is delivered by City of Glasgow College and validated by the University of the West of Scotland.

Minimum entry requirements
- HND in a design subject with a minimum 'B' in both graded units, such as: Applied Arts, Furniture Design, Visual Communication, Graphic Design, Illustration, Interior Design, Jewellery Design, Model Making or Product Design.

You can apply directly to City of Glasgow College (applications open in Jan) or via UCAS.

Contact
john.baird@cityofglasgowcollege.ac.uk

MEDIA

MEDIA **NQ**
(SCQF Level 6)

Course overview
This course provides the knowledge and skills you'll need to kick-start your career in the creative media industries. Your course is delivered by highly qualified lecturers who have a wealth of experience within the media industry. Highly practical, it prepares you for a wide variety of media occupations.

Minimum entry requirements
- Two National 5 qualifications at Grade C or above including English; OR
- Other equivalent qualifications or experience.

Contact
david.mckinney@cityofglasgowcollege.ac.uk

MEDIA AND COMMUNICATION **HNC**
(SCQF Level 7)

Course overview
This wide-ranging and multi-faceted course will help you to develop a broad base of media skills suitable for higher education and employment in the modern, convergent media and communications industries.

Minimum entry requirements
- Higher English or Higher Media Studies at Grade C or above; OR
- NC Media or related subject; OR
- Other equivalent qualifications or experience.

Contact
david.mckinney@cityofglasgowcollege.ac.uk

CREATIVE INDUSTRIES: MEDIA AND COMMUNICATION **HND**
Year 2 Direct Entry (SCQF Level 8)

Course overview
This highly practical course prepares you for higher education and media industry employment. On this course, the teaching staff have a wide variety of media experience and you can expect media guest speakers and professional workshops.

Minimum entry requirements
- HNC Media & Communication with minimum B at Graded Unit 1.

Contact
david.mckinney@cityofglasgowcollege.ac.uk

CREATIVE INDUSTRIES: PROFESSIONAL WRITING SKILLS **HNC**
(SCQF Level 7)

Course overview
This course will help you to develop the skills you'll need to work in a variety of fields including professional writing. We cover scripting for TV and radio, short story writing, poetry, and journalism, as well as vital freelance skills and industry knowledge.

Minimum entry requirements
- Higher English at Grade B or above or relevant group of units (e.g., Literature 1, Communication 4); OR
- Other equivalent qualifications or experience.

Contact
david.mckinney@cityofglasgowcollege.ac.uk

PRACTICAL JOURNALISM **HND**
(SCQF Level 8)

Course overview
Journalists must have the essential skills of writing and research but are now expected to record sound, shoot video and edit on digital systems. They are also increasingly expected to produce their own web content. This course has been developed to ensure that you are well versed and practised in the digital skills which are the future of journalism. This is a skills specific course suitable only for those who have a desire to pursue journalism as a career.

Minimum entry requirements
Year one:
- Higher English at Grade C or above; OR
- NC Media or related subject; OR
- Other equivalent qualifications or experience AND
- Some practical skills in IT, including word-processing, email and internet.

Year two:
- HNC Practical Journalism; OR
- First-year of HND Practical Journalism.

Contact
david.mckinney@cityofglasgowcollege.ac.uk

CREATIVE INDUSTRIES: TELEVISION **HNC**
(SCQF Level 7)

Course overview
This ScreenSkills Select accredited course develops the skills you need for television production. It is designed to focus on the creative and practical skills required in single camera and studio production, while supporting practical experience of camera, sound, lighting, directing, editing and production management. In partnership with ARTEUS Post Production.

Minimum entry requirements
- Higher English at Grade C or above AND two National 5 qualifications; OR
- NC Media; OR
- Other equivalent qualifications or experience.

Contact
james.wilson@cityofglasgowcollege.ac.uk

TELEVISION PRODUCTION **NQ**
(SCQF Level 6)

Course overview
We'll show you the professional way to create great content, from studio-based programmes to short films. You'll learn industry-specific skills like camera, editing, scriptwriting, sound and lighting. We'll teach you how to plan and schedule your shoot, and you'll experience the challenges and rewards of working in a production crew, both in our state-of-the-art television studio and out on location.

Minimum entry requirements
- Two National 5 qualifications at Grade C or above including English; OR
- Other equivalent qualifications or experience.

Contact
james.wilson@cityofglasgowcollege.ac.uk

CREATIVE INDUSTRIES: TELEVISION **HND**
Year 2 Direct Entry (SCQF Level 8)

Course overview
This ScreenSkills Select accredited course will help you to develop skills in all areas of television production, including camera, sound, editing, sound dubbing and lighting. An ideal course if you're interested in TV, film, video, broadcast and working in a studio environment. In partnership with ARTEUS Post Production.

Minimum entry requirements
- HNC Television with 15 credits; OR
- Relevant television experience.

Contact
james.wilson@cityofglasgowcollege.ac.uk

TELEVISION **BA (HONS)**
(SCQF Level 9)

Course overview
This course covers broadcast television, studio and location work, research, scriptwriting and new media. You'll be well placed to apply for a limited number of competitive internship placements at STV and other local production companies offering valuable hands-on experience in video, broadcast, editing and online production.

Minimum entry requirements
- HND Creative Industries TV; OR
- Relevant television experience.

Contact
james.wilson@cityofglasgowcollege.ac.uk

CREATIVE INDUSTRIES: RADIO **HNC**
(SCQF Level 7)

Course overview
The primary focus of this course is on practical skills and making radio programmes. You may produce and present regular programmes for the college radio station, City Radio, and the course may also provide opportunities to work with major professional radio stations. You will work across a range of radio types and genres, including music and speech-based radio, news, sport, documentaries and commercials.

Minimum entry requirements
- Higher English at Grade C or above AND two National 5 qualifications; OR
- NC Media; OR
- Other equivalent qualifications or experience.

Contact
david.mckinney@cityofglasgowcollege.ac.uk

CREATIVE INDUSTRIES: RADIO **HND**
Year 2 Direct Entry (SCQF Level 8)

Course overview
This course builds on the skills you developed in the HNC. The focus is still on programme-making, but goes beyond radio and develops a more sophisticated skillset – technical, production and creative. This course is an excellent opportunity for you to study and train for a career in radio production.

Minimum entry requirements
- HNC Creative Industries: Radio including A or B in graded unit one.

Contact
james.wilson@cityofglasgowcollege.ac.uk

MARKETING COMMUNICATIONS **NQ**
(SCQF level 6)

Course overview

Course overview

This course is designed to provide you with the knowledge and skills you will need for a career in the care sector. You will be well prepared for environments such as residential care and nursing care for older adults, resource centres for people with learning disabilities as well as many other care services within the community. You will consider who needs care, what provision is available and crucially, the roles and responsibilities of the care worker.

Minimum entry requirements

- Five National 5 qualifications at Grade C or above including English; OR
- NC level 5 Care; OR
- Other equivalent qualifications or experience.

Contact

vanessa.telfer@cityofglasgowcollege.ac.uk

SOCIAL SERVICES **HNC**
(SCQF Level 7)

Course overview
This course will provide you with the values, skills and knowledge you need to work effectively in a range of care settings. You will focus on the values that underpin practice in social care settings including the importance of the Health and Social Care Standards and the Scottish Social Services Council Codes of Practice and how these inform practice in the field. You will develop the skills required to work with a range of service users, preparing for employment in a care setting. This course can also help prepare those who are looking to move on to university including to the Degree in Social Work.

Minimum entry requirements
- Two Highers at Grade C or above, preferably with one being English; OR
- NPA Health and Social Care plus one Higher; OR
- National Qualification at SCQF level 6 in a related subject; OR
- Candidates with SVQ3 in a related area will be considered; OR
- Applicants without these qualifications but with significant relevant experience will also be considered.

Contact
vanessa.telfer@cityofglasgowcollege.ac.uk

CITYWORKS **NQ**
(SCQF Level 3)

Course overview
This course is designed for students with additional support needs who are interested in finding work-based training and employment.

The focus of this course is work experience; however, you will study a range of SQA qualifications. You will be involved in horticulture placements in our college gardens and allotment while also working in our community-based café. You will also have the opportunity to work in other areas across the college such as housekeeping, catering and reception.

Minimum entry requirements
- English at National 3, Numeracy at National 3.
- Able to travel independently.
- Additional Support Needs.

Contact
irene.quinn@cityofglasgowcollege.ac.uk

DEVELOPMENT PROGRAMMES **NQ**
(SCQF Level 2)

Course overview
This course is for students with additional support needs who are interested in developing independence and employability skills and who are keen to progress to adult education, training and employment. The course will build on existing skills in a variety of vocational contexts including hospitality, horticulture, retail, housekeeping, administration and catering.

Minimum entry requirements
- National 2 English, National 2 Numeracy.
- Working towards independent travel.
- Ability to cope in a class of 10 – 12.
- Additional Support needs.

Contact
laura.main@cityofglasgowcollege.ac.uk

PROJECT SEARCH EMPLOYABILITY PROGRAMME
(SCQF Level 3)

Course overview
This course is for people on the autistic spectrum who want to increase their employment prospects. It is part of a partnership between the City of Glasgow College, Glasgow City Council Supported Employment Services, Autism Network Scotland and the University of Strathclyde. You will complete three work placements called rotations; each rotation will develop skills across a range of settings including hospitality, catering, estates and support services.

Minimum entry requirements
- Be on the Autistic Spectrum.
- Be between 18 years and 24 years.
- Be able to travel independently.
- Be able to get on well with others.
- Be enthusiastic about working five days a week and being on time every morning.
- Due to funding constraints, you must be a City of Glasgow Council resident.

Contact
siobhan.martin@strath.ac.uk

TRANSITIONS PROGRAMME **NQ**
(SCQF Level 3)

Course overview
This course is designed for students with Asperger's Syndrome who require some support in making a successful transition to Further Education. We try to find a balance of subjects that you want to learn and those that you need to learn in order to succeed in an adult learning environment. A key part of the course is regular 1:1 guidance to ensure you are on track, and this ensures that we take a proactive approach to help students manage their next transition – usually to mainstream programmes at NC or HN.

Minimum entry requirements
- Aware of own diagnosis.
- National 3 English and Numeracy.
- Able to travel independently.

Contact
jacqueline.george@cityofglasgowcollege.ac.uk

TRANSITIONS PROGRAMME **NQ**
(SCQF Level 4)

Course overview
This course is designed for students with additional support needs who are interested in developing independence and employability skills. This programme is designed for students who are keen to progress to adult education, training and employment. The course is designed to build on existing skills in a variety of vocational contexts including hospitality, horticulture, retail, housekeeping, administration and catering. Class sizes of 10 – 12 mean you are well supported and part of the programme involves learning how to operate in a large college environment.

Minimum entry requirements
- Aware of own diagnosis.
- National 3 English and Numeracy.
- Able to travel independently.

Contact
jacqueline.george@cityofglasgowcollege.ac.uk

SOCIAL SCIENCES

SOCIAL STUDIES **ACCESS**
(SCQF Level 5)

Course overview

- NQ/NC qualification at SCQF level 6 in a sports related subject; OR
- Other equivalent qualifications or experience.

Year two
- An HNC Sport Coaching qualification with 15 credits. This ensures you do not need to study additional units to complete the 30 credits in the second year.

Contact
elspeth.mccallum@cityofglasgowcollege.ac.uk

SPORTS THERAPY **NQ**
(SCQF Level 6)

Course overview
This course prepares you for further study by introducing you to human physiology and body massage, as well as sports mechanics and other relevant subjects. The course is a blend of practical subjects which take place in the sports clinic, the gym and the classroom.

Minimum entry requirements
- Three National 5 qualifications at Grade C or above in a relevant* subject; OR
- National Qualification at SCQF level 5 in a sports related subject; OR
- Other equivalent qualifications or experience.

* Relevant subjects include: English, Biology, Chemistry, Physics, P.E., Mathematics and Geography.

Contact
paul.rooney@cityofglasgowcollege.ac.uk

SOFT TISSUE THERAPY **HNC**
(SCQF Level 7)

Course overview
This new course will award successful participants with an SMA level 4 qualification. The knowledge and skills taught on the course will advance your knowledge and understanding of anatomy, physiology and management of sports injury. The course focuses heavily on sports massage, with the same structure as the first year of HND Sports Therapy.

Minimum entry requirements
- Two Highers at Grade C or above in a relevant* subject; OR
- National Qualification at SCQF level 6 in a sports related subject; OR
- Other equivalent qualifications or experience.

* Relevant subjects include: English, Biology, Chemistry, Physics, P.E, Maths and Geography.

Contact
paul.rooney@cityofglasgowcollege.ac.uk

SPORTS THERAPY **HND**
(SCQF Level 8)

Course overview
The sports therapy course will equip you with the skills required to help prevent injury and rehabilitate clients back to full fitness. The first year of the course focuses heavily on sports massage and will give you an industry-recognised qualification on completion. The second year of the course focuses on the assessment and treatment of musculoskeletal conditions arising from sporting activity. You'll also get the opportunity to work in our sports injury clinic, developing skills in clinical assessment, devising treatment plans and providing physical therapies.

Minimum entry requirements
Year one
- Two Highers at Grade C or above in a relevant* subject; OR
- National Qualification at SCQF level 6 in a sports related subject; OR
- Other equivalent qualifications or experience.

* Relevant subjects include: English, Biology, Chemistry, Physics, P.E, Maths and Geography.

Year two
- HNC Sports Therapy; OR
- First year HND Sports Therapy.

Contact
paul.rooney@cityofglasgowcollege.ac.uk

CULINARY ARTS

BAKERY SUPPORTED LEARNING **NQ**
(SCQF Level 3)

Course overview
If you have mild learning difficulties this course will support you in learning basic practical skills in Bakery, Cake Decoration and Practical Cookery and give you an insight into the bakery or hospitality industry. The course is ideally suited for anyone who benefits from working in a supported environment.

Minimum entry requirements
- National 2 qualifications in Numeracy or Literacy are desirable.
- A keen interest and basic knowledge of bakery.
- Other equivalent qualifications or experience.

Contact
aileen.omeara@cityofglasgowcollege.ac.uk

BAKERY **NQ**
(SCQF Level 4)

Course overview
This course is designed to offer school leavers with no formal bakery qualifications or adults returning to education an opportunity to study the subject at an introductory level. You will be introduced to techniques in Pastry, Bread Making, Craft Baking and Cake Decoration inclusive of the opportunity to gain the NPA Bakery Award.

Minimum entry requirements
- Two National 3 qualifications, preferably including Numeracy and Communication, AND some basic knowledge of Bakery; OR
- Other equivalent qualifications or experience.

Contact
aileen.omeara@cityofglasgowcollege.ac.uk

BAKERY **NQ**
(SCQF Level 5)

Course overview
Do you want to develop your bakery skills? This course will help you gain the practical experience, knowledge and qualification needed for a job in the bakery industry. You'll have the opportunity to study and train for a career as a baker or cake decorator. This course is ideal for school leavers and those who have already achieved the NPA Bakery Award.

Minimum entry requirements
- NQ Bakery Level 4 (SCQF Level 4); OR
- Three National 4 qualifications, preferably including Health and Food Technology and Hospitality; OR
- National Progressional Award (NPA) in Bakery L4; OR
- Other equivalent qualifications or experience.

Contact
aileen.omeara@cityofglasgowcollege.ac.uk

BAKERY **NQ**
(SCQF Level 6)

Course overview
This course allows you to build on skills gained on the NQ Level 5 Bakery course. You will enhance your skills in the preparation, production and finishing of a wide range of fermented and flour confectionery goods, whilst improving your royal icing and sugar paste skills in our purpose-built bakeries. This course is an excellent choice for students who wish to enhance their already established skills to a higher level.

Minimum entry requirements
- National Certificate at SCQF level 5 in Bakery; OR
- Other equivalent qualifications or experience.

Contact
aileen.omeara@cityofglasgowcollege.ac.uk

PROFESSIONAL COOKERY **NQ**
(SCQF Level 5)

Course overview
Professional cookery has never been as popular as it is today. This course is an excellent opportunity for you to study and prepare for a career as a chef with excellent career opportunities and progression routes open to those who successfully achieve the qualification. The course gives students an opportunity to prepare, cook and serve a range of sweet and savoury dishes both in our industry-standard training kitchens and in our Bistro, which serves breakfast and lunch daily to students and staff.

Minimum entry requirements
- National Progression Award (NPA) at SCQF level 4 in Professional Cookery; OR
- National Progression Award (NPA) Bakery; OR
- Three National 4 qualifications including English and Mathematics or Numeracy; OR
- Other equivalent qualifications or experience.

Contact
sharon.fagan@cityofglasgowcollege.ac.uk

PROFESSIONAL COOKERY **NQ**
(SCQF Level 6)

Course overview
The course gives students the opportunity to build upon the basic skills that were acquired during the successful completion of the Level 5 Professional Cookery course. The course provides a platform for you to enhance your skills in the preparation, production and finishing of a wide range of sweet and savoury dishes in both our purpose-built, state-of-the-art training kitchens and in our fine-dining outlet, Scholars'.

Minimum entry requirements
- National Certificate at SCQF level 5 in Professional Cookery; OR
- General Catering course at SCQF level 5; OR
- Other equivalent qualifications or experience.

Contact
sharon.fagan@cityofglasgowcollege.ac.uk

PROFESSIONAL COOKERY - PASTRY **HNC**
(SCQF Level 7)

Course overview
This course will develop your culinary skills to an advanced level, focusing on specialist patisserie subjects and providing you with the knowledge you'll need at a supervisory level within a professional Patisserie.

Minimum entry requirements
- NQ SCQF Level 6 Professional Cookery, NQ SCQF Level 6 Bakery; OR
- Other equivalent qualifications or experience.

Contact
kenneth.hett@cityofglasgowcollege.ac.uk

PROFESSIONAL COOKERY **HND**
(SCQF Level 8)

Course overview
This course will enhance your management and culinary art skills and could also provide an articulation route onto Further studies at a higher level. As part of this course you will have the opportunity to work with industry partners.

Minimum entry requirements
Year one
- NQ SCQF Level 6 Professional Cookery, NQ SCQF Level 6 Bakery; OR
- Other equivalent qualifications or experience.

Year two
- HNC Professional Cookery - Pastry, HND Year 1 Professional Cookery; OR
- First year of HND in Professional Cookery.

HOSPITALITY AND TOURISM

EVENTS AND HOSPITALITY **ACCESS**
(SCQF Level 4)

Course overview
This is an introductory course for those who have an interest in the hospitality and events industry. It provides a broad level of skills that will allow you to access further courses of study in the college, leading to the NQ and then the HNC/D in Hospitality or Events Management.

Minimum entry requirements
- There are no formal entry requirements but you should have an interest in the industry.
- If English is not your first language you will be required to have ESOL at Intermediate 2 level.

Contact
david.smith@cityofglasgowcollege.ac.uk

EVENTS **NQ**
(SCQF Level 5)

Course overview
This course will give you an introduction to a career in the events industry. It covers a wide range of general events, business and specific industry-related topics to develop your knowledge and skills in events planning. The events industry is a diverse and exciting one, offering many areas for employment, across the UK and the world. Much of the course is about planning for events covering the theory aspects. There are also practical elements within the course.

Minimum entry requirements
- One National 5 qualification at Grade C or above AND three National 4 qualifications including English and Mathematics; OR
- Other equivalent qualifications or experience.

Contact
david.smith@cityofglasgowcollege.ac.uk

EVENTS **NQ**
(SCQF Level 6)

Course overview
The event industry offers exciting career opportunities within corporate, hospitality, sporting, charity and live performance sectors both nationally and internationally. This course will provide you with theoretical knowledge and practical skills for event delivery, alongside development of meta skills required to undertake a variety of job roles within this industry. It will also provide you with entry to higher level Event Management and other related courses.

Minimum entry requirements
- Three National 5 qualifications at Grade C or above including English; OR
- NQ/NC (minimum 16 credits) at SCQF level 5 preferably in Events or related subject; OR
- Other equivalent qualifications or experience.

Contact
jane.carrgomm@cityofglasgowcollege.ac.uk

EVENTS MANAGEMENT **HND**
(SCQF Level 8)

Course overview
This course is for those who want a career in the management of events, e.g. conferences, exhibitions and special events. On this course, you will cover a wide range of subjects to ensure a good knowledge base, as well as relevant skills.

Minimum entry requirements
Year one
- Two Highers at Grade C or above including one from Business Management, English, Modern Studies, Economics, History or similar; OR
- Other equivalent qualifications or experience.

Year two
- HNC in Events.

Contact
jane.carrgomm@cityofglasgowcollege.ac.uk

HOSPITALITY **NQ**
(SCQF Level 5)

Course overview
This course will provide you with the skills and knowledge necessary to gain employment in the hospitality industry. This course focuses on food and beverage service, front office, customer care, food production and hospitality administration. This course will successfully prepare you for progression to NQ Hospitality Level 6 and will develop your employability skills.

Minimum entry requirements
- One National 5 qualification at Grade C or above AND three National 4 qualifications including English and Mathematics; OR
- Other equivalent qualifications or experience.

Contact
david.smith@cityofglasgowcollege.ac.uk

HOSPITALITY **NQ**
(SCQF Level 6)

Course overview
The hospitality industry offers exciting career opportunities within hotels, bars and restaurants both nationally and internationally. You will study subjects associated with restaurant and bar service, accommodation and reception operations, as well as essential knowledge for operating a business. As a team member, you will work within Scholars' Restaurant, one of the college's commercial outlets, to develop your practical skills in Customer Care and Food and Beverage Service.

Minimum entry requirements
- Four National 5 qualifications, including English, at grade C or above; OR
- NQ/NC Hospitality at SCQF level 5; OR
- Other equivalent qualifications or experience.

Contact
david.smith@cityofglasgowcollege.ac.uk

HOSPITALITY MANAGEMENT **HND**
(SCQF Level 8)

Course overview
On this course you will develop the knowledge and skills required to operate effectively at supervisory level in the hospitality industry. The first year covers both practical and theoretical subjects. The second year focuses on providing you with the necessary managerial knowledge and skills for a junior management position.

Minimum entry requirements
Year one
- Two Highers at Grade C or above; OR
- National Qualification in Hospitality or related subject; OR
- Other equivalent qualifications or experience.

Year two
- Successful completion of the HNC Hospitality Operations or similar award, including a pass in Graded Unit 1; OR
- Relevant industrial experience at supervisory level.

Contact
jane.mcqueen@cityofglasgowcollege.ac.uk

CITY

AIR CABIN CREW OPERATIONS **CITY AND GUILDS**

(SCQF Level 5)

Course overview

This course will develop the skills required for employment in the aviation or airport ground industry. It covers everything from customer service and employability skills to health and safety procedures.

Minimum entry requirements

- Three National 5 qualifications at Grade C or above including English; OR
- Other equivalent qualifications or experience.

Contact

kenny.mcmillan@cityofglasgowcollege.ac.uk

INTERNATIONAL TRAVEL (WITH OPTION TO STUDY LANGUAGES) **NC**

(SCQF Level 6)

Course overview

This course will provide you with the skills and knowledge needed for an exciting career in the travel and tourism industry. The course has the option to study a language.

Minimum entry requirements

- Three National 5 qualifications at Grade C or above including English; OR
- NC/NQ at SCQF level 5 in a related subject; OR
- Other equivalent qualifications or experience.

Contact

kenny.mcmillan@cityofglasgowcollege.ac.uk

TRAVEL AND TOURISM (WITH LANGUAGES) **NQ**

(SCQF Level 5)

Course overview

This course will develop basic skills and knowledge about the travel and tourism industry. It provides you with a general preparation for working in the industry and is a good foundation for building specialist skills. The course has the option to study a language.

Minimum entry requirements

- One National 5 qualification at Grade C or above AND two National 4 qualifications including English; OR
- Other equivalent qualifications or experience.

Contact

kenny.mcmillan@cityofglasgowcollege.ac.uk

TRAVEL AND TOURISM (WORK SKILLS) **HNC**

(SCQF Level 7)

Course overview

This course will give you the skills, knowledge and understanding to develop your career in the travel and tourism industry. You'll gain the skills for work and knowledge required to provide high-quality customer service and enhance your own employability through work placement.

Minimum entry requirements

- Two Highers at Grade C or above (such as English, Modern Studies, Languages, Business Management, Geography or History) AND three National 5 qualifications at Grade C or above including English; OR
- NC/NQ in a related subject (minimum of 13 credits at SCQF level 6 which must include Marketing in Travel & Tourism: An Introduction and Travel and Tourism in the UK) (subject to review).
- Other equivalent qualifications or experience.

Contact

alan.cowan-moore@cityofglasgowcollege.ac.uk

TRAVEL AND TOURISM (WITH OPTION TO STUDY LANGUAGES) **HNC**

(SCQF Level 7)

Course overview

This course will give you the skills, knowledge and understanding to develop your career in the travel and tourism industry. You'll gain the skills and knowledge required to provide high-quality customer service and enhance your own employability. The course has the option to study a language.

Minimum entry requirements

- Two Highers at Grade C or above (such as English, Modern Studies, Languages, Business Management, Geography or History) AND three National 5 qualifications at Grade C or above including English; OR
- NC/NQ in a related subject (minimum of 13 credits at SCQF level 6 which must include Marketing in Travel & Tourism: An Introduction and Travel and Tourism in the UK) (subject to review); OR
- Other equivalent qualifications or experience.

Contact

alan.cowan-moore@cityofglasgowcollege.ac.uk

TRAVEL AND TOURISM **HND**

(SCQF Level 8)

Course overview

This course will give you the skills, knowledge and understanding to develop your career in the travel and tourism industry. You will gain the skills and knowledge required to provide high-quality customer service and enhance your own employability. The course has the option to study a language. The course lasts two years starting in August, but you can also leave after one year with an HNC Travel and Tourism (fee applies).

Minimum entry requirements

Year one

- Two Highers at Grade C or above (such as English, Modern Studies, Languages, Business Management, Geography or History) AND three National 5 qualifications at Grade C or above including English; OR
- Other equivalent qualifications or experience.

Year two

- HNC in Travel and Tourism (15 Credits Minimum, and A in Graded Unit 1).

alan.cowan-moore@cityofglasgowcollege.ac.uk

NAUTICAL AND STEM

ELECTRICAL, AUTOMATION AND DIGITAL TECHNOLOGY 91
MECHANICAL ENGINEERING 98
NAUTICAL 100

City of Glasgow College offers a distinctive range of accredited Deck, Engineering, Oil and Gas, Offshore and Maritime training courses approved by the MCA, RYA, MNTB and other awarding bodies. We employ highly qualified and experienced maritime lecturers including serving masters and industry experts.

We also provide a wide range of courses in electrical and mechanical engineering, having worked in collaboration with the University of Strathclyde, industry, and other colleges to create the Engineering Academy. Our innovative computing classes offer vocational skills in growing areas of work such as software development and cyber security.

Our classes are delivered online, on campus and/or at external locations, depending on the requirements of the course.

ELECTRICAL, AUTOMATION AND DIGITAL TECHNOLOGY

ENGINEERING SYSTEMS/AUTOMATED ENGINEERING SYSTEMS **NC**

(SCQF Level 5)

Course overview

This course will develop your theoretical and practical knowledge of the automated manufacturing industry, as well as the specific skills you'll need to to become a technician or technical engineer. You'll gain an understanding of how electrical, electronic and mechanical circuits work, the variety of components and systems that you may encounter in manufacturing and the tools and skills required to work in the sector.

Minimum entry requirements

- Four National 4 qualifications including Mathematics; OR
- Other equivalent qualifications or experience.

Contact

electeng@cityofglasgowcollege.ac.uk

ELECTRICAL ENGINEERING WITH ELECTRONICS **NQ**

(SCQF Level 5)

Course overview

This course will develop your theoretical and practical knowledge of the industry, as well as helping with the specific skills you'll need to become a technician or technical engineer. You'll gain an understanding of how circuits work, the variety of components and systems that you may encounter in the electrical industry, together with the tools and skills required to work in the sector. You will need to wear appropriate Personal Protective Equipment (PPE) during practical work.

Minimum entry requirements

- Four National 4 qualifications including Mathematics and a Science subject; OR
- Other equivalent qualifications or experience.

Contact

electeng@cityofglasgowcollege.ac.uk

ELECTRICAL ENGINEERING **NC**
(SCQF Level 6)

Course overview
This course will equip you with a thorough understanding of the knowledge surrounding electrical engineering technologies. You'll gain an understanding of how electrical circuits work, the variety of components and systems that you may encounter in the electrical engineering industry together with the tools to work in the sector.

Minimum entry requirements
- Four National 5 qualifications at Grade C or above including Mathematics and a Science subject; OR
- National Qualification at SCQF level 5 in Electrical Engineering; OR
- Other equivalent qualifications or experience.

Contact
electeng@cityofglasgowcollege.ac.uk

ELECTRICAL ENGINEERING **HNC**
(SCQF Level 7)

Course overview
This course prepares you for a career as a technical engineer in the electrical engineering industry and the electrical supply sector, dealing with the production, transmission, distribution and application of electricity and the manufacturing, installation, and maintenance of electrical equipment.

Minimum entry requirements
- Two Highers at Grade C or above including Mathematics and preferably Physics; OR
- National Qualification at SCQF level 6 in a relevant Engineering subject; OR
- Other equivalent qualifications or experience.

Contact
electeng@cityofglasgowcollege.ac.uk

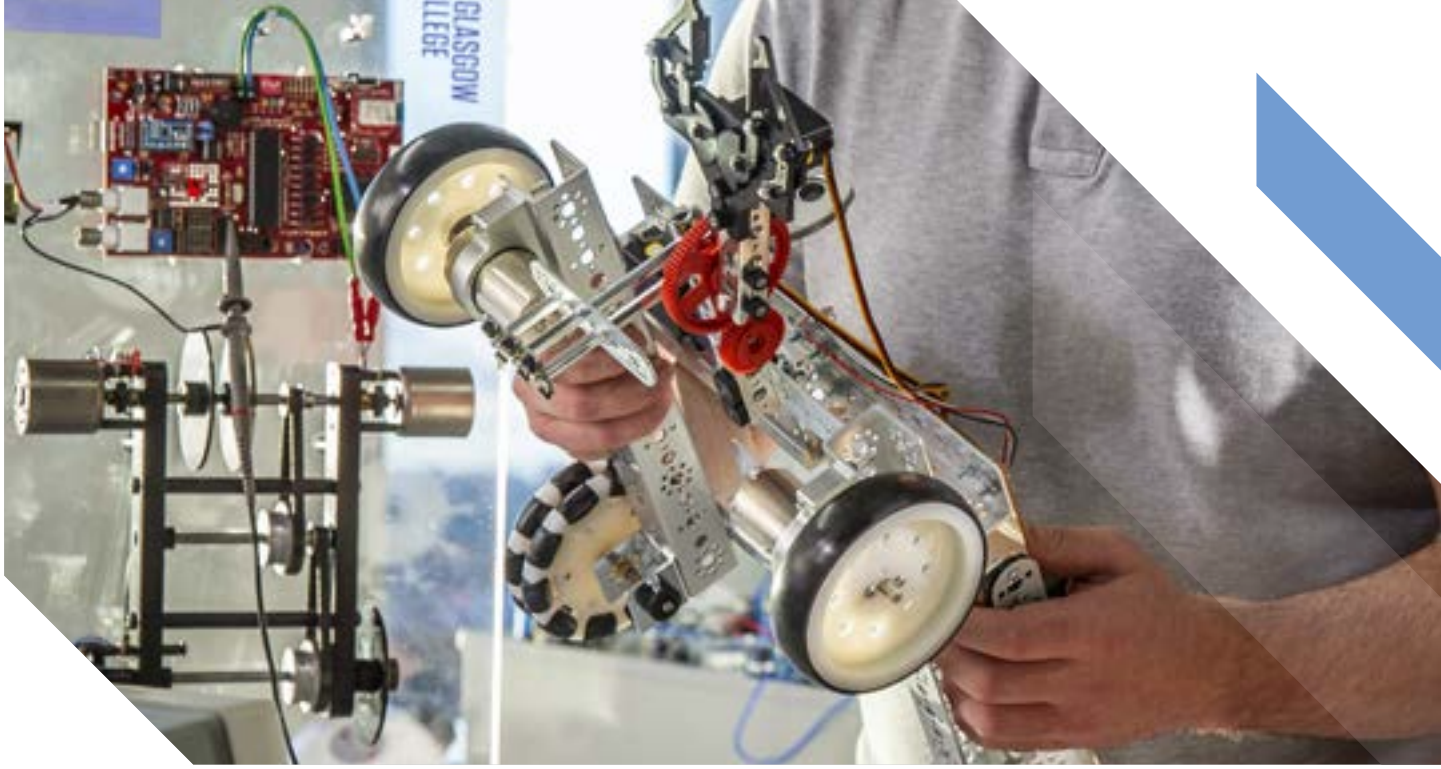
ELECTRICAL ENGINEERING **HND**
(SCQF Level 8)

Course overview
In the HND Electrical Engineering year 2 direct entry program, you'll expand on the electrical principles covered in the HNC Electrical Engineering. Many units are project-based with report writing included in just over half of the second year subject units including a Graded Unit 2 technical project.

The course is designed to enable you to gain employment in the electrical engineering industry and electrical supply sector which deals with the production, transmission, distribution and application of electricity and the manufacture, installation, design and maintenance of electrical equipment or you can apply for third year of a degree program.

Minimum entry requirements
- HNC in an appropriate Electrical Engineering subject; OR
- Successful completion of HNC or HND first year at City of Glasgow College.

Contact
electeng@cityofglasgowcollege.ac.uk



INDUSTRIAL AUTOMATION ENGINEERING WITH ROBOTICS (MECHATRONICS) **HNC**

(SCQF Level 7)

Course overview

This course brings together the main aspects of today's modern process and engineering control systems requirements. You will develop your understanding of automated and robotic systems through electrical, mechanical and electronic units.

Minimum entry requirements

- Two Highers at Grade C or above including Mathematics and Physics or Computing Science; OR
- National Certificate Group Award in Engineering, Electronics or Electrical Engineering at SCQF level 6; OR
- Qualification comparable to the above gained through other awarding bodies such as GCSE, City & Guilds, Edexcel etc.

Contact

stuart.logan@cityofglasgowcollege.ac.uk

ADVANCED INDUSTRIAL AUTOMATION ENGINEERING **HND**

Year 2 Direct Entry (SCQF Level 8)

Course overview

This course brings together the main aspects of today's modern process and engineering control systems requirements. You will develop your understanding of automated and robotic systems through electrical, mechanical and electronic units.

Minimum entry requirements

- HNC Mechatronics.

Contact

stuart.logan@cityofglasgowcollege.ac.uk

CYBER SECURITY **NQ**
(SCQF Level 6)

Course overview
Cyber security is one of the fastest evolving areas of business and government today as online systems make up the foundations of the digitally-enabled economy. The course is an introductory level course developing a basic understanding of the fundamental tools and techniques of key areas such as data security, digital forensics and ethical hacking.

Minimum entry requirements
- Four National 5 qualifications at Grade C or above including English and Mathematics and Computing or Physics; OR
- Other equivalent qualifications or experience.

Contact
chris.deegan@cityofglasgowcollege.ac.uk

CYBER SECURITY **HNC**
(SCQF Level 7)

Course overview
This course will develop a fundamental understanding of how to protect networks, IT systems and individuals against cyber attacks and cyber threats. Cyber security is one of the fastest evolving areas within business and government today as online systems make up the foundations of the digitally-enabled economy.

Minimum entry requirements
- One Higher at Grade C or above in a relevant subject* AND three National 5 qualifications at Grade B or above including Mathematics, Physics or Computing Science; OR
- NQ Cyber Security; OR
- Other equivalent qualifications or experience.

* Relevant subjects include Computing Science, Mathematics or Physics.

Contact
chris.deegan@cityofglasgowcollege.ac.uk

CYBER SECURITY **HND**
(SCQF Level 8)

Course overview
This course will teach you how to protect networks, IT systems and individuals against cyber attacks and cyber threats, and to understand your legal, ethical and professional responsibilities. Cyber security is one of the fastest evolving areas within business and government today as online systems make up the foundations of the digitally-enabled economy.

Minimum entry requirements
Year one:
- Two Highers at Grade C or above in a relevant subject* AND three National 5 qualifications at Grade B or above including Computing or Information Systems; OR
- National Qualification at SCQF level 6 in a relevant subject such as Digital Media Computing, Computing: Technical Support or Software Development; including a suitable reference; OR
- Other equivalent qualifications or experience.

* Relevant subjects include Computing, Information Systems, Mathematics or Physics.

Year two:
- HNC Cyber Security; OR
- First year HND Cyber Security (specific options essential).

Contact
chris.deegan@cityofglasgowcollege.ac.uk

COMPUTING: NETWORKING AND CYBER SECURITY **HNC**

(SCQF Level 7)

Course overview

This course will follow the units of the first year of the HND Computing Networking course, including network technology and routing technology. Learning materials from industry standard vendors such as Microsoft and Cisco are offered as part of the course which can help you to prepare for a variety of vendor certification exams.

Minimum entry requirements

- One Higher at Grade C or above in a relevant subject* AND three National 5 qualifications at Grade C or above including Computing or Information Systems; OR
- National Qualification at SCQF level 6 in a relevant subject such as Digital Media Computing, Computing: Technical Support or Software Development; OR
- Other equivalent qualifications or experience.

* Relevant subjects include Computing, Information Systems, Mathematics or Physics.

Contact

chris.deegan@cityofglasgowcollege.ac.uk

COMPUTING: NETWORKING AND CYBER SECURITY **HND**

(SCQF Level 8)

Course overview

This course will teach you the skills required to install, configure and maintain computer network infrastructures. Students gain practical skills and knowledge of current and emerging principles and network technologies with an emphasis on active and participative learning. You will build a solid foundation in networking and routing concepts, ethical hacking and client operating systems, incorporating both Microsoft and Linux platforms.

Minimum entry requirements

Year one:

- Two Highers at Grade C or above in a relevant* subject AND three National 5 qualifications at Grade C or above including Computing or Information Systems; OR
- National Qualification at SCQF level 6 in a relevant subject such as Digital Media Computing, Computing: Technical Support or Software Development; OR
- Other equivalent qualifications or experience.

* Relevant subjects include Computing, Information Systems, Mathematics or Physics.

Year two:

- An HNC with relevant options.

Contact

chris.deegan@cityofglasgowcollege.ac.uk

COMPUTING TECHNOLOGY **HNC** (SCQF Level 7)

Course overview
This course covers many of the skills that are in high demand for a range of different careers in the software development/programming sector of the computer industry. These include developing skills in system design, troubleshooting problems, computer system fundamentals and mobile technology.

Minimum entry requirements
- One Higher at Grade C or above in a relevant subject* AND three National 5 qualifications at Grade C or above including Computing or Information Systems; OR
- National Qualification at SCQF Level 6 in a related subject such as Digital Media Computing, Computing: Technical Support or Software Development; OR
- Other equivalent qualifications or experience.

* Relevant subjects include Computing, Information Systems, Mathematics or Physics.

Contact
samir.zarrug@cityofglasgowcollege.ac.uk

COMPUTER SCIENCE **HNC** (SCQF Level 7)

Course overview
This course aims to meet the challenges of employers seeking qualified learners who can demonstrate knowledge and skills in a range of technology areas. There is an emphasis on software engineering, web development, networking, data science, project management and soft skills such as team-working.

Minimum entry requirements
- One Higher at Grade C or above in a relevant subject* AND three National 5 qualifications at Grade C or above including Computing or Information Systems; OR
- National Qualification at SCQF level 6 in a relevant subject such as Digital Media Computing, Computing: Technical Support or Software Development; OR
- Other equivalent qualifications or experience.

* Relevant subjects include Computing, Information Systems, Mathematics or Physics.

Contact
samir.zarrug@cityofglasgowcollege.ac.uk

COMPUTER SCIENCE **HND** (SCQF Level 8)

Course overview
This course aims to meet the challenges of employers seeking qualified learners who can demonstrate knowledge and skills in a range of technology areas. The course places particular emphasis on software development, data science, project management and soft skills such as team-working.

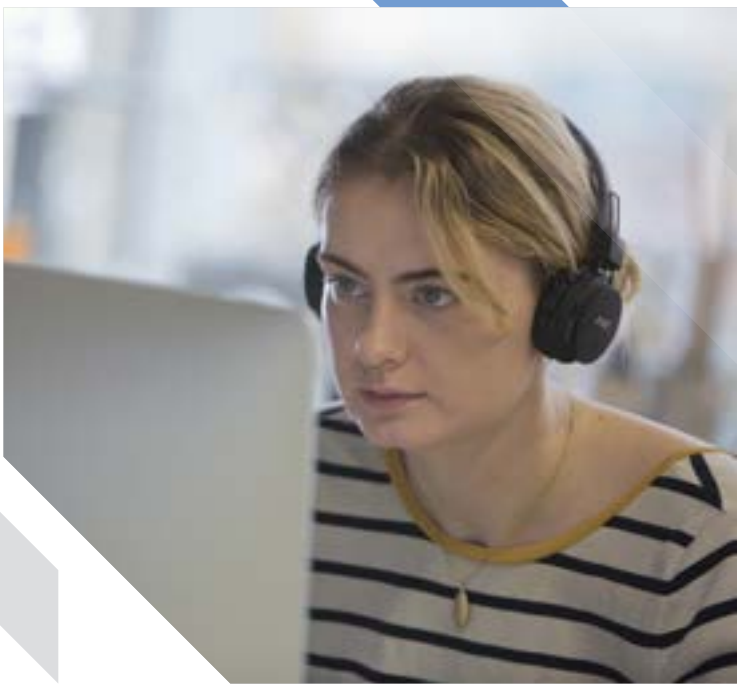
Minimum entry requirements
Year one:
- Two Highers at Grade C or above in relevant subjects* AND three National 5 qualifications at Grade C or above including Computing or Information Systems; OR
- National Qualification at SCQF level 6 in a relevant subject such as Digital Media Computing, Computing: Technical Support or Software Development; OR
- Other equivalent qualifications or experience.

* Relevant subjects include Computing, Information Systems, Mathematics, English or Physics.

Year two:
- Successful completion of the HNC Computer (Science) or year 1 of the HND Computer Science course.
- Successful completion of the first year of the HND Computing: Software Development (dependent upon units taken).

Contact
samir.zarrug@cityofglasgowcollege.ac.uk

COMPUTING: SOFTWARE DEVELOPMENT **NQ** (SCQF Level 6)



Course overview

This course offers an ideal preparation for work or entry to a higher-level software development course. Using a balance of theory and practice, you'll learn the key concepts of software design.

Minimum entry requirements

- Three National 5 qualifications at Grade C or above including English and Maths or Numeracy; OR
- Other equivalent qualifications or experience.

Contact

samir.zarrug@cityofglasgowcollege.ac.uk

COMPUTING: SOFTWARE DEVELOPMENT **HNC** (SCQF Level 7)

Course overview

This hands-on course will allow you to study towards an up-to-date qualification, covering many of the skills that are in high demand for a range of different careers in the software development/programming sector of the computer industry. These include developing skills in C# and Java, System Design, Android development, XML, event-driving programming, databases and Project management.

Minimum entry requirements

- One Higher at Grade C or above in a relevant subject* AND three National 5 qualifications at Grade C or above including Computing or Information Systems; OR
- National Qualification at SCQF level 6 in a relevant subject (such as Digital Media Computing, Computing: Technical Support or Software Development); OR
- Other equivalent qualifications or experience.

* Relevant subjects include Computing, Information Systems, Mathematics, Physics or Chemistry.

Contact

samir.zarrug@cityofglasgowcollege.ac.uk

COMPUTING: SOFTWARE DEVELOPMENT **HND** (SCQF Level 8)

Course overview

This is a challenging course, where you'll study towards an up-to-date qualification covering many of the skills that are in demand for a range of different careers in the software development / programming sector of the computer industry. These include developing skills in C#, VB.NET, Java, Object oriented-design, Object oriented-programming, SQL programming and Project management.

Minimum entry requirements

Year one:

- Two Highers at Grade C or above AND three National 5 qualifications at Grade C or above including Computing or Information Systems; OR
- National Qualification at SCQF level 6 in a relevant subject such as Digital Media Computing, Computing: Technical Support or Software Development; OR
- Other equivalent qualifications or experience.

Year two:

- HNC Computing: Software Development; OR
- First Year HND Computing: Software Development.

Contact

samir.zarrug@cityofglasgowcollege.ac.uk

MECHANICAL ENGINEERING

ENGINEERING **ACCESS**
(SCQF Level 6)

Course overview
This course gives you the skills you need to study Mechanical Engineering at an advanced level at college, or university. You'll study Higher level Maths and Physics, as well as introductory units in Mechanical Engineering. The course covers a range of metaskills and theoretical subjects such as Communication, ICT, Statics, Dynamics and Thermofluids.You'll also complete a practical Engineering workshop skills unit. So if you're looking to change your career direction and need a course to provide you with the entry qualifications to a Higher Education programme, this course could be for you.

Minimum entry requirements
- Three National 5 qualifications at Grade B or above including English, Mathematics and a Science subject; OR
- Other equivalent qualifications or experience.

Contact
engineering@cityofglasgowcollege.ac.uk

MECHANICAL ENGINEERING **NC**
(SCQF Level 6)

Course overview
This course allows you to develop technical engineering skills relating to mechanical engineering. The course is structured to include a significant practical hands-on element, as well as associated theory units. You'll have the use of the extensive engineering equipment which includes a fully functional mechanical workshop and specialist labs. You must have a sound knowledge of Maths.

Minimum entry requirements
- Two National 5 qualifications at Grade C or above including Mathematics and a Science or Technical subject; OR
- Other equivalent qualifications or experience.

Contact
engineering@cityofglasgowcollege.ac.uk

MECHANICAL ENGINEERING **HNC**
(SCQF Level 7)

Course overview
This course gives you the skills, knowledge and understanding you'll need for a career in mechanical engineering. You'll use state-of-the-art facilities at the college – such as our fully equipped mechanical lab, pneumatic and hydraulic rigs and computer suites running CAD software.

Minimum entry requirements
- Two Highers at Grade C or above including Mathematics and preferably Physics or Engineering Science; OR
- National Qualification at SCQF level 6 in a relevant Mechanical Engineering subject; OR
- Other equivalent qualifications or experience.

Contact
engineering@cityofglasgowcollege.ac.uk

MECHANICAL ENGINEERING **HND**
(SCQF Level 8)

Course overview
This course allows you to study mechanical engineering to a professional standard. This course involves the use of the college's extensive engineering equipment, which includes a mechanical workshop, pneumatics and hydraulics rigs and computer labs running CAD design software.

Minimum entry requirements
Year one:
- Two Highers at Grade C or above including Mathematics and preferably Physics or Engineering Science; OR
- National Qualification at SCQF level 6 in a relevant Mechanical Engineering subject; OR
- Other equivalent qualifications or experience.

Year two:
- HNC in Mechanical Engineering; OR
- First year of HND Mechanical Engineering.

Contact
engineering@cityofglasgowcollege.ac.uk

MECHANICAL ENGINEERING (UNIVERSITY OF STRATHCLYDE) **HNC**
(SCQF Level 7)

Course overview
City of Glasgow College is delighted to be a partner with the University of Strathclyde in the delivery of the Engineering Academy Programme. This is a pioneering programme that offers you an alternative route into university and employment as a Strathclyde student. The first year is an enhanced HNC programme at the college with direct transfer into second year of an engineering degree at the University of Strathclyde, within one of the following Faculty of Engineering departments:
- Biomedical Engineering
- Civil & Environmental Engineering
- Design, Manufacture & Engineering Management
- Mechanical & Aerospace Engineering
- Naval Architecture, Ocean and Marine Engineering

Minimum entry requirements
- Entry to this course is through UCAS application to the University of Strathclyde.

Contact
engineering-academy@strath.ac.uk

MECHANICAL ENGINEERING (GLASGOW UNIVERSITY) **HNC**
(SCQF Level 7)

Course overview
This one-year course has been designed in partnership with the University of Glasgow to allow successful students to progress on to Year 2 of the following degree programmes within the University's School of Engineering - Aeronautical Engineering, Aerospace Systems, Biomedical Engineering, Civil Engineering, Electronics and Electrical Engineering, Mechanical Engineering, Mechanical Design Engineering, Mechanical Engineering with Aeronautics, and Mechatronics.

Minimum entry requirements
- Two Highers at Grade B or above in Mathematics and either Physics OR Engineering Science.
- Students with relevant SWAP Access or National Qualification at SCQF level 6 may also be considered, with suitable academic reference.

Contact
engineering@cityofglasgowcollege.ac.uk

NAUTICAL

MARITIME & STEM **ACCESS**
(SCQF Level 5)

Course overview
This course has been designed to allow access to people who want to work in the maritime industry and have the drive and determination to succeed but have missed out on the entry requirement for a sponsored cadetship.

Minimum entry requirements
- National 4 Maths, English or Physics.
- Alternative qualifications and experience will be considered.

Contact
maritime@cityofglasgowcollege.ac.uk

DECK CADET PROGRAMME **HNC**
(SCQF Level 7)

Course overview
This is a three-year programme aimed at providing the necessary training and qualifications for employment as a Deck Officer of the Watch. There are a number of elements to the programme and also a compulsory sea time requirement. The programme is structured into five phases – three at college and two at sea.

Minimum entry requirements
- National 5/GCSE or equivalent which must include; English, Maths, Physical Science (e.g. Physics/Chemistry/ Technological Studies/Engineering Science) and one other subject; OR
- Successful completion of Access to Maritime industry (SCQF level 5).
- Alternative qualifications will be considered on an individual basis in conjunction with the sponsoring company or training provider.

Please note: You must have a sponsoring company in order to fulfil the sea time requirement of this programme. There are a number of UK sponsoring companies that recruit UK/EU nationals as officer cadets. Initial applications for this course should be submitted to a training provider or company.

Contact
maritime@cityofglasgowcollege.ac.uk

DECK CADET PROGRAMME **HND**
(SCQF Level 8)

Course overview
This is a three year programme aimed at providing the necessary training and qualifications for employment as an Engineering Officer of the Watch. There are a number of elements to the programme and also a compulsory sea time requirement. The programme is structured into five phases – three at college and two at sea.

Minimum entry requirements
- National 5/GCSE or equivalent which must include; English, Maths, Physical Science (e.g. Physics/Chemistry/ Technological Studies/Engineering Science) and one other subject; OR
- Successful completion of Access to Maritime industry (SCQF level 5).
- Alternative qualifications will be considered on an individual basis in conjunction with the sponsoring company or training provider.

Please note: You must have a sponsoring company in order to fulfil the sea time requirement of this programme. There are a number of UK sponsoring companies that recruit UK/EU nationals as officer cadets. Initial applications for this course should be submitted to a training provider or company.

maritime@cityofglasgowcollege.ac.uk

DECK CADET PROGRAMME **SPD**
(SCQF Level 9)

Course overview
This is a three-year training programme providing the necessary training and qualifications for employment as a Deck Officer of the Watch. There are a number of elements to the programme and also a compulsory sea time requirement. The programme is structured into five phases – three at college and two at sea.

Minimum entry requirements
- Higher Maths and/or Physical Science at Grade C or above, and National 5/GCSE or equivalent which must include; English, Maths and Physical Science (e.g. Physics/Chemistry/Technological Studies/ Engineering Science) and one other subject; OR
- NC Shipping and Maritime Operations (SCQF level 6) with optional Engineering Units.
- Alternative qualifications will be considered on an individual basis in conjunction with the sponsoring company or training provider.

Please note: You must have a sponsoring company in order to fulfil the sea time requirement of this programme. There are a number of UK sponsoring companies that recruit UK/EU nationals as officer cadets. Initial applications for this course should be submitted to a training provider or company.

ENGINE CADET PROGRAMME **SPD**

(SCQF Level 9)

Course overview

This is a three-year programme aimed at providing the necessary training and qualifications for employment as an Engineering Officer of the Watch. The HND in Marine Engineering will also give academic exemptions for management level exams further in your career path, while the PDA Marine Management element will give exemptions from the IAMI Engineering Knowledge examination. There are a number of elements to the programme and also a compulsory sea time requirement of seven months.

Minimum entry requirements

- Higher Maths and/or Physical Science at Grade C or above, and National 5/GCSE or equivalent which must include; English, Maths, Physical Science (e.g. Physics/ Chemistry/Technological Studies/Engineering Science) and one other subject; OR
- NC Shipping and Maritime Operations (SCQF level 6) with optional Engineering Units.
- Alternative qualifications will be considered on an individual basis in conjunction with the sponsoring company or training provider.

Please note: You must have a sponsoring company in order to fulfil the sea time requirement of this programme. There are a number of UK sponsoring companies that recruit UK/EU nationals as officer cadets. Initial applications for this course should be submitted to a training provider or company.

ELECTRO-TECHNICAL OFFICER CADET PROGRAMME **HND**

(SCQF Level 8)

Course overview

This three-year programme provides the necessary training and qualifications for employment as a Marine Electro Technical Officer. There are a number of elements to the programme and also a compulsory sea time requirement of seven months. The programme is structured into five phases – three at college and two at sea.

Minimum entry requirements

- Higher Maths and/or Physical Science at Grade C or above, and National 5/GCSE or equivalent which must include; English, Maths, Physical Science (e.g. Physics/ Chemistry/Technological Studies/Engineering Science) and one other subject; OR
- NC Shipping and Maritime Operations (SCQF level 6) with optional Engineering Units.
- Alternative qualifications will be considered on an individual basis in conjunction with the sponsoring company or training provider.

Please note: You must have a sponsoring company in order to fulfil the sea time requirement of this programme. There are a number of UK sponsoring companies that recruit UK/EU nationals as officer cadets. Initial applications for this course should be submitted to a training provider or company.

EOOW **ALTERNATIVE ROUTE**

Course overview
This route is designed for those with relevant Engineering qualifications to apply directly to City of Glasgow College for an action plan to obtain an Engineering Officer of the Watch Certificate of Competency (COC).

The College will assess the applicant's qualifications and experience and issue the action plan that, along with MIN 511, will detail requirements for the applicant to meet the Engineering Officer of the Watch (EOOW) unlimited, STCW Convention regulation III/1 standard.

Minimum entry requirements
- Graduates or HND / HNC holders in Mechanical or Marine Engineering, or in an engineering subject that covers at least four of the following subjects: Mathematics, Engineering Drawing, Applied Mechanics, Applied Heat, Electrotechnology or Naval Architecture; OR
- Suitable engineering apprenticeship (NVQ level 3 or above) holders.
- For any qualifications gained outside the UK, you must obtain a NARIC letter confirming the comparable standard of your qualifications to a UK equivalent. HND, HNC, and NVQ qualifications will only be accepted if gained from an EU state.

OOW UNLIMITED SUPERYACHT CADETSHIP (SCQF Level 9)

Course overview
You will gain an Officer of the Watch Unlimited Certificate of Competency as well as the academic award 'Scottish Professional Diploma in Marine Operations' in your time at City of Glasgow College. As part of your sea time, you will also gain valuable experience on a superyacht through our training partner Trinity House which will enhance your future career prospects.

Minimum entry requirements
- Higher Maths and/or Physical Science at Grade C or above, and National 5/GCSE or equivalent which must include – English, Maths, Physical Science (e.g. Physics/ Chemistry/Technological Studies/Engineering Science) and one other subject; OR
- NC Shipping and Maritime Operations (SCQF level 6) with optional Engineering Units; OR
- Alternative qualifications will be considered on an individual basis in conjunction with Trinity House and Chiltern Maritime.

EXPERIENCED SEAFARER TO DECK OOW UNLIMITED **HNC** (SCQF Level 7)

Course overview
This course will develop your competency to the level required for you to carry out your duties as a Deck Officer in the Merchant Navy. The experienced seafarers programme will lead to STCW II/1 Officer of the Watch (OOW) Unlimited Certification. This course is designed for experienced seafarers like Bosun and Able seafarer to join a ship as an Officer of the Watch.

Minimum entry requirements
- 36 months sea time acceptable seagoing services.
- 6 months engaged in bridge watchkeeping duties (experienced seafarer route).

NAUTICAL SCIENCE/CHIEF MATE FULL/ MASTER **HND**

(SCQF Level 8)

Course overview

This course is designed for you to progress from OOW level (Deck) to Chief Mates level. You will also complete the short courses HELM Management, NAEST Management and a medical care certificate. The course will equip you to become a competent and efficient chief mate.

Minimum entry requirements

- Recognised complete sea time of 12 months at OOW level.
- An MCA approved OOW certificate.
- NAEST (M) certificate (to be valid when finally applying for your COC). The NAEST(M) course is scheduled within the course program.

NAUTICAL SCIENCE (INTERNATIONAL PARTNERSHIPS) **HND**

(SCQF Level 8)

Course overview

This two-year course, approved by the MCA, is for applicants aspiring to be Deck Officers on board merchant ships. It's offered in collaboration with our international partners in India and Pakistan. Your first year will be with our international partners with the second year at City of Glasgow College. There will be a phase at sea, after which you will return to the College to complete the OOW course.

Minimum entry requirements

- It is expected that those recruited onto the Nautical Science Cadetship programme will have entry qualifications equivalent to Scottish Qualification Authority (SQA) Highers that include Maths, Physics, Technological Studies, or another science-based subject all at Grade B or above.
- English at IELTS 5.5 (from approved UKVI test centre).

The International Department of City of Glasgow College can offer qualification-matching services if required.

GRADUATION

Graduation is a major highlight in our academic calendar and for those graduating it holds a special meaning. Our ceremonies are a celebration of your achievements at college. Summer graduation, for students in the Faculty of Nautical and STEM, takes place in June at Glasgow Cathedral. Winter graduation, in November, marks the success of students in all other faculties and is held in Glasgow Royal Concert Hall. During 2020 our virtual ceremonies proved just as popular for students who celebrated their time at college amongst friends, family, and members of staff online. We look forward to cheering you on at one of our ceremonies in the future.
