Student Induction	Student Induction took place – teams took part in the induction and first week welcome.
MyVoice	Since August 27th, we've had 36 new ideas posted.
	We've had 1313 ratings and 85 comments and replies.
	On Wednesday 26th September, we launched our new topic
	'What can the college do to help you stay motivated and support your own wellbeing?'.
	We've already had some fantastic suggestions which we'll be
	looking to implement this year.

Awards Green Impact	Project 1:				
•	City Habitat Proje	ect			
	This involves the Supported Learning students and the Women Construction Group. The construction students have designed and built bird house shall be placed around the College grounds. The Supported Le students will then monitor the wildlife that use these bird hou		pird houses which		
	Project 2: City Goes Green				
	The Student Engagement Officers are collecting around 2000 Strathmore Plastic water bottles in order to build a plastic bottle Greenhouse for the Supported Learning students to use a s a new learning environment.				
	 They will grow vegetables in the greenhouse and use these to make soup which will be given to students for free. There are design materials encouraging students to drop their plastic water bottles in the new designated bins which will be placed around the City and Riverside campuses. We are also running a "Bottle swap" campaign where students can hand in their single-use plastic water bottle in exchange for a City SA branded multi-use water bottle. Once the bottles are collected, the Joinery students will build the greenhouse, and it shall be placed in the Level 4 Garden area. 			drop their plastic be placed around re students can inge for a City SA e collected, the	
Healthy Body Health Mind	Having received 5 s Engagement Team				

Student Mental Health Agreement	In collaboration with staff, the Students' Association is working to produce a Student Mental Health Agreement. This is an initiative led by Think Positive on behalf of NUS Scotland to bring student associations and their institutions together in a formal agreement to work jointly on mental health issues on campus. This means that mental health will be a key action point for our institution and association with strong input from both sides.
Quality Student Union	QSU has been developed by the National Union of Students to assure the quality, standards and overall effectiveness of students' unions and associations. To obtain accreditation under QSU, a students' association needs to compile evidence of it's effectiveness across three core areas: Activities, Outcomes, and, Governance, Leadership & Management. This will be independently assessed by an auditor appointed by NUS. This year CitySA has been given the opportunity to take part in the first ever cohort of Scottish College students' associations undertaking the QSU accreditation. Achieving success under QSU is recognition that best practice is in place and that a students' association is truly representative and accountable to its members.
Activities	
	On the 10 th October is World Mental Health Day where we hope to raise awareness of emotional wellbeing and mental health through campaigning.
Black History Month	The SA has created an exhibition that is displayed in the Students' Association at City campus. This exhibition provides information on influential people in sports, politics an entertainment as well as famous quotes.
SA on Campus	2 SA on Campus' have already taken place to launch new SPA topic. 1 at Riverside 1 at City campus
	Planning to have SA on Campus six times. It will take place during the day (each time will be two days- one for

	each campus). SA on Campus will also take place three times in the evening (once per block). The themes for four of the day time events have been agreed: -Student Partnership Agreement topics (x2) -Presidential Team Elections -Executive Committee Elections
Freshers

New SA Website	
Launch	We're excited to announce that we'll be launching the new City SA website in November (Date TBC). We've been working hard to identify how we want our website to look and feel, in order to give our students the best experience. The team are visiting Warwick University on the 9 th October for training on navigating the new site. We'll be looking to promote the new site and have a strategy planned in the lead up to the launch so watch this space.
