

Board of Management

Audit & Assurance Committee

Date of Meeting	26 November 2025
Paper No.	AA2-I
Agenda Item	5.8
Subject of Paper	Strategic Risk Review
FOISA Status	Disclosable
Primary Contact	Marcus Walker Associate Director Governance & Risk
Date of production	12 November 2025
Action	For Discussion

1. Recommendations

- 1.1. To discuss the Strategic Risk Register for risks reported to the Committee, agreeing to recommend any changes to the Board of Management for final approval.
- 1.2. To note the Risk Management Action Plans for risks reported to the Committee.

2. Consultation

- 2.1.** All strategic risk owners were consulted during the latest quarterly review.

3. Key Insights

- 3.1.** Risk management is a key component of the College's internal control and governance arrangements and, as such, is an important responsibility of the Board of Management, the Executive Leadership Team (ELT) and the Senior Management Team (SMT). Final approval of the Strategic Risk register is reserved to the Board and the Audit & Assurance Committee has oversight over the College's risk management approach.
- 3.2.** ELT and SMT members are invited to review the risks they own on a quarterly basis. This is to ensure that the College, our Board and its committees, remain aware of any changes in the risk environment and that our risk management plans remain up-to-date and effective. Committees review the risks that are within their remit and recommend any changes to the Board for final approval.
- 3.3.** The Strategic Risk Register and the MAPs are enclosed for the Committee's consideration and approval of members. Six strategic risks are reported to the Committee. No changes to risk scores are proposed in this review.

4. Impact and Implications

- 4.1.** The effective management, control and mitigation of risks are essential to the College's institutional and financial sustainability, compliance, reputation and future growth.

Impact and Probability Criteria

Score	Impact	Probability
1	Insignificant: the risk has minimal to no effect on the College's operations, objectives, reputation, stakeholders or financial sustainability.	Highly Unlikely: the likelihood of the risk occurring is minimal. It would be estimated that the risk has a 1-5% chance of happening.
2	Minor: the risk may cause slight disruption or impact on the College's operations, objectives, reputation, stakeholders or financial sustainability.	Unlikely: the likelihood of the risk occurring is unlikely but still possible. It would be estimated that the risk has a 6-25% chance of happening.
3	Moderate: the risk has a noticeable impact or disruption, affecting the College's operations, objectives, reputation, stakeholders or financial sustainability.	Possible: the likelihood of the risk occurring is reasonable. It would be estimated that the risk has a 26-50% chance of happening.
4	Major: the risk has a substantial impact on the College's operations, objectives, reputation, stakeholders or financial sustainability.	Likely: the likelihood of the risk occurring is probable. It would be estimated that the risk has a 51-75% chance of happening.
5	Critical: the risk is a severe threat to the College's operations, objectives, reputation, stakeholders or financial sustainability.	Almost Certain: the likelihood of the risk occurring is highly likely. It would be estimated that the risk has more than a 75% chance of happening.

SR9	Failure to manage performance and achieve improved performance	DE	There is a risk that the College may fail to manage performance effectively, resulting in subpar achievements and the inability to sustain high performance levels across all areas of service delivery. To address this risk, the College will implement a revised performance and enhancement process, incorporating Curriculum Planning. Operational Plans, aligned with Balanced Scorecards, will be developed and agreed upon as part of an annual planning framework. Faculty improvement plans will be supported to prioritize addressing underperformance with specific actions. Additionally, robust quality arrangements will be established for both credit-rated activities and overseas centers to ensure overall performance improvement and sustainability.	Oct '25: Risk remains low. At the end of AY24-25 internal data shows marked improvements in early withdrawal, student satisfaction, and course completion. FT HE outcomes are well above the current sector average. The first student satisfaction survey of the new AY is expected to achieve a 60% response rate for the first time. End of year quality and portfolio reviews are in place; progress against the College Self-Evaluation Action Plan (SEAP) has been completed and a SEAP development day is scheduled (intended to share best practice and involve staff from across the College). Portfolio Review plans are in place, dates set and reporting being progressed. Arrangements for ILQR's are complete and dates confirmed for the two meetings planned this year.	Open	5	2	10	5	5	4	20	↔	Oct '25	Aug '25: Score decreased from 15 to 10. Jan '25: Score decreased from 20 to 15. Aug '24: Score increased from 15 to 20. Apr '24: Score increased from 10 to 15. Aug '23: Edited for transfer to new MAP. Jan '23: Risks merged and score set to 10.
SR12	Negative impact of statutory compliance failure	DPr ADGR	There is a risk of negative consequences resulting from failures to comply with statutory legislation and regulations, potentially leading to a negative impact on staff/students, legal action, reputational damage, and financial implications. To treat this risk, the College expects robust policies, procedures and training to be in place to support staff meet the College's statutory obligations, with key staff (e.g. health and safety, HR, finance, procurement, DPO and senior managers) able to advise as appropriate. The College's risk management approach, Assurance Framework, three lines of defence, Compliance Auditor role and regular internal audits are also measures that are in place to treat this risk.	Oct '25: All procurement staff have now completed the UK Procurement Act 2023 training. The new Contract Management Manual with supporting templates is now in use. The College has completed the Association of Colleges' (AoC) Benchmarking Survey with the report expected late November, and our Health & Safety Manager has been appointed the Scottish Representative for the AoC working group.	Averse	5	2	10	5	5	5	25	↔	Oct '25	Aug '23: Edited for transfer to new MAP.

SR13	Failure of compliance with Environmental Social and Governance (ESG) duties	DPr ADGR	There is a risk that the College may not comply with ESG principles, encompassing carbon reduction, inclusivity and ethical governance. This could result in financial penalties, legal action, reputational damage, and loss of stakeholder trust, impacting staff, students, and the environment. To treat this risk, ESG principles are reflected in the College's Strategic Plan and are also linked to the existing compliance (SR12) and corporate governance (SR15) entries on the Strategic Risk Register. The College's commitment to environmental sustainability is also outlined in the Sustainability Strategy, which includes aims to reduce emissions of all greenhouse gasses by 75% by 2030 and cut carbon emissions by 60% against 1990 baseline data by AY 2023/24.	Oct '25: With the guidance from EAUC a 1st draft Sustainability Action Plan has been developed and will be presented to the People & Culture Committee in October. To support an understanding of sustainability a Procurement Climate Change Awareness module has been launched with 235 completions to date. Advanced sustainability training is available from the Scottish Government, both procurement & facilities staff have completed this. Work continues on the Green Travel plan and the Environment, Sustainable Working Group (ESWG) is being re-established with new terms of reference to support the work taking place.	Averse	5	2	10	5	5	5	25	↔	Oct '25	Jan '25: Score increased from 5 to 10. Aug '23: Edited for transfer to new MAP. Jan '23: New risk added and score set to 5.
SR14	Failure of compliance with the General Data Protection Regulations (GDPR)	DPr	There is a risk that the College may fail to comply with GDPR, which was introduced in May 2018. Non-compliance could result in substantial fines, increased potential for private claims from individuals, and reputational damage among external stakeholders, staff, and students. To treat this risk, the College expects robust policies, procedures and notices to be in place. Annual mandatory e-learning to be undertaken, and Regular GDPR compliance reports to be provided to ELT/Audit & Assurance Committee (AAC) allowing senior level oversight. The DPO (from Thorntons) manages the day-to-day data protection function and progresses work on the College's compliance against the ICO framework and data protection legislation.	Oct '25: A new workflow is under development to build a process for managing the recording of data subject access requests (DSAR) and an accessible online form for data subjects to make requests. This is designed to streamline the DSAR process and create a more efficient, centralised method of recording requests received. This work shall progress into 2026. Aug '25: In the 2024-25 academic year, the College recorded 11 data breaches. 1 data breach was reported to the Information Commissioner's Office; however, the ICO did not take action on the basis that it was satisfied with the steps the College had taken to resolve the matter. April '25: As reported to the Audit & Assurance Committee in March, all data protection health checks with faculties and directorates has now been completed.	Averse	4	2	8	5	5	5	25	↔	Oct '25	Aug '23: Edited for transfer to new MAP. May '21: Score decreased from 12 to 8.

SR15	Failure of corporate governance	Pr ADGR	There is a risk of a corporate governance failure due to potential breaches of the Standing Orders, Scheme of Delegation, Code of Conduct, Code of Good Governance, Financial Memorandum and other relevant legislation, regulations and duties. This can result from lapses policy and procedure compliance and breakdowns in relationships within the Board and with the ELT/SMT. To treat this risk, the College will maintain and monitor sound governance procedures. ADGR in place to support and advise the Board, overseeing regular meetings of the Board and its committees, annual Board self-evaluation, triennial external review and Board Development Plan. Other measures include the Audit & Assurance Committee, the role of Senior Independent Member and internal/external auditors.	Oct '25: New ADGR is now in place. Aug '25: As reported by correspondence, a delay in the Scottish Government appointing a new Chair meant the Board was not properly constituted from 30 July to 14 August. All corrective actions within the College's control were taken, and the matter was resolved within the review window and before it had a material impact, so the risk score remains unchanged. Three new non-executive members joined in July, while two resigned on health grounds. Work to comply with the Charities Act 2023 regarding the trustee register and automatic disqualification has been completed. The annual Board Self-Evaluation Report and Development Plan have been completed. Recruitment for new ADGR is underway with interim cover and a comprehensive handover planned.	Averse	5	1	5	5	5	5	25	↔	Oct '25	Sept '23: Score decreased from 10 to 5. Aug '23: Edited for transfer to new MAP. April '23: Score increased from 5 to 10.
SR16	Failure of business continuity	ADGR	There is a risk of a failure of business continuity at the College as a result of potential disruption or breakdown in the essential operations and functions due to unexpected events or crises. This includes, but is not limited to, natural disasters, technological failures, cyberattacks, supply chain disruptions, or public health emergencies. To mitigate this risk, the College has an Incident Management Plan and 16 Business Recovery Plans in place to ensure the College's readiness to effectively respond to unforeseen events and maintain its operations with minimal disruption. The College also undertakes regular testing with third party support.	Aug '25: All recommendations from the exercise in May have been completed. May '25: An unannounced business continuity exercise was delivered in May. The College responded well to the test scenario and we are awaiting a report from from Ashton Resilience, which will be included in the paper tabled at the Audit & Assurance Committee in June. Feb '25: The College responded well to Storm Eowyn, aided by the new Incident Management Plan. Campuses closed on 24 January, with staff/students working from home, and re-opened on 27 January. Minor damage to campsues. Post-incident review carried out, with action implementation tracked by the Compliance Auditor and reported to AAC. Progress report on incident management and business continuity to be tabled at the AAC in June.	Averse	4	2	8	4	5	5	25	↔	Oct'25	Jan '25: Score decreased from 12 to 8. Aug '23: Edited for transfer to new MAP.
