WELCOME

City of Glasgow College is Scotland's largest technical and professional skills college with a choice of over 2000 courses delivered at our new state of the art campuses in the heart of Glasgow.

It's an exciting time to join the City of Glasgow College. Since our creation in 2010, we have transformed the delivery of college education. Whatever your background, your ambitions or your current abilities, our courses will help you take those first steps towards achieving your goals. Courses are structured to offer a ladder of opportunity so you can start with a short course and, if you have the ability, move on to more advanced courses.

Our students come from a wide range of backgrounds, cultures, ages and abilities - there is no such thing as a typical student these days. The thought of starting college can be intimidating - meeting new people, managing the workload, finding your way around the buildings and facilities, financing your studies - but remember that all new students are in the same position, so you are not alone and we are here to support you every step of the way.

We look forward to welcoming you to our amazing college and wish you every success with your studies!

INSPIRATION | EXCELLENCE | INNOVATION

TOP TEN REASONS FOR CHOOSING CITY

AWARD WINNING CAMPUSES

State of the art learning facilities include industry standard TV, radio and photography studios, professional kitchens, fully operational ships engine room and a ship simulator, and hair & beauty salons.

COURSE CHOICE

We offer nearly 2,000 courses which reflect our specialisms in certain fields along with different ways to attend college including full time, part time day, evening and Saturday mornings.

CITY CENTRE LOCATION

Our two campuses are just 15 minutes walk apart, easy to reach from all main transport hubs and close to great bars, restaurants and shops.

EXCELLENT REPUTATION

Our students and staff continually win many national and international awards.

EXCELLENT TEACHING STAFF

Courses come to life thanks to exceptional teaching staff with industry experience as well as a range of guest lecturers.

UNIVERSITY PROGRESSION

Progress even further, with our links to well-regarded degree courses.

BUSINESS LINKS

We know what employers want and work with 1500 industry partners. Our pioneering Industry Academies work closely with employers enabling you to graduate with relevant industry skills.

SUPPORT FOR YOUR LEARNING

Access our helpful services for all students, including finance and personal support.

EMPLOYABLE GRADUATES

Enter the job market with an internationally recognised qualification and work ready skills.

DIVERSITY

Our students come from all walks of life and a wide range of age groups. We welcome students from some 130 different countries and are one of the largest colleges in the UK for International activity.

CITY CAMPUS

City Campus on Cathedral Street opened in August 2016. The twin site super-college is equal to the size of 10 football pitches and at 80000sqm is one of the largest in Europe and is expected to serve up to 40,000 student enrolments a year. It has been meticulously and flexibly designed ensuring buildings that are adaptable for the future. The College features industry standard, state-of-the-art facilities that re-define further education in Scotland.

City Campus at a glance:

- Impressive atrium and reception spaces and welcoming touch down areas
- A large scale library three floors high with drop-in IT facilities and social learning space
- Roof gardens and two viewing terraces
- Over 500 learning spaces
- Advanced technology with high quality classrooms
- Industry standard TV and Radio studios
- A fully equipped aircraft training cabin
- Sixteen industry standard professional cookery kitchens
- Creative design and photography studios
- Sport Scotland standard sports complex
- Industrial sized construction trades area
- Scholars' fine dining restaurant - open to the public
- City Market - butchers, bakers, fishmongers - all open to the public
- Commercial hair salon, beauty salon and nail bar
- Business Centre.

RIVERSIDE CAMPUS

Situated on the banks of the River Clyde our Riverside Campus opened in August 2015. Together with City Campus on Glasgow's Cathedral Street it is part of a £228 million twin site super campus providing world class facilities for Glasgow, Scotland and the international community.

The award winning building is a world respected Maritime and STEM centre of Excellence. It is home to 2,000 Marine and Engineering students and offers 198-bed student accommodation which sits alongside the main college building, separated only by a continental style colonnade and garden area. The en-suite accommodation provides a safe, secure, clean and welcoming environment for all students who stay there.

Riverside Campus at a glance:

- A key STEM Centre of Excellence in Scotland
- The first women-only engineering and construction classes in Scotland
- The first 360 degree Shipping Simulation Suite in Scotland
- State-of-the-art Nautical Chart Rooms
- Marine Skills Centre with its own jetty, rescue lifeboats and a free fall lifeboat
- One of only four UK colleges recognised to deliver merchant marine officer training to Chief Engineer and Captain standards
- Hosting a bespoke working ships engine room with fully functioning engine and auxiliary generators
- Home to 2,000 Marine and Engineering students and 250 staff.

HOW WE TEACH

Our aim is to provide flexible and personalised learning opportunities to help you to develop and achieve your full potential.

- All courses include a mix of classroom and online delivery supported by the college virtual learning environment 'My City'
- You'll experience learning in an environment that reflects current practice, delivered by staff who have up-to-date skills and experience
- You'll develop the skills for learning, life and work through technologically advanced industry standard facilities
- You'll be encouraged to participate in work experience as part of the learning process and experience
- You'll be encouraged to monitor your own progress by planning your own learning and assessment
- Our approach to assessment helps to develop active, independent learning and allows you to apply your learning in a rounded way.

It is an exciting time to be involved in vocational, technical and professional education and I am continuously inspired by the students coming through our talent pipeline.

Douglas Morrison, Industry Academy

Delighted to be part of this forward thinking facility where students are the heart of what we do. By constantly growing and educating ourselves we are knowledgeable sector leaders that motivate and encourage self-motivation, in turn creating Industry leaders.

INTERNATIONAL
STUDENT
SUPPORT

140
DIFFERENT
NATIONALITIES

5000
INTERNATIONAL
ENROLMENTS

85
INTERNATIONAL
PARTNERS

We offer a huge range of world class courses and study options, and are delighted to offer international students a warm welcome to studying with us in Scotland.

City of Glasgow College students come from over 140 different countries giving our campuses a thoroughly multi-national feel and, with 5000 international student enrolments, the college certainly has global appeal. We provide Higher National Certificates (HNC) and Higher National Diplomas (HND). We also offer nautical and engineering programmes with partner institutions in a number of countries including India, Pakistan and Oman.

Accommodation

We offer modern student accommodation at Riverside Campus as well as at St Luke's Terrace, just a few minutes from the campus. We'd love you to stay in either of these but, if you'd prefer, there are also a number of private student halls across the city. You can also rent or lodge locally.

Entry Requirements (non EU)

To be offered a place on a course at City of Glasgow College, you must demonstrate that you meet the entry requirements for the programme you wish to study. We ask that your qualification is at an equivalent level to the required Scottish qualification. In addition, you may need to prove English proficiency with an approved International English Language Test Certificate (IELTS). Our International team is experienced in dealing with international qualifications and can answer any questions you may have.

Visas

It's very important that you prepare carefully for your Visa applications. All the necessary information to apply for your Visa and all requirements can be found at <http://www.cityofglasgowcollege.ac.uk/visa>. If you have any questions regarding your application process, please contact our International team.

For further assistance contact the International team:
Tel: +44(0) 141 375 5427 or
Email: international@cityofglasgowcollege.ac.uk

I chose CoGC because this is the best college for sea farers and a great opportunity for those who wish to make their future in the Merchant Navy.

*Muhammad Rafay Mallam, 20, Pakistan,
HND Marine Engineering*

Before diving into 4 years of university, I needed to be sure I wanted to pursue a career in Law and felt CoGC had the best programme to introduce me to the field.

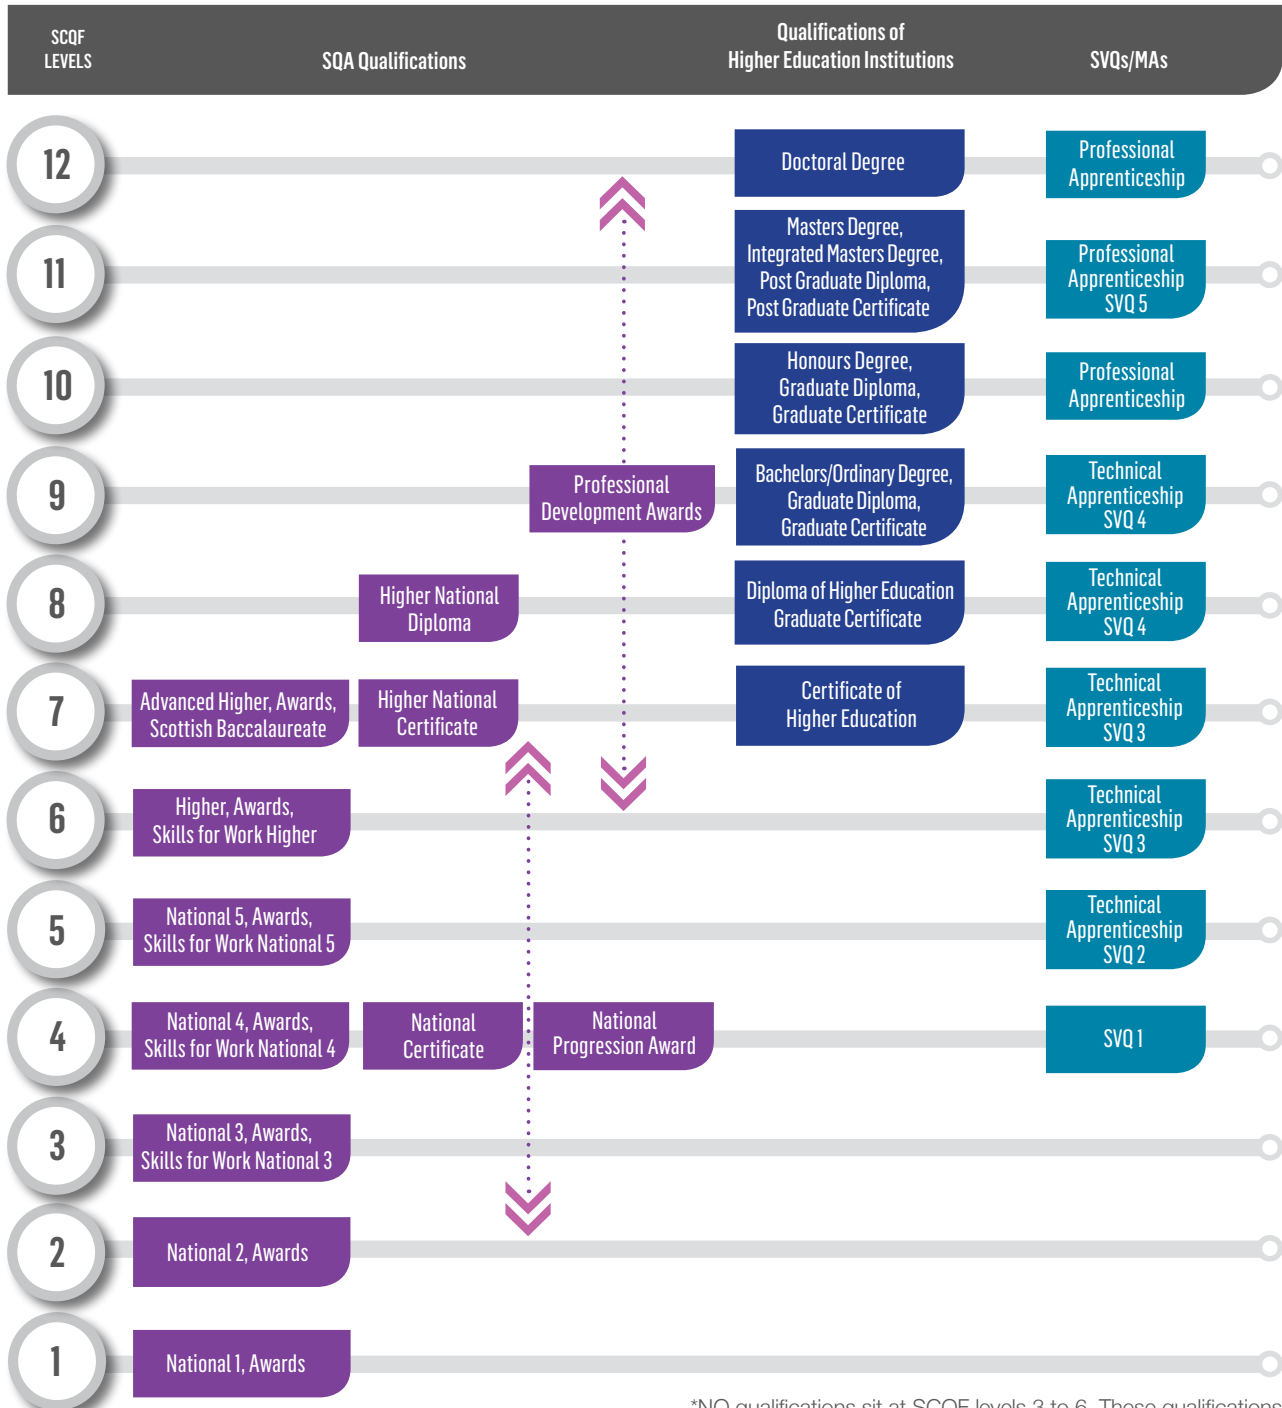

*By Elena Semple, 28yrs, Bolivia,
HND Legal Services*

THE SCOTTISH CREDIT AND QUALIFICATIONS FRAMEWORK

This diagram has been produced to show the mainstream Scottish qualifications already credit rated by SQA and Higher Education Institutions. However, there are a diverse number of learning programmes on the Framework, which, due to the limitations of this format, cannot be represented here.

For more information on other credit rated provision, please visit the SCQF website at www.scqf.org.uk to view the interactive version of the Framework or search the database.

*NQ qualifications sit at SCQF levels 3 to 6, These qualifications contain a group of SQA units which assist progression or employment.

STUDENT JOURNEYS

Our students go forward to innovate, excel and inspire! Discover the path to success these students chose:

Sean Kelly, HND Town Planning - Faculty of Building, Engineering & Energy • Employment: Senior Town Planner with Surrey County Council

2011 HND Town Planning at City of Glasgow College	2013 Scottish Government work placement	2014 3rd year direct entry, City & Regional Planning Degree at Oxford Brookes University	2015 Research project in Brazil 'Urban Design Study'	2016 Planning Officer with local authority	2016 International Planning Masters Degree at Oxford Brookes University
--	--	---	---	---	--

Jujhar 'Sonny' Dhanda, HND Legal Services - Faculty of Business • Employment: Gibson, Dunn & Crutcher LLP

2002 NQ Legal Services at City of Glasgow College	2003 HND Legal Services at City of Glasgow College	2005 Accepted to LBB program at University of Glasgow	2009 Graduated and joined the UK civil service	2011 Attended Oxford University	2012 Kennedy Scholarship to Harvard Law School	2015 Working with Wall Street law firm	2016 Legal scientist at Silicon Valley technology company

Tracey MacLean, HND Nautical Science - Faculty of Nautical Studies • Employment: Operations Manager at Teekay Gas Services

2006 Principal Navigation Officer at BP Shipping	2009 Anchor Handling Operative at Swire Pacific Offshore	2009 HND Nautical Science at City of Glasgow College	2011 Simulator Training for Deck Officers at City of Glasgow College	2011 Class 2 Written exams at City of Glasgow College	2011 Class 3 Oral exams at City of Glasgow College	2012 LNG Voyage Operations manager at Teekay Gas Services
---	---	---	---	--	---	--

FURTHER INFO

The information below applies to the majority of our courses:

- If you don't have the required qualifications, we'll consider you for a place based on your experience - contact course leaders for more information
- Students studying for a two year HND can choose to leave after one year of study with an HNC
- Some HND courses accept students direct into 2nd year of the HND - full details can be found on our website
- Once you've finished your course, you have the option to move onto a higher level course:
 - NC/NQ - Apply for relevant HNC/HND courses at our college
 - HNC/D - Apply for degree level courses
- Alternatively, you can go into related employment. Full details on opportunities available after you've completed your course are available on our website.

This prospectus provides a summarised version of all our full time courses - further information can be found on our website or you can email the contact provided at the end of each course.

If you meet the minimum entry requirements (and there are still places available) you will be invited for a group and/or individual interview where you will have the opportunity to find out more about the course and tell us why you are interested in this subject area.

This prospectus details the minimum entry requirements for courses. However, there are some courses which have additional selection requirements, i.e. practical assessments, portfolio, audition.

MODERN APPRENTICESHIPS

GET A JOB. GET PAID. GET QUALIFIED

Overview of Modern Apprenticeships (MAs)

At City of Glasgow College we offer a range of Modern Apprenticeship programmes. These include:

- Hairdressing
- Procurement
- Diploma in Community Arts
- Maritime Operations
- Barbering
- Creative and Digital Media
- ICT

MAs are funded through Skills Development Scotland and are aimed at anyone over the age of 16, in employment and who wish to earn a wage while they learn. From day one you will have a real job, with real pay, whilst gaining skills, hands on experience and working towards an industry recognised qualification.

Benefits of Modern Apprenticeships

There are a number key benefits which a Modern Apprenticeship can offer you including:

- Kick starting your career in your chosen industry sector
- Easing the transition from education to work
- Real career prospects
- Increasing your confidence and skills.

How we deliver Modern Apprenticeships

MAs can be delivered in a variety of different ways, however at City of Glasgow College most will contain an element of on and off-the-job training and assessment. The qualification you will work towards is a Scottish Vocational Qualification (SVQ) at Level 2 or 3 and will relate directly to the job or industry sector you are working in - some frameworks also include enhancements such as HNC/HND. In addition, you will achieve core skills in Communication, Numeracy, Information Technology, Problem Solving and Working with Others.

How to Apply

The most common way to apply is to find an employer who is willing to employ you and support you through your apprenticeship programme - please visit apprenticeships.scot to assist you in your search for that perfect employer.

Contact

Call us on **0141 375 5160/5166** to chat to one of our dedicated Workforce Development Team who will be happy to help, or alternatively you can email us at apprenticeships@cityofglasgowcollege.ac.uk

GRADUATE EMPLOYERS

Over 100 graduate employers come on to our campuses each year to meet our students. Here are just a few...

• Santander • Bank of Scotland • Lloyds Banking Group • HSBC • Barclays • Axa Insurance • Aviva • CMS Cameron McKenna • WEIR Engineering • NCC group • Institute of Innovation and Knowledge Exchange • Spire Engineering • Siemens • Network Rail • EQUATE Scotland • Scottish Power • Actavo • Active Schools - Eastbank Learning Community • Glasgow City Council - Active Schools • Scottish Football Association • Emirates Arena • Celtic Football Club • Rangers Football Club • Challenger Sports • Sports Scotland • Triathlon Scotland • Football Aid and Field of Dreams • Clydebank Pure Gym • Chardon d'Or • Glasgow Hilton Hotel • QD Events • The Caledonian Club • Springboard Scotland • Salon 1873 • Equator • STV • BBC • The Sun • The Herald • Glasgow Life • Raise the Roof • Page / Park Architects • IWC Media • Keppie Design • Made Brave • Weber Shandwick • Levy McCallum • Axis • Royal Television Society • Clyde Marine Training • Ship Safe Training Group Ltd • Carnival UK • DFDS • RFA (Royal Forces Auxiliary) • V Ships • Princess Cruises • Anglo Eastern • Chevron • Chiltern Maritime • Maritine • CalMac Ferries • Sonangol Shipping • Teekay Shipping Corporation • Oman Shipping Company S.A.O.C. • Royal Yachts/Royal Court Affairs/ Muscat - Sultanate of Oman • MCT Brattberg • BMI Healthcare • NHS

INSPIRATION | EXCELLENCE | INNOVATION

WHAT EMPLOYERS SAY

City of Glasgow College have embedded and championed STEM skills development through innovative thinking and excellent delivery through real world relevance.

*Colin McMurray, Managing Director, **Clyde Marine Training***

We have recently started working with City of Glasgow College to help fulfil our skills gap for Deck & Marine Engineering Officers. City of Glasgow's new facilities are outstanding and provide our cadets with a realistic environment for their training, along with the great pastoral support too. Carnival UK are excited to be working with City of Glasgow again and the opportunities they offer.

*Kirsty Dawson, Acting Cadet Training Manager, **Carnival UK***

Challenger Sports has been positively affiliated with City of Glasgow College and the former colleges from as early as 2005. Having established firm relations we have made City of Glasgow College a priority in our recruitment of summer camp Coaches in the USA. Many of the current and former students at the college have been successful in their roles as camp coach and all students employed from the college have been invited as returners to be re-employed with Challenger Sports. In many cases students who have completed their second year in their HND have opted to return to the USA and continue coaching either prior to university or in a more permanent role.

*Donna Guthrie, Area Recruitment Coordinator (Scotland), **Challenger Sports***

I believe the quality training that the students receive from City gives them a great start to their career and helps enormously to integrate them within our team and also the food service industry in general. Another advantage is that we see a constant stream of fresh talent who are passionate about the Food Industry and are willing to develop their skills.

*Derek Donaldson, Executive Chef, **Glasgow Hilton Hotel***

Engaging with the college was a fantastic move for the company allowing us access to students with an excellent knowledge of the events industry, whilst offering them experience of a live event.

*Fran McIntyre, Managing Director, **QD Events***

BUILT ENVIRONMENT

BUILT ENVIRONMENT NC

(SCQF Level 6)

Course overview

This course will prepare you for an entry level technician position in the construction industry or further study. You'll receive all the basic knowledge and skills you need, delivered by staff with industry experience. Although mainly theory based, the course includes site visits to help you place your learning in context.

There is a January start version of this course.

Minimum entry requirements

- Relevant group of units or courses at Intermediate Level 1 or 2 OR
- Three Standard Grade passes at Credit Level, preferably with Maths, English and a Science OR
- Three National 5 qualifications, preferably with Maths, English and a Science OR
- Relevant construction industry experience and the commitment and capacity to cope with the academic content of the course.

Contact

frank.boyle@cityofglasgowcollege.ac.uk

BUILT ENVIRONMENT HNC

(SCQF Level 7)

Course overview

This course is a technician level qualification that will provide you with the basics you'll need to enter into a career in the construction industry. It's ideal for those who want to pursue a technician level career in the industry, but haven't yet chosen a specialism. On completing the course, you can progress straight to the second year HND programme without having to do any extra units.

Minimum entry requirements

- One Higher at Grade C or above, preferably in Maths or a Science OR
- National Certificate in Built Environment, or equivalent qualification at SCQF Level 6 OR
- Relevant construction industry experience and the commitment and capacity to cope with the academic content of the course.

Contact

michael.galbraith@cityofglasgowcollege.ac.uk

ARCHITECTURAL TECHNOLOGY HND (SCQF Level 8)

Course overview

This course combines a general first year with a specialist second year curriculum. It'll give you the skills required for employment in this industry sector. You'll have the opportunity to go on site visits around the West of Scotland to give you an understanding of contemporary relevance. This is a two-year HND which accepts direct entrants to year two.

Minimum entry requirements

Year one entry:

- Two Highers at Grade C or above, preferably including Maths or a Science OR
- A National Certificate in Built Environment or equivalent qualification at SCQF Level 6 OR
- Relevant experience and the ability to show the commitment and capacity required to cope with the academic content of the course.

Year two entry:

- HNC in Construction or Built Environment OR
- It may also be possible to gain entry with an HNC in Architectural Technology, depending on the units that have been covered in the HNC. Students who gain entry with this qualification will require a bespoke infill programme, so each application will be considered on an individual basis.

Contact

frank.boyle@cityofglasgowcollege.ac.uk

BUILDING SURVEYING HND (SCQF Level 8)

Course overview

The technician level qualification combines a general first year with a more specialist second year curriculum, providing you with the skills required for employment in this sector. This is a two-year HND which accepts direct entrants to year two of the course.

Minimum entry requirements

Year one entry:

- Two Highers at Grade C or above, preferably including Maths or a Science OR
- A National Certificate in Built Environment or equivalent qualification at SCQF Level 6 OR
- Relevant construction industry experience and the ability to show the commitment and capacity needed to cope with the academic content of the course.

Year two entry:

- HNC in Construction or Built Environment OR
- It may also be possible to gain entry with an HNC in Building Surveying. Students who gain entry with this qualification will require a bespoke infill programme, so each application will be considered on an individual basis.

Contact

paul.lowne@cityofglasgowcollege.ac.uk

QUANTITY SURVEYING HND

(SCQF Level 8)

Course overview

Quantity Surveyors manage all costs relating to building and civil engineering projects, from the early design plans through to completion. They seek to minimise the costs of a project and enhance value, while still achieving the required standards and quality. This technician level course combines an industry specific first year with a more specific second year, providing you the skills for employment in this sector.

Minimum entry requirements

Year one entry:

- Two Highers at Grade C or above, preferably including Maths or a Science OR
- A National Certificate in Built Environment or equivalent qualification at SCQF Level 6 OR
- Relevant construction industry experience and the ability to show the commitment and capacity required to cope with the academic content of the course.

Year two entry:

- HNC in Construction or Built Environment OR
- Year 1 of an HND Quantity Surveying.

Contact

paul.lowne@cityofglasgowcollege.ac.uk

CONSTRUCTION MANAGEMENT

HND (SCQF Level 8)

Course overview

This course combines a broad based construction industry first year with a more specialist second year curriculum, teaching you the skills you need for employment in this highly demanding sector. Construction Managers supervise and direct operations on a construction project to make sure it is completed safely, on time and within budget.

Minimum entry requirements

Year one entry:

- Two Highers at Grade C or above, preferably including Maths or a Science OR
- A National Certificate in Built Environment or equivalent qualification at SCQF Level 6 OR
- Relevant construction industry experience and the ability to show the commitment and capacity required to cope with the academic content of the course.

Year two entry:

- HNC in Construction Management
- Year 1 of an HND Construction Management.

Contact

martin.reid@cityofglasgowcollege.ac.uk

COMPUTER AIDED ARCHITECTURAL DESIGN & TECHNOLOGY HND

(SCQF Level 8)

Course overview

This is a technician level qualification focusing on the use of Computer Aided Design software in construction and equipping you with the skills required for employment in this sector. An Architectural Technologist is a specialist in the technological aspects of building design and construction, bridging the gap between design theory and construction practice.

This is a two-year HND and will NOT accept direct entrants to Year 2 of the course in 2017/18.

Minimum entry requirements

- Two Highers at Grade C or above in Maths, English, Graphics, Product Design or a Science and at least three passes at a minimum of Standard Grade Level 3 or National 4 that include Maths, English and a Technical, ICT or Design related subject OR
- A National Certificate in Computer Aided Design & Technology or equivalent qualification at SCQF Level 6 OR
- Relevant experience or alternative qualifications will be considered. You should also have a sound knowledge and be competent users of ICT.

Contact

martin.reid@cityofglasgowcollege.ac.uk

CONSTRUCTION CRAFTS

EXTENDED CERTIFICATE IN CONSTRUCTION SKILLS CITY & GUILDS (SCQF Level 3)

Course overview

This course provides learners with an introduction into the Construction Industry. During this course you'll gain experience and knowledge in a variety of construction trades. On successful completion of this course you'll receive an Extended Certificate in Construction Skills at SCQF level 3.

This 6 month course has August & January start options.

Minimum entry requirements

There are no formal entrance qualifications, but you should be interested in construction and be able to demonstrate this during the application process, as well as in the compulsory pre-course guidance sessions.

Contact

george.robertson@cityofglasgowcollege.ac.uk

john.george@cityofglasgowcollege.ac.uk

CARPENTRY & JOINERY CITY & GUILDS (SCQF Level 4)

Course overview

This course will introduce you to carpentry and joinery skills. You will learn, develop and practice the skills required for employment within the construction industry.

This 6 month course has August & January start options.

Minimum entry requirements

There are no formal entry qualifications but you should be interested in carpentry and joinery and be able to demonstrate this during the application process, as well as in the compulsory pre-course guidance sessions.

CARPENTRY & JOINERY CITY & GUILDS

(SCQF Level 5) - January start

Course overview

This course is suited to those who have previous experience in Carpentry and Joinery and would like to develop their skills further. Subjects studied include setting up and operating a circular saw along with producing setting out details for bench joinery.

Minimum entry requirements

- City and Guilds Diploma in Carpentry and Joinery at SCQF Level 4 or equivalent OR
- Relevant qualifications at National 4 (technical) OR
- Relevant industrial experience.

Contact

george.roberston@cityofglasgowcollege.ac.uk

CARPENTRY & JOINERY NQ *(SCQF Level 6)*

Course overview

You'll study the practical and theoretical elements of carpentry and joinery, helping you develop skills that will stand you in good stead for a career in the industry. This is a college devised course but you'll receive certification from the SQA for the units you've achieved.

Minimum entry requirements

- Two Standard Grades at General Level including English, Maths, a Science based subject or equivalent OR
- Two National 4 qualifications, preferably English, Maths, a Science based subject or equivalent OR
- Personal experience.

Contact

scott.anderson@cityofglasgowcollege.ac.uk

CONSTRUCTION CRAFTS NQ *(SCQF Level 6)*

Course overview

This course offers you practical, transferable skills and theoretical knowledge of the construction industry to help you find employment.

Minimum entry requirements

- One National 5 qualification OR
- Completion of NPA or City & Guilds Construction course.

Contact

WALL & FLOOR TILING CITY & GUILDS DIPLOMA

(SCQF Level 4)

Course overview

You'll study the practical and theoretical aspects of wall and floor tiling, which will prepare you for working in the construction industry. You will also have the opportunity to develop transferable skills, which are important if you seek to gain employment within the industry.

This 6 month course has August & January start options.

Minimum entry requirements

- You must demonstrate an interest in wall and floor tiling OR
- One National 4 level qualification, preferably in English, Maths, or a Science subject or equivalent OR
- Experience in a building related occupation OR
- Industry experience.

andy.pollock@cityofglasgowcollege.ac.uk

ENGINEERING & ENERGY

SMART METERING BPEC DIPLOMA (SCQF Level 2)

Course overview

This course will allow you to seek employment as a smart meter installer (Gas). This full time course is nineteen weeks in duration, consisting of a mixture of college delivered curriculum and a twelve week placement to allow the completion of a practical portfolio. Course subjects include gas pipework and fitting, gas pressures and rates, gas appliances, carbon monoxide monitor and testing processes. Successful completion of the course leads to guaranteed employment opportunities.

Minimum entry requirements

- National 4 / Standard grade English /Maths.

You must also:

- Have a driver's license (any endorsements will be reviewed on an individual basis)
- Be capable of obtaining PVG clearance
- Successfully complete communications/numeracy assessment
- Successfully undertake colour blindness assessment
- Demonstrate good communication skills.

Contact

john.sweeney@cityofglasgowcollege.ac.uk

ENGINEERING ACCESS (SCQF Level 6)

Course overview

This course will give you the skills you need to study Mechanical Engineering at an advanced level at college or university. You will study Higher Level Maths and Physics, as well as introductory units in Mechanical Engineering. The course also covers a range of practical skills such as Communication, ICT, Statics, Dynamics and Thermofluids. In addition, you'll complete a practical Engineering workshop skills unit.

Minimum entry requirements

- At least B Grade passes in Maths, English and a Science at National 5 or Intermediate 2 Level OR
- Maths, English and a Science Standard Grade at Level 2 or above.

This course is also designed to encourage mature entry students to return to education.

Contact

steven.reilly@cityofglasgowcollege.ac.uk

ENGINEERING SYSTEMS NC

(SCQF Level 5)

Course overview

During this course, you'll develop all the knowledge, understanding and skills you need for a systems approach to engineering. You'll also be shown how to work at craft level or progress to technician level courses.

Minimum entry requirements

- Standard Grade General Level Maths and a Science OR
- National 4 pass or above.

Contact

steven.reilly@cityofglasgowcollege.ac.uk

PERFORMING ENGINEERING OPERATIONS NQ

(SCQF Level 5)

Course overview

This is a hands-on course designed to introduce you to the engineering workshop.

Minimum entry requirements

- Standard Grade General Level in Maths and a Science OR
- National 4 pass or above.

Contact

steven.reilly@cityofglasgowcollege.ac.uk

ENGINEERING SYSTEMS HNC

(SCQF Level 7)

Course overview

The course will give you an all round knowledge of how engineering systems function and contribute to modern day industrial applications. It incorporates practical content designed to prepare you for 'real life' scenarios in current working environments.

The diversity of the subjects studied will give you the opportunity to explore various disciplines including Mechanical Engineering, Systems Engineering and Renewable energies.

Minimum entry requirements

- One Higher from Physics, Technological Studies, Mechatronics or Maths and at least three Standard Grades / Intermediate passes including Maths, Physics, Technological Studies and English OR
- A National Certificate Group Award in Engineering Systems.

Contact

steven.reilly@cityofglasgowcollege.ac.uk

ELECTRONICS HNC

(SCQF Level 7)

Course overview

This course teaches the basics you will need to pursue a career as an Electronic Engineer. The journey to becoming a professional engineer starts by building and testing your own CityBytes microcomputer board. The board is used to study electronic circuits and learning how to program embedded devices using 'C' programming language.

Minimum entry requirements

- Two Highers at Grade C or above including Maths and a Science subject, preferably Physics OR
- An NC in an appropriate engineering subject OR
- Mature students who don't meet these requirements will be considered on the basis of their experience.

Contact

tom.ralph@cityofglasgowcollege.ac.uk

ELECTRONICS HND

(SCQF Level 8)

Course overview

This course starts with you building and testing your own CityBytes microcomputer board. The board is integrated into the study of electronic circuits and you will also use it to learn how to program embedded devices using 'C' programming language. The course reinforces theory with extensive practical work culminating in a substantial practical project.

Minimum entry requirements

Year one entry:

- Two Highers at Grade C or above including Maths and preferably Physics OR
- Other qualifications and experience AND
- You need a sound Mathematical grounding for entry to the course.

Year two entry:

- HNC Electronics OR
- Year 1 of an HND Electronics.

Contact

tom.ralph@cityofglasgowcollege.ac.uk

THE ENGINEERING ACADEMY

The College has worked in collaboration with the University of Strathclyde, industry and other colleges to create The Engineering Academy.

You can study an enhanced HNC in Mechanical Engineering at the college and if you achieve the required performance (successful completion of all the units and an A in the Graded Unit) you will be guaranteed transfer to 2nd year of an undergraduate degree within one of the following Faculty of Engineering departments at the University of Strathclyde:

- Civil & Environmental Engineering
- Design, Manufacture & Engineering Management
- Mechanical & Aerospace Engineering
- Naval Architecture, Ocean and Marine Engineering.

Applications for The Engineering Academy should be made via UCAS. The UCAS code for The Engineering Academy is OBRT. You don't need to complete a separate application for the HNC programme at the College.

Contact

john.sweeney@cityofglasgowcollege.ac.uk

MECHANICAL MAINTENANCE NC (SCQF Level 5)

Course overview

The course will introduce you to specific mechanical engineering subjects to support and develop your theoretical mechanical maintenance engineering knowledge. Successful completion of the course will let you progress to a Higher National course in Mechanical Maintenance Engineering or into employment.

Minimum entry requirements

- National 5 passes in Maths and a Science, or Technical subject.

Contact

steven.reilly@cityofglasgowcollege.ac.uk

WOMEN INTO ENGINEERING HNC (SCQF Level 7)

Course overview

Women are under-represented in the engineering industry. This course - only open to women - will give you the skills, knowledge and understanding you'll need for a career in mechanical engineering. In partnership with Equate, we'll offer you a suitable mentor throughout the course.

Minimum entry requirements

- NC in an appropriate Mechanical Engineering subject OR
- Two Highers in Maths and one other subject, preferably Physics.

Contact

john.sweeney@cityofglasgowcollege.ac.uk

MECHANICAL ENGINEERING NC

(SCQF Level 6)

Course overview

This course allows you to develop technical engineering skills in regards to the area of mechanical engineering. You must have a sound knowledge of mathematics. This course involves the use of the colleges extensive engineering equipment which includes a fully functional mechanical workshop and specialist labs.

Minimum entry requirements

- National 5 passes in Maths and a Science or Technical subject.

Contact

steven.reilly@cityofglasgowcollege.ac.uk

ENGINEERING: MECHANICAL HNC

(SCQF Level 7)

Course overview

The course gives you the skills, knowledge and understanding that you'll need for a career in mechanical engineering. You'll be able to use facilities at the college such as our fully equipped engineering workshop, pneumatic and hydraulic labs and computer labs running CAD software.

Minimum entry requirements

- NC in an appropriate Mechanical Engineering subject OR
- Two Highers at Grade C or above in Maths and one other preferably Physics.

Contact

john.sweeney@cityofglasgowcollege.ac.uk

ENGINEERING: MECHANICAL HND

(SCQF Level 8)

Course overview

This two year course allows you to study mechanical engineering to a professional standard. You will use the college's extensive engineering equipment which includes a fully functioning mechanical workshop, computer labs running CAD design software and hydraulic pneumatic software.

Minimum entry requirements

Year one entry:

- NC in an appropriate Mechanical Engineering subject OR
- Two Highers at Grade C or above in Maths and one other preferably Physics.

Year two entry:

- HNC in Mechanical Engineering OR
- Year 1 of an HND Mechanical Engineering.

Contact

john.sweeney@cityofglasgowcollege.ac.uk

ELECTRICAL ENGINEERING NC

(SCQF Level 5)

Course overview

Looking to become a technician or technical engineer? This course will develop your theoretical and practical knowledge of the industry, as well as helping with the specific skills you'll need to succeed in the industry.

Minimum entry requirements

- Four National 4 qualifications OR
- Four Standard Grades at 4 or above or the equivalent at Intermediate
- Entry may still be possible for mature students depending on prior skills and knowledge.

Contact

calum.macdonald@cityofglasgowcollege.ac.uk

ENGINEERING: ELECTRICAL HNC

(SCQF Level 7)

Course overview

This course prepares you to become a Technician or Technical Engineer in the electrical engineering industry which deals with the production, transmission, distribution and application of electricity and the manufacturing, installation and maintenance of electrical equipment.

Minimum entry requirements

- NC in an appropriate Engineering subject OR
- Two Highers at Grade C or above in Maths and one other, preferably Physics.

Contact

calum.macdonald@cityofglasgowcollege.ac.uk

ELECTRICAL ENGINEERING NC

(SCQF Level 6)

Course overview

This course will equip you with a thorough understanding of the knowledge surrounding electrical engineering technologies. You will gain an understanding of how electrical circuits work, the variety of components and systems that you may encounter in the electrical industry together with the tools to work in the sector.

Minimum entry requirements

- Four National 5 or four Standard Grades at Credit Level or equivalent Intermediate 2, ideally including Maths or a Science OR
- NC in Electrical Engineering at Level 5
- Entry may be possible for mature students depending on prior skills and knowledge.

Contact

calum.macdonald@cityofglasgowcollege.ac.uk

ENGINEERING: ELECTRICAL HND

(SCQF Level 8)

Course overview

During the course you'll develop skills over a range of science disciplines. The course is designed for Higher Level technicians in the electrical engineering industry which deals with the production, transmission, distribution and application of electricity and the manufacture, installation and maintenance of electrical equipment.

Minimum entry requirements

Year one entry:

- NC in an appropriate Engineering subject OR
- Two Higher Grades - Maths and one other, preferably Physics.

Year two entry:

- HNC in an appropriate Engineering subject OR
- Successful completion of HNC or HND first year at City of Glasgow College.

Contact

calum.macdonald@cityofglasgowcollege.ac.uk

If you meet the minimum entry requirements (and there are still places available) you will be invited for a group and/or individual interview where you will get the opportunity to find out more about the course and tell us why you are interested in this subject area.

This prospectus details the minimum entry requirements for courses. However, there are some courses which have additional selection requirements, i.e. practical assessments, portfolio, audition. Please visit the website where any additional requirements are detailed.

ACCOUNTING

ACCOUNTING NC

(SCQF Level 5)

Course overview

This course provides you with a solid introduction to financial and accounting management. It will provide you with the necessary skills and knowledge in accounting procedures and techniques to enable you to progress on to work or continuing study.

Minimum entry requirements

- Three relevant* courses at National 4 or National 5** Level at Grade C or above OR
- Equivalent qualifications
- Relevant work experience will be considered where employer referee details have been supplied.

* Qualifications can include a maximum of one from the following list: Art & Design, Design & Manufacture, Drama, Graphic Communications, Health and Food Technology, Languages, Music, Media, Photography, Physical Education, ESOL.

** A minimum of one qualifications must be at National 5 level.

Contact

maddy.coats@cityofglasgowcollege.ac.uk

ACCOUNTING HNC

(SCQF Level 7)

Course overview

The course has been designed to meet the demands and requirements of the Accounting industry. Opportunities are provided to develop your skills, knowledge and understanding in preparation for employment or for progression to courses such as AAT Level 8 or HND Accounting.

Minimum entry requirements

- One relevant* Higher at Grade C or above OR
- Three relevant National 5 courses at Grade A OR
- Successful completion of an NC/NQ** containing more than one unit at SCQF Level 6 OR
- Alternative equivalent qualifications will be considered

* Qualifications cannot include any from the following list: Art and Design, Design and Manufacture, Drama, Graphic Communications, Health and Food Technology, Languages, Music, Media, Photography, Physical Education, ESOL.

** Internal applicants must complete all 16 credits undertaken in the NC qualification.

Contact

tracey.marshall@cityofglasgowcollege.ac.uk

ACCOUNTING HND

(SCQF Level 8)

Course overview

This course has been designed to meet the demands and requirements of the accounting industry. Opportunities are provided to develop your skills, knowledge and understanding in preparation for employment or for progression to further study at university, or for courses run by professional accounting organisations like ACCA, CIPFA and CIMA.

Minimum entry requirements

Year one entry:

- Two relevant* Highers at Grade C or above OR
- Successful completion of an NC/NQ** with a minimum of 2 units at SCQF Level 6 OR
- Relevant work experience will be considered where employer referee details have been supplied
- Equivalent qualifications will be considered.

* Qualifications cannot include any from the following list: Art and Design, Design and Manufacture, Drama, Graphic Communications, Health and Food Technology, Languages, Music, Media, Photography, Physical Education, ESOL.

** Internal applicants must complete all 16 credits undertaken in the NC qualification.

Year two entry:

- Successful completion of a full time HNC Accounting course with 15 credits, a Grade A in the Graded Unit and all mandatory units, OR
- Successful completion of a part time HNC Accounting course with 12 credits, with a Grade A in the Graded Unit and all mandatory units.

Year one: tracey.marshall@cityofglasgowcollege.ac.uk

Year two: chris.atkinson@cityofglasgowcollege.ac.uk

FINANCIAL SERVICES HNC

(SCQF Level 7)

Course overview

This HND will provide you with the key competencies required for entering the financial services industry as a trainee or a technical level, or for anyone already working in such a position but wishing to lay the foundation of a professional career. The second year develops your understanding of areas such as Pensions, Insurance and Investments.

Minimum entry requirements

- One relevant* Higher at Grade C or above OR
- Three relevant* National 5 courses at Grade A OR
- Successful completion of an NC/NQ OR
- Successful completion of a Foundation Apprenticeship in Financial Services
- Successful completion of an NPA in Financial Services
- Equivalent qualifications will be considered
- Relevant work experience will be considered where employer referee details have been supplied.

* Qualifications cannot include any from the following list: Art and Design, Design and Manufacture, Drama, Graphic Communications, Health and Food Technology, Languages, Music, Media, Photography, Physical Education, ESOL.

Contact

tracey.marshall@cityofglasgowcollege.ac.uk

FINANCIAL SERVICES HND

(SCQF Level 8) 2nd Year Applicants Only

Course overview

This HND year 2 is a continuation from the HNC course and is designed to provide you with the key competencies required by anyone entering the Financial Services Industry as a trainee, or at a technical level, or for anyone already working in such a position but wishing to lay the foundation of a professional career. It develops your understanding in areas such as Pensions, Insurance and Investments.

Minimum entry requirements

- Successful completion of a full time HNC Financial Services course with 15 credits, with a Grade A in the graded unit and all mandatory units.

Contact

tracey.marshall@cityofglasgowcollege.ac.uk

ADMINISTRATION & LAW

ADMINISTRATION NC

(SCQF Level 5)

Course overview

This course gives you the skills and knowledge required for taking the first step into a career in administration in a business environment. Assessments during the course are ongoing and involve theory and practical based elements.

Minimum entry requirements

- Three or more relevant* National 4 qualifications and a minimum of one National 5 qualification in a relevant* subject (or equivalent qualifications)
- Relevant work experience will be considered.

* Relevant academic subjects include English, Administration, Business Management, Economics, Geography, History, Mathematics, Modern Studies or a Science subject.

Contact

peter.provan@cityofglasgowcollege.ac.uk

ADMINISTRATION & INFORMATION TECHNOLOGY HNC

(SCQF Level 7)

Course overview

The HNC provides a broad range of office-based skills and knowledge required to undertake a career in office administration. You'll develop specialist skills in ICT, desktop publishing, communication, research and planning.

Minimum entry requirements

- One Higher at Grade C or above in a relevant academic subject* OR
- NC in Administration (with at least 3 units at Level 6) OR
- Other appropriate and relevant NC courses (with at least 3 units at Level 6) may be considered
- Relevant office based work experience will also be considered.

* Relevant academic subjects include English, Administration, Business Management, Economics, Geography, History, Mathematics, Modern Studies or a Science Subject.

Contact

peter.provan@cityofglasgowcollege.ac.uk

ADMINISTRATION & INFORMATION TECHNOLOGY HND

(SCQF Level 8)

Course overview

This course will provide you with a broad range of office-based skills and knowledge required for a career in office administration. You'll develop specialist skills in IT, desktop publishing, communication, research and planning. This course accepts year two direct entrants.

Minimum entry requirements

Year one entry:

- Two Highers at Grade C or above in a relevant academic* subject
- Relevant work experience may be considered.

* Relevant academic subjects include English, Administration, Business Management, Economics, Geography, History, Mathematics, Modern Studies or a Science Subject.

Year two entry:

- HNC Administration and Information Technology OR
- Year 1 of an HND Administration and Information Technology.

Contact

peter.provan@cityofglasgowcollege.ac.uk

ADMINISTRATION & INFORMATION TECHNOLOGY (WITH DIGITAL COMMUNICATION) HNC

(SCQF Level 7)

Course overview

The increased digitisation of the workplace has meant there is a demand for administrators to have increased digital skills. This course fills the gap.

Minimum entry requirements

- One Higher at Grade C or above in a relevant academic* subject OR
- NC in Administration (with at least 3 units at Level 6) OR
- Other appropriate and relevant NC courses (with at least 3 units at Level 6) may be considered
- Relevant work experience may be considered.

* Relevant academic subjects include English, Administration, Business Management, Economics, Geography, History, Mathematics, Modern Studies or a Science Subject.

Contact

peter.provan@cityofglasgowcollege.ac.uk

LEGAL SERVICES (WITH CRIMINOLOGY & POLICE STUDIES) HNC (SCQF Level 7)

Course overview

This course is based around Scottish Criminal Law and Criminal Procedures, Criminology, Contemporary Policing and the Criminal Justice System in Scotland. You'll look at the role of the citizen within society, the rights and obligations of the private citizen across commercial, property and private matters, the principle of equality, fairness and the role of government and other agencies in maintaining and regulating the rights of the individual.

Minimum entry requirements

- One Higher at Grade C or above, preferably English, History, Modern Studies a related subject and three Intermediate 2 at Grade C or above, preferably including English, History, Modern Studies or a related subject OR
- An NC qualification at Level 6
- If you don't have the standard entry qualifications but have an employment history and are looking for a career change, you can be considered subject to review of that work experience.

Contact

peter.provan@cityofglasgowcollege.ac.uk

LEGAL SERVICES HND (SCQF Level 8)

Course overview

The HND is an excellent foundation course in law which, at the end of the two years of study, provides a recognised professional qualification to enter the Scottish paralegal profession or you can progress to study law in depth.

You will be introduced to notions of equality, society, discrimination, prejudice and the rule of law.

Minimum entry requirements

Year one entry:

- Two Highers at C or above. One Higher must be in English, Modern Studies, History, Psychology or a related subject - other Highers may be considered (including those who have previously achieved Highers in sciences and languages and who now are considering a change of career path) OR
- An NC/NQ Level 6 in Legal or Business related subject OR
- Relevant experience of employment.

Year two entry:

- HNC Legal Services OR
- Year 1 of an HND Legal Services.

Contact

peter.provan@cityofglasgowcollege.ac.uk

APPLIED COMPUTING & DIGITAL TECHNOLOGIES

CONNECT WITH YOUR FUTURE INTRODUCTION

(SCQF Level 4)

Course overview

This course allows students with no formal qualifications to gain a basic knowledge of the business world, making them more attractive to employers and able to progress to Higher Level programmes at the college. You will work in teams on a business project and have the opportunity to study units in a variety of topics like computing, administration and tourism.

Minimum entry requirements

No qualifications necessary.

Contact

douglas.liddle@cityofglasgowcollege.ac.uk

COMPUTER ARTS & ANIMATION NC

(SCQF Level 5)

Course overview

This creative computing course provides a sound overview of the key elements of computer arts and animation, giving you the practical and theoretical knowledge you need to progress to higher level courses in a range of areas including 3D Computer Animation and Web Development.

Minimum entry requirements

- Three National Level 4 passes in English and Maths/ Numeracy and preferably an Arts based subject OR
- Three National Units including Intermediate 1 English and Maths/Numeracy and preferably an Arts based subject OR
- Three Standard Grades at General Level including English and Maths/Numeracy and preferably an Arts based subject OR
- Other equivalent qualifications or experience.

Contact

steven.aitken@cityofglasgowcollege.ac.uk

COMPUTING WITH DIGITAL MEDIA

NC (SCQF Level 5)

Course overview

If you want a career in computing, this course will give you an introductory insight into the theory and practical skills you'll need. It offers a broad overview of the industry, from programming to digital media.

Minimum entry requirements

- Three National Level 4 passes including English and Maths/Numeracy
- Three Standard Grades at General and/or Credit Level, ideally including English and Maths or Numeracy OR
- Three National 4 and/or 5 Level passes including English and Maths or Numeracy OR
- Other equivalent qualifications or experience.

Contact

steven.aitken@cityofglasgowcollege.ac.uk

COMPUTING NQ

(SCQF Level 6)

Course overview

This is a broad, introductory level course covering a range of elements of the computing industry. It is designed to prepare you for Higher Level study in information technology, web development, computing or technical support.

Minimum entry requirements

- Three passes at Intermediate 2 Level, including English and Maths or Numeracy, with an A or B pass OR
- Three Standard Grades at Credit Level including English and Maths or Numeracy OR
- Three National 5 Level passes including English and Maths or Numeracy OR
- Other equivalent qualifications or experience.

Contact

steven.aitken@cityofglasgowcollege.ac.uk

COMPUTING: WEB & GAMES DEVELOPMENT NQ

(SCQF Level 5)

Course overview

The course is designed to introduce you to the skills and techniques you need for a career as a Web Developer/ Designer, Computer Games Designer or Computer Animator. You will have opportunities to gain practical experience in a wide range of creative subjects including Digital Games Design, Web Design and Development, Programming in a High Level Language, Mobile Development, and 3D Modelling. It will also develop mathematical concepts required for study at Higher Level.

Minimum entry requirements

- Three passes at Intermediate 2 Level, including English and Maths or Numeracy, with an A or B pass OR
- Three Standard Grades at Credit Level including English and Maths or Numeracy OR
- Three National 5 passes including English and Maths or Numeracy OR
- Other equivalent qualifications or experience.

Contact

steven.aitken@cityofglasgowcollege.ac.uk

COMPUTER GAMES DEVELOPMENT HNC (SCQF Level 7)

Course overview

This creative, hands-on course enables you to develop skills in all aspects of computer games development. You will learn how to create logic games, 2D games and 3D first person games. The course prepares you for employment in a junior developer role within the computer games industry, or a junior software developer role within the IT industry.

Minimum entry requirements

- Two Highers at Grade C or above, one of which must be Maths and two Standard Grades at Level 3 or above or Intermediate 2 at Level C or above to include English or Communication
- If you have a National Qualification in Computer Games at Level 5 or 6 you may also be eligible for entry to this course.

Contact

steven.aitken@cityofglasgowcollege.ac.uk

COMPUTING: NETWORKING HNC (SCQF Level 7)

Course overview

On this course you will study towards an up-to-date qualification in many of the skills that are in demand for different types of computing careers. The course will follow the units of the first year of the HND Networking course, including network technology and routing technology. This course integrates learning materials from Microsoft and Cisco to help prepare students for a variety of vendor exams.

Minimum entry requirements

- One Higher and three Intermediate 2 courses (including at least one from Computing or Information Systems) OR
- One Higher and three Standard Grades at Credit Level OR
- One Higher and three National 5 qualifications OR
- A National Qualification at SCQF Level 6 in a related subject (such as Digital Media Computing, Computing: Technical Support or Software Development) OR
- Other equivalent qualifications or experience.

Contact

morag.brown@cityofglasgowcollege.ac.uk

COMPUTING: COMPUTER SCIENCE HNC (SCQF Level 7)

Course overview

The course aims to meet the challenges of employers seeking qualified learners who can demonstrate knowledge and skills in a range of technology areas. The course places particular emphasis on software development, data science, project management and soft skills such as team-working.

Minimum entry requirements

- One Higher* and three National 5 qualifications OR
- One Higher* and three Intermediate 2 courses (including at least one from Computing or Information Systems) OR
- One Higher* and three Standard Grades at credit level OR
- A national qualification at SCQF Level 6 in a related subject (such as Digital Media Computing, Computing: Technical Support or Software Development) OR
- Other equivalent qualifications or experience.

* In one of these subjects: Computing, Information Systems, Mathematics, Physics or any other relevant subject.

Contact

denise.doyle@cityofglasgowcollege.ac.uk

COMPUTING: NETWORKING HND (SCQF Level 8)

Course overview

On this course you will study towards an up-to-date qualification in many of the skills that are in demand for different types of computing careers. The course will follow the units of the first year of the HND Networking course, including network technology and routing technology. This course integrates learning materials from Microsoft and Cisco to help prepare students for a variety of vendor exams.

Minimum entry requirements

- One Higher and three Intermediate 2 courses (including at least one from Computing or Information Systems) OR
- One Higher and three Standard Grades at Credit Level OR
- One Higher and three National 5 qualifications OR
- A National Qualification at SCQF Level 6 in a related subject (such as Digital Media Computing, Computing: Technical Support or Software Development) OR
- Other equivalent qualifications or experience.

Contact

morag.brown@cityofglasgowcollege.ac.uk

COMPUTING: SOFTWARE DEVELOPMENT NQ

(SCQF Level 6)

Course overview

This course offers an ideal preparation for work or entry to a Higher Level software development course. You'll learn the key concepts of software design and how to interpret programme specifications. So whether employment or progression to university is your aim, we'll give you the basic knowledge needed for this growing area of computing.

Minimum entry requirements

- Three National Courses, preferably including Intermediate 2 English and Maths or Numeracy OR
- Three Standard Grades at Credit Level, preferably including English and Maths or Numeracy OR
- National 5 Level passes, preferably including English and Maths or Numeracy OR
- Other equivalent qualifications or experience. If you're returning to education, life skills and experience in the workplace may allow entry depending on how many places are available on the course.

Contact

paula.bell@cityofglasgowcollege.ac.uk

COMPUTING: SOFTWARE DEVELOPMENT HNC

(SCQF Level 7)

Course overview

This course will allow you to study towards an up-to-date qualification in many of the skills that are in demand for different types of computing careers. The course will follow the units of the first year of the HND Software Development course, including a number of programming languages.

Minimum entry requirements

- One appropriate Higher* and three Intermediate 2 courses (including at least one from Computing or Information Systems) OR
- One appropriate Higher* and three Standard Grades at Credit Level OR
- One Higher and three National 5 qualifications OR
- A National Qualification at SCQF Level 6 in a related subject (such as Digital Media Computing, Computing: Technical Support or Software Development) OR
- Other equivalent qualifications or experience.

* In one of these subjects: Computing, Information Systems, Maths, Physics or Chemistry.

Contact

dana.carson@cityofglasgowcollege.ac.uk

COMPUTING: SOFTWARE DEVELOPMENT HND (SCQF Level 8)

Course overview

You'll study towards an up-to-date qualification covering many of the skills that are in demand by employers for a range of careers in the software development / programming sector. You'll develop skills in SQL, C#, .NET, Java, Object Oriented Design, Object Oriented Programming, SQL Programming and Project Management. It will provide you with skills in mobile technology app development, troubleshooting computer problems, project management and learning about professional and ethical issues in computing.

Minimum entry requirements

Year one entry:

- Two appropriate Highers and three Intermediate 2 courses (including at least one from Computing or Information Systems) OR
- Two Highers and three Standard Grades at Credit Level (including at least one from Computing or Information Systems) OR
- Two Highers and three National 5 qualifications (including at least one from Computing or Information Systems) OR
- A National Qualification at SCQF Level 6 in a related subject (such as Digital Media Computing, Computing: Technical Support or Software Development) OR
- Other equivalent qualifications or experience.

Year two entry:

- HNC Computing: Software Development
- Year 1 of an HND Computing: Software Development .

Contact

graham.cadger@cityofglasgowcollege.ac.uk

COMPUTING: TECHNICAL SUPPORT HNC (SCQF Level 7)

Course overview

This course will allow you to study towards an up-to-date qualification in many of the skills that are in demand for different types of computing careers. The course will follow the units of the first year of the HND Technical Support course.

Minimum entry requirements

- One appropriate Higher and three Intermediate 2 or National 5 Qualifications (at least one of these should include a computing related qualification and / or English / Maths) OR
- One Higher and three Standard Grades at Credit Level (including English / Maths) OR
- A National Qualification at SCQF Level 6 in a closely related subject (such as Digital Media Computing, Computing: Technical Support or Software Development) OR
- Other equivalent qualifications or experience.

Contact

rosemary.king@cityofglasgowcollege.ac.uk

COMPUTING: TECHNICAL SUPPORT HND (SCQF Level 8)

Course overview

This course teaches you skills that are in demand in many support roles in the IT industry, including desktop support and systems administration. The basics of computer networking are covered, as well as how the components of a computer function. Ethical hacking has been introduced as a new unit and you will also learn about the importance of legal issues within the IT industry.

Minimum entry requirements

Year one entry:

- Two appropriate Highers and three Intermediate 2 courses (at least one of these should include a Computing related qualification and / or English / Maths) OR
- Two Highers and three Standard Grades (at least one of these should include a Computing related qualification and / or English / Maths) OR
- Two Highers and three National 5 qualifications OR
- Other equivalent qualifications or experience.

Year two entry:

- HNC Computing: Technical Support
- Year 1 of an HND Computing: Technical Support.

3D COMPUTER ANIMATION HND

(SCQF Level 8)

Course overview

This two year course helps you develop the skills needed to become a 3D Digital Developer, incorporating live industry related projects in a range of different 3D animation disciplines including Character Modelling, Environmental Modelling, Lighting and Animation. This course also accepts year two direct entrants.

Minimum entry requirements

Year one entry:

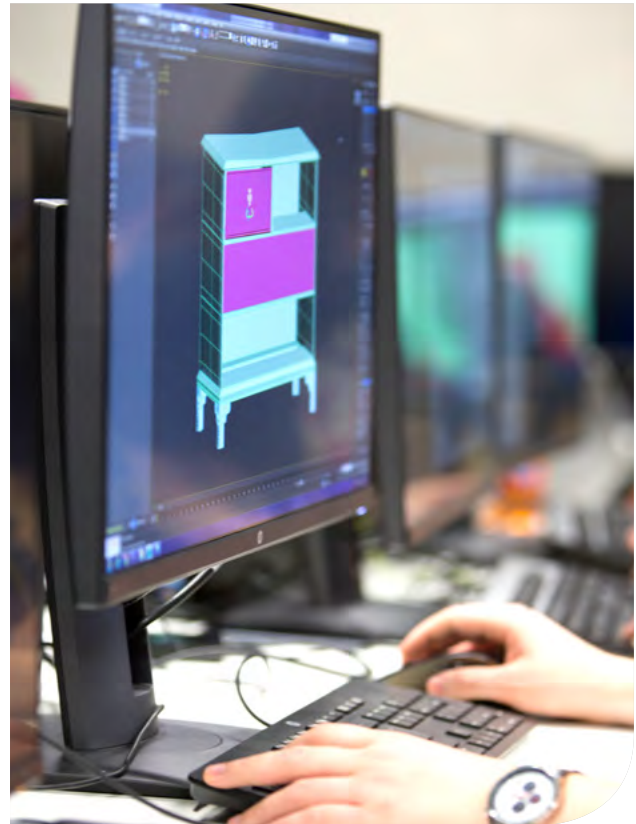

- Two appropriate Highers and three Intermediate 2 courses (including at least one from Computing, Information Systems, Graphic Communications or equivalent) OR
- Two Higher passes and three Standard Grades at Credit Level (including at least one from Computing, Information Systems, Graphic Communications or equivalent) OR
- A National Qualification at SCQF Level 5 or 6 in a related subject such as Digital Media Computing, Computer Arts and Animation.

Year two entry:

- HNC in 3D Computer Animation
- Year 1 of an HND 3D Computer Animation.

INFORMATION TECHNOLOGY HNC

(SCQF Level 7)

Course overview

This course provides the entry level knowledge and IT skills you need to work in computing. The course will provide you with an opportunity to undertake a variety of practical and theoretical activities and assessments, which will prepare you for further study or entry into the job market.

Minimum entry requirements

- One appropriate Higher and three Intermediate 2 courses (including at least one from Computing or Information Systems) OR
- One Higher and three Standard Grades at Credit Level (including at least one from Computing or Information Systems) OR
- One Higher and three National 5 qualifications (including at least one from Computing or Information Systems) OR
- A National Qualification at SCQF Level 5/6 in a related subject (such as Digital Media Computing, Computing: Technical Support or Software Development) OR
- Other equivalent qualifications or experience.

Contact

douglas.liddle@cityofglasgowcollege.ac.uk

INFORMATION TECHNOLOGY HND

(SCQF Level 8)

Course overview

This qualification will give you a solid technical understanding of information systems and technologies used for both small and large scale businesses. You will gain an understanding of how data is transformed into business useable information through the theory and practice of relational database technologies. As part of the second year you will also undertake the Oracle Database Design and Programming using SQL, a worldwide recognised qualification.

Minimum entry requirements

- Two Highers and three Intermediate 2 courses (including Computing or Information Systems) OR
- Two Higher and three Standard Grades at Credit Level (including Computing or Information Systems) OR
- Two Higher and three National 5 Level qualifications (including Computing or Information Systems) OR
- A National Qualification at SCQF Level 6 in a related subject such as Digital Media Computing, NQ Computing.

douglas.liddle@cityofglasgowcollege.ac.uk

WEB DEVELOPMENT HNC

(SCQF Level 7)

Course overview

You will learn to build a range of websites using a variety of modern techniques that deliver content in a variety of formats for computers, smartphones and tablets. The course introduces you to both client and server side technologies with opportunities to prepare and develop web interfaces and media rich content. This course incorporates live industry related web development projects.

Minimum entry requirements

- One Higher and three Intermediate 2 courses (including Computing, Graphic Design or Information Systems) OR
- One Higher and three Standard Grades at Credit Level (including Computing, Graphic Design or Information Systems) OR
- One Higher and three National 5 qualifications (including Computing, Graphic Design or Information Systems) OR
- A National Qualification at SCQF Level 5 or 6 in a related subject such as Digital Media Computing, Computing, Computing: Technical Support or Software Development.

Contact

WEB DEVELOPMENT HND

(SCQF Level 8)

Course overview

On this two year course, you will gain skills to start or advance a career as a web designer/developer. You will learn to build both static and dynamic websites that deliver content in a variety of formats for computers, smartphones and tablets.

Minimum entry requirements

Year one entry:

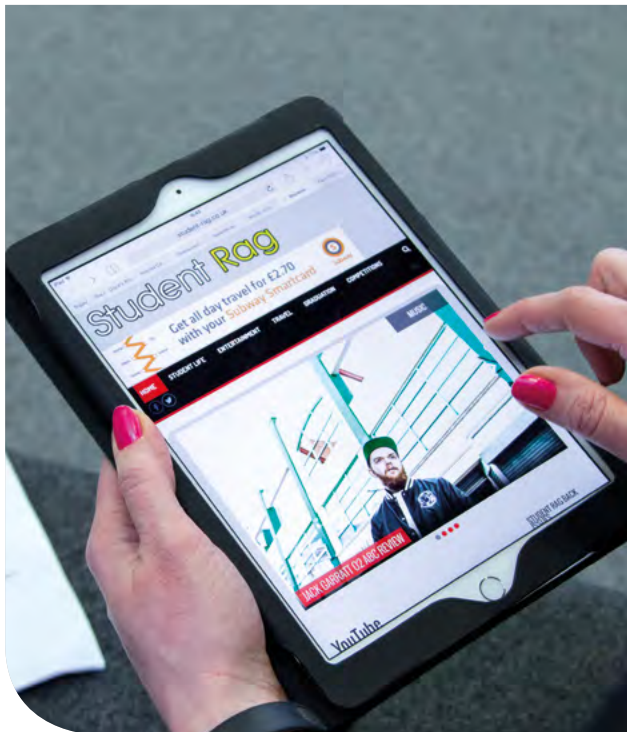

- Two Higher and three Intermediate 2 courses (including Computing, Graphic Design or Information Systems) OR
- Two Higher and three Standard Grades at Credit Level (including Computing, Graphic Design or Information Systems) OR
- Two Higher and three National 5 qualifications (including Computing, Graphic Design or Information Systems) OR
- A National Qualification at SCQF Level 5 or 6 in a related subject such as Digital Media Computing, Computing, Computing: Technical Support or Software Development.

Year two entry:

- HNC Web Development
- Year 1 of an HND Web Development.

DESIGN CRAFTS

ART GLASS DESIGN HND (SCQF Level 8)

Course overview

This course offers you a broad education with a balance between creative, practical and core skills. You'll work in two and three dimensions, learning contemporary warm glass techniques like slumping and fusing and traditional skills like Painting, Staining and Leadwork, as well as more advanced glass surface applications.

Minimum entry requirements

Year one entry:

- One Higher in Art and Design and two National 5 Qualifications (or equivalent) OR
- NC/NQ in an Art and Design subject.

Year two entry:

- HNC Art Glass Design OR
- Year 1 of an HND Art Glass Design.

Contact

kimberley.armstrong@cityofglasgowcollege.ac.uk

FURNITURE NC (SCQF Level 6)

Course overview

In this project based course, you'll cover all the main skills used in the furniture manufacturing industry to craft timber and upholstery. Working in our fully equipped workshops, you'll learn about wood finishing and how changes in culture and lifestyle affect furniture. In addition, you'll gain experience in both modern and traditional methods of furniture production.

Minimum entry requirements

- Two Standard Grades at Credit Level OR
- Two National 5 qualifications.

Contact

daniel.mcgregor@cityofglasgowcollege.ac.uk

FURNITURE CRAFTSMANSHIP WITH DESIGN HND

(SCQF Level 8)

Course overview

This course encourages you to develop practical skills through manufacture, and to express yourself through design. You'll be encouraged to study the construction of furniture, to develop and build designs, and to hone your skills in cabinet making, upholstery and wood finishing.

Minimum entry requirements

Year one entry:

- NC Furniture Making OR
- One Higher in Craft and Design, and English at minimum Intermediate 2 or National 5.

Year two entry:

- HNC Furniture Craftsmanship with Design OR
- Year 1 of an HND Furniture Craftsmanship with Design.

Contact

daniel.mcgregor@cityofglasgowcollege.ac.uk

FURNITURE RESTORATION HND

(SCQF Level 8)

Course overview

This course will develop your skills in furniture analysis and practical solutions, through workshop activities. You'll study the history of furniture design and materials as well as the construction, upholstery and finishing of period furniture. You'll also restore items of furniture throughout this course.

Minimum entry requirements

Year one entry:

- NQ in Furniture Making OR
- One Higher in Craft and Design, and English at minimum Intermediate 2 or National 5.

Year two entry:

- HNC Furniture Restoration OR
- Year 1 of an HND Furniture Restoration.

Contact

daniel.mcgregor@cityofglasgowcollege.ac.uk

JEWELLERY NC

(SCQF Level 6)

Course overview

This course gives you a strong foundation in contemporary jewellery design and manufacture. It's an introduction to practical workshop skills where you'll learn to use a wide range of tools and machinery.

Minimum entry requirements

- Two Standard Grades at Credit Level in Art and Design and English OR
- Two National 5 qualifications in Art and Design and English.

Contact

lisa.mcGovern@cityofglasgowcollege.ac.uk

JEWELLERY DESIGN HND

(SCQF Level 8)

Course overview

This HND will teach you a comprehensive range of skills in jewellery design and manufacture, with a design-led focus. You will be able to choose specialisms according to your own interests, as well as the current business environment.

Minimum entry requirements

Year one entry:

- One Higher in Art and Design and English at minimum Intermediate 2 OR
- NC/NQ in an Art and Design subject.

Year two entry:

- HNC Furniture Restoration OR
- Year 1 of an HND Furniture Restoration.

DESIGN & GRAPHIC ARTS

INTRODUCTION TO DESIGN NQ (SCQF Level 4)

Course overview

This course will introduce you to a wide range design activities and develop your knowledge and creative skills in areas such as photography, interior design, model making and product design. It's the ideal course for you to begin your journey to a creative career.

Minimum entry requirements

There are no formal entry requirements, but you'll be expected to show an interest in creative subjects and wish to develop your skills.

Contact

paul.riley@cityofglasgowcollege.ac.uk

GRAPHIC ARTS PORTFOLIO NC (SCQF Level 6)

Course overview

This foundation course allows you to build a creative portfolio of art, graphic design, illustration and animation work. The course leads to further study on a variety of HND level courses. You'll learn to research effectively and work creatively in a studio environment, from sketchbook and design process to finished work, which is continuously assessed.

Minimum entry requirements

- Two Intermediate 2/National 5 qualifications (or equivalent) in English and Art and Design OR
- Relevant experience.

Contact

david.eaton@cityofglasgowcollege.ac.uk

GRAPHIC DESIGN HND

(SCQF Level 8)

Course overview

This course prepares you for a career in the exciting and constantly developing area of graphic design. The course develops your creative ability and technical graphics skills, mainly through practical projects in the studio.

You'll build on your own creative concepts through research and development in the sketchbook, before producing finished work digitally. The emphasis of the course is on layout of type and image, for both print and screen and the development of creative concepts.

Minimum entry requirements

Year one entry:

- Higher Art and Design and English at minimum Intermediate 2 OR
- Higher Art and Design and English at National 5 Level OR
- NC in Art and Design or related subject.

Year two entry:

- HNC Graphic Design OR
- Year 1 of an HND in Graphic Design.

Contact

mark.burns@cityofglasgowcollege.ac.uk

ILLUSTRATION HND

(SCQF Level 8)

Course overview

This course will help you develop your creative and technical skills to become a commercial illustrator. You'll build projects from initial ideas and sketchbook drawings, through to illustration artwork ready for presentation to a client. Students are encouraged to explore individual responses to project briefs.

Minimum entry requirements

Year one entry:

- NC in Art and Design or related subject OR
- Higher Art and Design and English at minimum Intermediate 2/National 5 Level OR
- Relevant experience.

Year two entry:

- HNC Illustration OR
- Year 1 of an HND Illustration.

FINE ART: CONTEMPORARY ART PRACTICE HND

(SCQF Level 8) 2nd Year Applicants Only

Course overview

This contemporary course includes traditional and innovative practices. It gives you a broad visual education in contemporary art practice. You'll develop your skills in a range of specialist disciplines and increase your awareness and knowledge of conceptual thinking. It also offers an opportunity to develop individual practice in relation to your own interests.

Minimum entry requirements

- HNC Fine Art: Contemporary Art Practice.

Contact

tom.elliott@cityofglasgowcollege.ac.uk

CONTEMPORARY ART PRACTICE BA (HONS)

(SCQF Level 9/10)

Course overview

This is a practice-based degree, where you'll have opportunities to explore two and three-dimensional art as well as lens-based and digital disciplines. You'll have opportunities through your studies for professional placements in the arts, and for curation and self-promotion. Critical thinking and writing are also central to the course. This course is delivered by City of Glasgow College and validated by University of the West of Scotland.

Minimum entry requirements

- HND in Contemporary Art Practice (or equivalent) with A-B pass in the Graded Unit OR
- Relevant professional experience.

You must also meet the general admission requirements of the University and apply via UCAS.

Contact

tom.elliott@cityofglasgowcollege.ac.uk

PHOTOGRAPHY NC

(SCQF Level 6)

Course overview

If you're interested in learning about photography then an NC Photography Course is your perfect starting point. It allows you to develop a wide variety of skills in a range of very hands-on projects, in photographic studios, on location and in a traditional black and white darkroom. You'll have access to new, well-resourced photographic studios and be able to develop your creative ideas using a wide variety of digital and film cameras, lighting equipment and specialist kit under the supervision of experienced lecturers.

Minimum entry requirements

- Two National 5 qualifications to include English and a design/creative subject OR
- Two Standard Grades at Credit Level, to include English.

Contact

mark.dunlop@cityofglasgowcollege.ac.uk

PHOTOGRAPHY HND

(SCQF Level 8)

Course overview

This highly competitive course provides you with the skills you need to start a career in photography or a related area within the creative industries. This is a practice-based course with projects which develop your skills in the studio and on location. Alongside technical skills, you are encouraged to work on critical evaluation through research and class feedback sessions.

Minimum entry requirements

Year one entry:

- An NC/NQ in Photography is preferred OR
- One Higher at Grade C or above in Photography and two National 5 qualifications (one in English preferred).

Year two entry:

- HNC in Photography OR
- Year 1 of an HND Photography.

Contact

john.carberry@cityofglasgowcollege.ac.uk

PHOTOGRAPHY BA (HONS)

(SCQF Level 9/10)

Course overview

This course will help you develop practical and critical skills. A self-directed approach to your studies will allow you to tailor your portfolio towards your own photographic interests. The practical and critical elements of this course will challenge you to produce and develop your work to a high standard. This degree is delivered by City of Glasgow College and validated by University of the West of Scotland.

Minimum entry requirements

- HND in Photography OR
- Relevant professional experience.

You'll be interviewed and assessed on your portfolio. Applications should be made via UCAS.

Contact

mark.dunlop@cityofglasgowcollege.ac.uk

MEDIA

CREATIVE INDUSTRIES: RADIO HNC

(SCQF Level 7)

Course overview

This course helps you develop radio production and broadcasting skills including interviewing, scripting, presentation, news operations, sound recording, commercial production and digital editing.

Minimum entry requirements

- NC Media or equivalent SVQ OR
- One Higher in a relevant subject area and two National 5 qualifications (or equivalent).

Contact

john.clarke@cityofglasgowcollege.ac.uk

CREATIVE INDUSTRIES: RADIO HND

(SCQF Level 8) 2nd Year Applicants Only

Course overview

This course builds on the skills you developed in the HNC. The focus is still on programme making, but goes beyond radio and develops a more sophisticated skillset - technical, production and creative - necessary to work at Producer level rather than that of a Broadcast Assistant.

Minimum entry requirements

- HNC Creative Industries: Radio, including A or B in Graded Unit one.

Contact

john.clarke@cityofglasgowcollege.ac.uk

MEDIA: TELEVISION PRODUCTION NC (SCQF Level 6)

Course overview

This course gives you an introduction to the skills required for television production. Subjects include single and multi-camera studio techniques, covering roles such as directing, vision mixing, lighting and camera operating. The course is intended to give you a sound basis for applying for other Higher Level courses.

Minimum entry requirements

- Two Standard Grades at Credit Level, one of which must be English OR
- Personal experience.

Contact

david.mckinney@cityofglasgowcollege.ac.uk

CREATIVE INDUSTRIES: TELEVISION HNC

(SCQF Level 7)

Course overview

This course allows you to specialise in camera, sound and lighting, including directing on location, location lighting, location sound and production management.

You'll learn multi-camera studio techniques, meaning students can operate in a multi camera studio environment, covering roles such as Director, Vision Mixer, or Lighting and Camera Operator.

Minimum entry requirements

- NQ or NC Media: TV or equivalent SVQ OR
- Higher English plus two National 5 Qualifications (or equivalent) OR
- Relevant television experience.

Contact

david.mckinney@cityofglasgowcollege.ac.uk

CREATIVE INDUSTRIES: TELEVISION HND

(SCQF Level 8)

Course overview

This course will help you to develop skills in all areas of television production, including camera, sound, editing, sound dubbing and lighting.

Minimum entry requirements

Year one entry:

- NQ or NC Media: TV or equivalent SVQ OR
- Higher English and two National 5 Qualifications (or equivalent) OR
- Relevant television experience.

Year two entry:

- HNC Television with 15 credits OR
- Relevant television experience.

Contact

david.mckinney@cityofglasgowcollege.ac.uk

TELEVISION BA (HONS)

(SCQF Level 9)

Course overview

Run in partnership with the School of Arts and Creative Industries at Edinburgh Napier University, it is delivered at City of Glasgow College's specialist studios. This course covers broadcast television, film, journalism and new media. We have close links with industry and you will enjoy the expertise of visiting specialists, alongside teaching staff, who have direct experience of working in the industry.

Minimum entry requirements

- HND Creative Industries: Television OR
- Relevant television experience.

Contact

aileen.campbell@cityofglasgowcollege.ac.uk

MEDIA NC

(SCQF Level 6)

Course overview

This course provides the knowledge and skills you'll need to kickstart your career in the creative media industries. Highly practical, it prepares you for a wide variety of media occupations.

Minimum entry requirements

- Two Standard Grades at Credit Level - one of which must be English OR
- Two National 5 qualifications - one of which must be English.

Contact

john.clarke@cityofglasgowcollege.ac.uk

MEDIA WITH JOURNALISM HNC

(SCQF Level 7)

Course overview

This course is highly practical, preparing you for further study or media industry employment. Subject areas include radio and video production, sub editing, desk top publishing and magazine journalism.

Lecturers have a wide variety of media experience, and you'll gain even more knowledge from expert media guest speakers, visits and professional workshops.

Minimum entry requirements

- Higher English or Higher Media Studies at Grade C or above OR
- NC Media or a similar NC programme OR
- Relevant work experience.

Contact

john.clarke@cityofglasgowcollege.ac.uk

PRACTICAL JOURNALISM HND

(SCQF Level 8)

Course overview

Journalists must have the essential skills of writing and research but are now expected to record sound, shoot video and edit on digital systems. They are also increasingly expected to produce their own web content. There will be an opportunity to specialise in the area of journalism you are most interested in.

Minimum entry requirements

Year one entry:

- Two Highers in relevant subjects, at grade C or above, which must include Higher English and/or Higher Modern Studies OR
- NC Media or equivalent AND
- Practical skills in IT, including word processing, email and internet.

Year two entry:

- HNC Practical Journalism OR
- Year 1 of an HND Practical Journalism.

Contact

david.mckinney@cityofglasgowcollege.ac.uk

If you meet the minimum entry requirements (and there are still places available) you will be invited for a group and/or individual interview where you will get the opportunity to find out more about the course and tell us why you are interested in this subject area.

This prospectus details the minimum entry requirements for courses. However, there are some courses which have additional selection requirements, i.e. practical assessments, portfolio, audition. Please visit the website where any additional requirements are detailed.

CARE, COMMUNITY & ESSENTIAL SKILLS

CHILD, HEALTH & SOCIAL CARE NC (SCQF Level 5)

Course overview

If you're interested in working with children or adults, this course is an ideal first qualification. A work placement is a key part of the course, giving you first-hand experience and encouraging you to reflect on your approach. You'll also learn the theoretical and practical skills required to stand you in good stead for a job in this field.

Minimum entry requirements

- Three passes at Intermediate 1 Level at Grade C or above including English OR
- Three Standard Grades at Level 3 or above OR
- Three passes at National 4 Level including English
- Core Skill Communication at Intermediate 1 Level, or Skills for Work, Early Education and Childcare Intermediate 1 or Intermediate 1 Care.

Contact

yvonne.addison@cityofglasgowcollege.ac.uk

HEALTH & SOCIAL CARE NC (SCQF Level 6)

Course overview

This course is designed to give you the knowledge and skills you need for a job in the health and social care sectors so you'll be well prepared for environments such as nursing homes, residential homes for older people, hospitals, and resource centres for people with learning disabilities. You'll consider who may need care, what provision is available and, crucially, the roles and responsibilities of a care worker.

Minimum entry requirements

- Five Standard Grades at Credit Level OR
- Intermediate 2 Level at Grade C or above in subjects such as Care, Modern Studies, English, Biology, Maths or equivalent OR
- Five National 5 passes in subjects such as Care, Modern Studies, English, Biology, Maths or equivalent OR
- If you don't have these qualifications, but have relevant experience, you may also be considered.

Contact

yvonne.addison@cityofglasgowcollege.ac.uk

CARE & ADMINISTRATIVE PRACTICE (CLINICAL ROUTE) HNC

(SCQF Level 7)

Course overview

This course teaches you the skills and knowledge needed for potential career opportunities within the NHS and the care sector, as well as providing a recognised entry qualification for nurse training. The course also offers practical experience, including a mandatory workplace element.

Minimum entry requirements

- Two Highers at Grade C or above, English preferable OR
- Relevant industry experience and qualifications.

Contact

grace.morrish@cityofglasgowcollege.ac.uk

EARLY EDUCATION & CHILDCARE GROUP AWARD HIGHER NC

(SCQF Level 6)

Course overview

If you want to work under supervision in childcare, this course will give you the knowledge and understanding you need to shine. You'll learn the relevant concepts, theories, principles and practical skills, plus a work placement will help you develop your practical skills.

Minimum entry requirements

- Five Standard Grades at Credit Level, or five Intermediate 2 subjects at Grade C or above OR
- National 5 passes including English OR
- SVQ Units at Level 2 in a related subject including Communications at Intermediate 2 and/or NC Child, Health and Social Care Level 5.

Contact

yvonne.addison@cityofglasgowcollege.ac.uk

CHILDHOOD PRACTICE HNC

(SCQF Level 7)

Course overview

This course combines the knowledge, theory and practice you need to work in childcare. It is suitable for those aiming to work in the childcare sector, and for those already employed in the sector looking for a formal qualification. The course is approved by the Scottish Social Services Council as a suitable qualification for registration as a Child Development Officer.

Minimum entry requirements

- Two or more Highers at Grade C or above including English OR
- NC Early Education and Childcare Level 6.

Contact

vanessa.telfer@cityofglasgowcollege.ac.uk

SOCIAL SERVICES HNC

(SCQF Level 7)

Course overview

This course will provide you with the values, skills and knowledge you need to work effectively in a range of care settings. You'll focus on the values that underpin work in social care settings, The National Care Standards and SSSC codes of practice and how it informs your practice, developing the skills required to work with a range of service users, preparing for employment in a care setting, critically evaluating your practice, getting to grips with current legislation, policy, procedures/practice methods and continual professional development.

Minimum entry requirements

- Two Highers at Grade C or above preferably including English OR
- An appropriate group of SQA units and/or an appropriate group of SQA units at Level 6 OR
- If you don't have the qualifications but you have relevant experience you may also be considered.

Contact

vanessa.telfer@cityofglasgowcollege.ac.uk

MARINE ENGINEERING FOR CADETS FROM INTERNATIONAL PARTNER COLLEGES HND

(SCQF Level 8)

Course overview

This two year course, approved by the MCA, is for applicants aspiring to be Marine Engineer Officers on board merchant ships. It's offered in collaboration with our international partners in India and Pakistan.

Your first year will be with our international partners with the second year at City of Glasgow College. There will be a phase at sea after which, you will return to the College to complete the EOOW courses.

Minimum entry requirements

- It is expected that those recruited onto the Marine Engineering Cadetship programme will have entry qualifications equivalent to Scottish Qualification Authority (SQA) Highers that include Maths, Physics, Technological Studies, or another science based subject all at level B or above
- IELTS at 5.5.

The International Department of the City of Glasgow College can offer qualification matching services if required.

GENERAL INFORMATION

HOW TO APPLY

Applying to City of Glasgow College is easy. For courses starting in September online applications will open in January and for courses starting in January online applications will open in October.

Our course information pages tell you what the minimum entry requirements are for each course. Our admissions procedures aim to treat everyone who applies fairly so, if you meet the entry qualifications for the course, and we have places available, we'll offer you an interview. Our professional and supportive teaching staff will guide you through the interview process and selection will be based on your performance at interview and any other selection criteria where appropriate.

What if I'm applying for more than one course?

List your choices in order of preference - we'll start with your first choice when considering your application. If this is unsuccessful, or the course is full, we'll move on to your second choice. This gives everyone a better chance of securing their first choice course.

What if I can't apply online?

We can help you complete a paper application. You can call Student Services on 0141 375 5191 or alternatively, pop in to see us at our City Campus or email: applications@cityofglasgowcollege.ac.uk

What happens when I apply?

When you apply online you'll be asked to complete a simple registration process to create your account. You'll need a current email and we'll use this to contact you throughout the admissions process. Once you've set this up, you can:

- Complete the application form
- Book an interview date and time
- View your course choices
- Accept or decline any offers
- Pre Enrol

I've booked my interview what happens now?

You'll receive an email confirming the date, time and location, plus what you'll need to bring, e.g. a copy of your qualifications. For design courses, you might also be asked to bring a portfolio or examples of your work.

What else should I know about the interview?

We've only a limited number of places on each course and we only offer interview times if there are still places available. This means that you may need to wait for an interview date if we're still processing the outcomes of previous interviews.

Also because we make offers as we go along, the course might be full by the time you attend. If this happens we'll make every effort to let you know before you attend for interview. However, more interview dates sometimes become available if people don't turn up or do not accept their offer. Please bear this in mind - we'll progress your application in date order and as quickly as we can.

What happens next?

If you get a place on your first choice course, we'll automatically cancel your second choice to give others a chance. If your first choice course is full, we'll let you know and put you on the waiting list. We'll then progress to your second choice and let you know the decision on each choice. If both your choices are full, we may offer you an alternative course. Sometimes if a course is full and you've had a successful interview we may offer you a reserve place. This means that you're at the top of the list if someone else drops out.

So what should I do after receiving my offer?

Once you receive an offer, you must accept or decline within two weeks. If we don't hear from you, we'll cancel the offer. If you want to cancel or withdraw your application at any time, please contact Student Services on 0141 375 5191 or applications@cityofglasgowcollege.ac.uk

When you accept your Definite Offer you can then Pre Enrol.

What if I change my mind?

If you no longer want your place, or want to change to another course area, contact us immediately. Please don't make any more applications - this may delay your progress.

How will I know if I'm not successful?

If you don't meet the entry requirements for a course, we'll let you know. We may offer you an alternative course, or invite you for an interview to discuss your options. If you meet the entry requirements but don't receive any offers, we'll also put you in touch with our Careers Advisors, who can advise you what to do next.

What if all my course choices are full?

If one of your course choices is full, we'll put you on the waiting list and progress your second choice. If all your course choices are full and you want to be considered for something else or need advice, please contact us.

Who should I speak to if I'm not sure about anything?

You can track the progress of your application by logging in to your MyApplications account. If you have any questions, call Student Services on 0141 375 5191 or applications@cityofglasgowcollege.ac.uk

Most college students get financial support towards the cost of studying. For example most students do not have to pay course fees and many students receive support towards their living, travel, study and childcare expenses. The financial support you get depends on the level of course you study. The tables below show what you can apply for and who to contact.

FE FUNDING TABLE

Further Education (FE) Courses Level 6 or below on the Scottish Credit & Qualifications Framework (see page 101)

Apply to the college for the following funding elements. Visit www.cityofglasgowcollege.ac.uk

Educational Maintenance Allowance (EMA) - 16-17 year olds can get £30 per week depending on household income (this will be based on your parent's earnings). EMA students will also be eligible to apply for travel from the bursary fund which is not based on your parent's earnings.

16-19 year olds on a part-time FE course can apply for EMA only based on your parent's earnings.

Childcare Fund Support - The priority groups for childcare support are lone parents and low income families (this can be evidenced by Working Tax Credits). Students studying full-time or part-time vocational programmes can apply. Support from the fund is discretionary and only open to eligible students to meet the costs of formal/registered childcare.

Help for Students with a Disability - If you need help because of a disability you may be eligible for additional support from the bursary fund e.g. help with the cost of private transport (taxi).

Further Education Bursary - This is the main source of help with living expenses, travel and study costs for those over 18 years old. This award is means tested (based on household income i.e. parental/spouse earnings) and how much you receive will also depend on your age and personal circumstances.

Further Education Hardship Fund - These funds can help you if you're likely to experience financial hardship at College. Funds are limited so you should apply early. Awards are based on an assessment of your income and expenditure and are made at the discretion of the college.

For further assistance contact the Students Services Team on 0141 375 5190 or studentfunding@cityofglasgowcollege.ac.uk

HE FUNDING TABLE

Higher Education (HE) Courses Level 7 or above on the Scottish Credit & Qualifications Framework

Apply to the Student Awards Agency for Scotland for the following funding elements. Visit www.saas.gov.uk

Fees - Most Scottish students studying in Scotland don't need to pay tuition fees, but you'll need to apply to SAAS for them to be paid to the College. If you don't apply to SAAS or leave your course before 1st December you'll need to pay the fees yourself and the College will send you an invoice.

Independent Students Bursary - this is a grant of £875 for independent students where household income is below £17,000. You're considered independent if you're over 25 or if you're under 25 and have supported yourself financially for more than three years. It's based on household income and doesn't need to be paid back.

Disabled Students Allowance - if you have a disability, learning difficulty or mental health condition that impacts on your learning you could be eligible for additional help. This could be help towards the cost of special equipment, non-medical personal help or a basic allowance for learning support. If you think you're eligible contact our Learning Support Team.

Young Student Bursary - This is a grant of up to £1,875 for students under 25 where household income is below £34,000. It's based on your parent/guardian's income and doesn't need to be paid back.

Lone Parent Grant / Dependant Grant / Care Leavers Grant - these are additional grants and don't need to be paid back. If you're a lone parent or live with a dependant adult, SAAS can award an extra grant to help you. If you're a care leaver you could get help with accommodation costs during long holidays like the summer vacation.

Student Loan - You don't have to take out a Student Loan but it's the main source of living expenses for most students. You'll only repay the loan after you've left college or university and are earning more than £17,335.

For advice on HE funding contact our Student Advisors on 0141 375 5192 or studentadvisors@cityofglasgowcollege.ac.uk

Apply to College for the following funds. Visit www.cityofglasgowcollege.ac.uk

Childcare Fund Support - The priority groups for childcare support are lone parents and low income families (this can be evidenced by Working Tax Credits). Students studying full-time or part-time vocational programmes can apply. Support from the fund is discretionary and only open to eligible students to meet the costs of formal/registered childcare. The childcare fund is cash limited and it is advisable to apply early to ensure funding is available.

For further information on the childcare fund, please e-mail: studentfunding@cityofglasgowcollege.ac.uk or call 0141 375 5190.

Hardship Funds - These funds can help you if you're likely to experience financial hardship while at College. Funds are limited so you should apply early. Awards are based on an assessment of your income and expenditure and are made at the discretion of the college.

Support For Learning - In addition to the Disabled Students Allowance offered by SAAS the college can offer practical support with equipment, etc

For further assistance contact the Student Services Team on 0141 375 5190 or studentfunding@cityofglasgowcollege.ac.uk

LEARNING SUPPORT

Do you have a disability, health condition or additional support need? Do you have social, emotional or behavioural difficulties that could impact on your time at college? We are here to help! The first step is letting us know.

Every student has individual needs, so we will tailor support to meet your requirements. You can discuss your particular needs with a member of the team and have this recorded in your **Personal Learning Support Plan (PLSP)**.

HOW CAN THE COLLEGE SUPPORT ME?

The support we offer students includes:

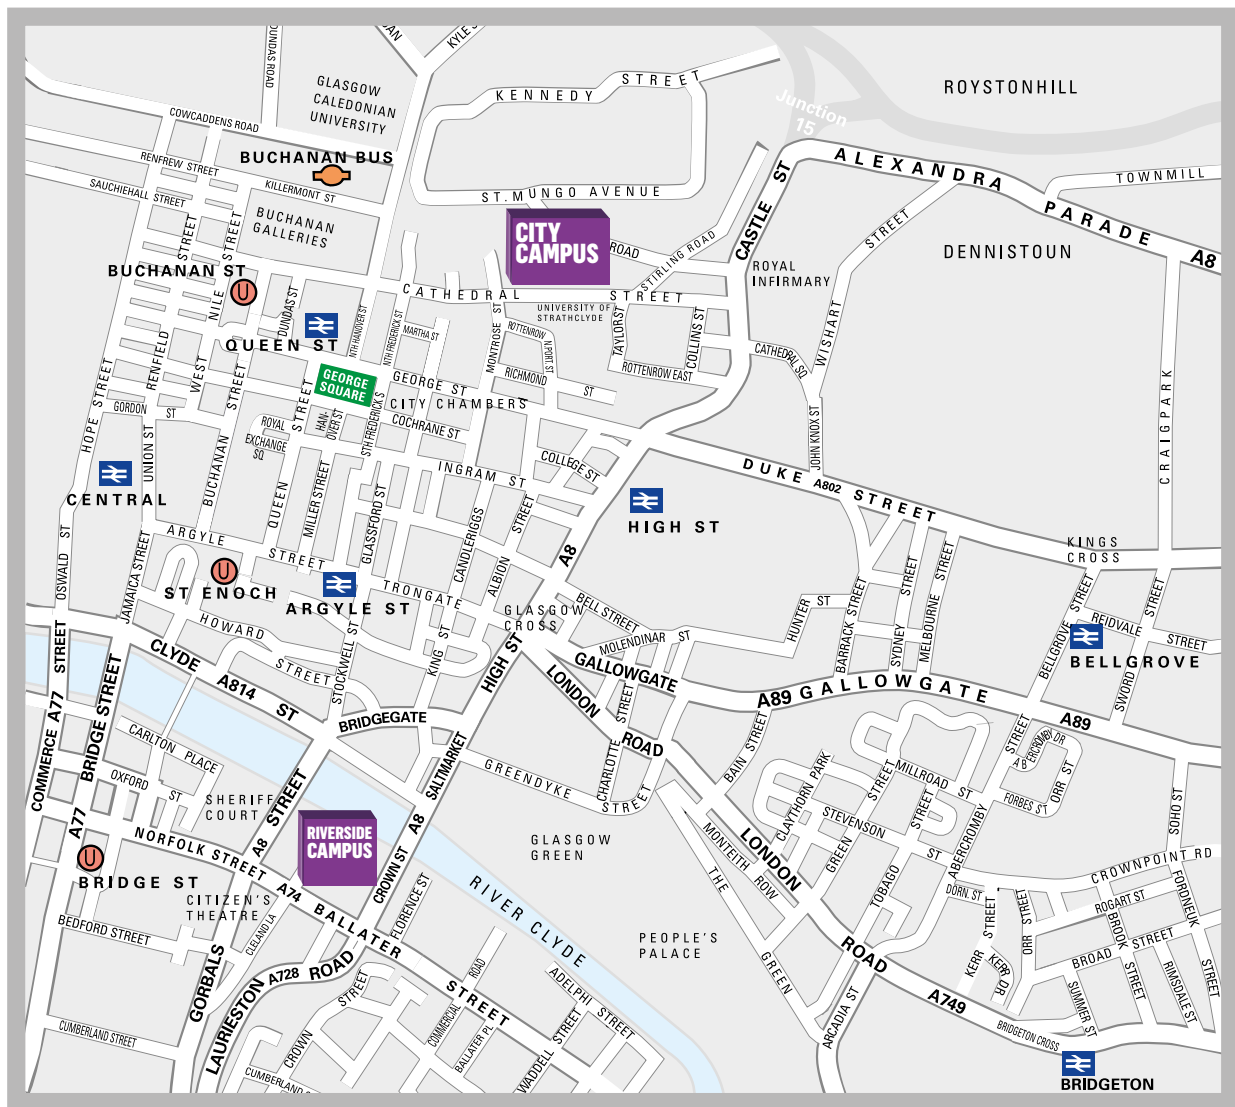

- Sign language interpreters.
- Electronic note-takers.
- Education Support Workers (for example, to read, scribe and note-take for you).
- Equipment loan (including laptops and digital voice recorders).
- Adaptation of teaching, learning or assessment materials.
- Workshops or one-to-one support in Study Skills, English Language support, basic ICT, basic literacy and numeracy etc.
- Alternative exam or assessment arrangements
- Help with applying for Disabled Students Allowance (HNC/D).

HOW TO ACCESS SUPPORT FROM THE STUDENT DEVELOPMENT TEAM

- Drop in to one of our College **Learning Support** locations.
- Call us on **0141 375 5510**.
- **learningsupport@cityofglasgowcollege.ac.uk**
- Ask your lecturer or guidance lecturer to refer you to our team.
