Digital Portfolio Guidance

This is your opportunity to showcase your art and design skills.

Please upload a PDF Document containing 10 to 12 pages/slides of your artwork that best demonstrates your strengths in some of the following areas:

• Drawing skills.

• Painting skills.

• Mixed media.

• 3 Dimensional.

• Sketchbook development

• CAD, digital work.

Please remember to post clear, well-lit images that allow staff to see the potential within your work.

The examples of student work you see should **not be copied** or taken literally. The main thing is whatever art and design work you do have, show it off, anything and everything will be considered.

Good Luck

The Product Design Team
