

# CITY OF GLASGOW COLLEGE BOARD OF MANAGEMENT

## REGISTER OF MEMBERS' INTERESTS

The College follows good governance practice with regard to preventing conflicts of interest, as identified in the Langlands Report:

"A register of governors' and executives' interests will make governing bodies and others aware of any real or perceived conflicts of interest and facilitate the exclusion of people with personal interests in a decision from influencing or taking part in that decision"

(Ref: The Good Governance Standard for Public Services; The Independent Commission for Good Governance in Public Services (The Langlands Report); 2004, p18)
